COOS COUNTY FINAL VOTE WILL NOT BE KNOWN TODAY

Official Canvass of Election Returns May Not Be Completed Till Late Tonight.

LOOKS LIKE BOND ISSUE WAS BEATEN

No Changes to Indicate First Leaders Have Been Defeated—16 to Count.

PEIRCE CARRIED CURRY. (Special to The Times.) GOLD BEACH, Or., May 19. The official returns in Curry county show that Peirce received 191 votes and E. J. Loney 181 for the Republican nomination for joint representation.

(Special to The Times.) COQUILLE, Ore., May 19.—It will be late tonight before the official count of the Coos County primary vote is completed and the final results known.

At 3 o'clock, sixteen precincts remained to be included in the count. They were four Bandon precincts, two Myrtle Point precincts, two Mlle. Parkersburg, Lampa, Four Mile Norway, Missouri, Catching Creek, Sugar Loaf, Enchanted at Bridge and Roland.

Excluding these precincts, the vote on the Good Road bond issue was 755 yes, 970 no. Bridge and Bandon gave big majorities for the bond issue but practically all the others are said to have gone against it so that it regarded practically certain that the bond issue was defeated.

Watson's big lead. James Watson, judging from the figures available, will have a majority of about 500 over W. C. Chase for county judge.

Robert Watson will lead F. E. Allen by about 200 for county clerk according to the way the vote is running.

County Commissioner Armstrong seems assured of the nomination over Tom James unless James polled a big vote at Bridge, Norway and some of the upper Coquille precincts.

Tom Hall is believed to have defeated A. T. Morrison for the democratic nomination for state representative by a small majority.

W. W. Gage will have about 100 majority over Taylor Siglin for the democratic nomination for sheriff.

S. P. Peirce will have a fairly good majority over E. J. Loney for the republican nomination for joint representation.

The race between Gould and McCullough for the republican nomination for county surveyor promises to be the closest of any of the contests.

Geo. Watkins continues to lead C. R. Barrow for the republican nomination for state representative and will have a small majority, it is believed.

Count is Difficult. The canvass of the returns this year is the most difficult in a long time and in addition to this the county clerk's office is kept busy with the circuit court proceedings.

So many names were written in on the ballots that the entering of them on the official returns is difficult.

County Clerk Watson had all the blanks prepared Monday morning to facilitate the canvass of the returns but even then it has dragged out much longer than was expected.

NO CHANGES IN OREGON TICKET

Late Returns from Primary Indicate McNary Wins Over Benson—Others Same.

M'GILL WINS BULL MOOSE NOMINATION

(By Associated Press to Coos Bay Times.) PORTLAND, Or., May 19.—A surprise developed late last night when the returns showed that F. M. McGill had won the Progressive nomination for Governor, defeating L. H. McMahan, who had previously been announced as victor.

(By Associated Press to Coos Bay Times.) PORTLAND, Or., May 18. (Delayed in transmission)—With reports in from every county in the state but Wheeler and Curry, and with many of the counties complete, including Lake, which is in Judge Benson's own district, and with Multnomah county complete, Justice Charles L. McNary, of the Supreme Court, leads for fourth place on the Supreme Court ticket, over Judge Henry L. Benson, of Klamath Falls, by 711 votes. McBride, Bean and Harris are nominated. It is not probable that Benson will overcome McNary's lead for the other place.

All other places on both the Republican, Democratic and Progressive tickets are filled as heretofore sent. Late returns practically assured the nomination of Democratic congressman in the third district of A. F. Fliegel over E. L. Van Dresser by a narrow plurality.

NO TRACE OF MISSING MAN

American Officials Concerned About Consul Silliman and Private Parks.

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., May 19.—Rebotts from Mexico City that the long delayed train from San Luis Potosi arrived there without American Consul Silliman, concerning whose safety the Huerta government has given repeated assurances, aroused concern among the State Department officials.

Secretary Bryan said that repeated messages had come from the Huerta government that Silliman, who was arrested at Saltillo, was released and en route under guard to Mexico City, but nothing official has been learned for several days.

Information from Huerta regarding Private Parks is also awaited. Though unofficially satisfied that Parks was executed outside of Vera Cruz by the Federals, the Huerta government has failed thus far to communicate the details of this tragedy. With mediation in the Mexican crisis practically under way at Niagara Falls, President Wilson and his cabinet took up routine matters.

WASHINGTON, D. The writer declared "the noisiest thing in Mexico is the American dollar" and predicted it "would cost 100,000 lives and five billion dollars to take Mexico and hold the Mexicans in subjection." Another part of the letter said: "It would be a great deal better if the United States were to bear the loss of those who came here to take a gambler's chance and lost and send them out of the country than to go to war for conquest."

FOUR RESCUED ON HIGH SEA

ELIEN OF FIFTEEN OFF THE BURNED STEAMER COLUMBIAN SAVED AFTER BEING AFLOAT SINCE MAY 4 IN SMALL BOAT.

(By Associated Press to Coos Bay Times.) HALIFAX, N. S., May 19.—The Revenue Cutter Seneca arrived with four survivors of the burned steamer Columbian, whom she picked up from their small boat near South Sable Island yesterday. Little could be learned from the exhausted sailors of their experience beyond the fact that they had been tossed helplessly by the seas since May 4, when the fire on the Columbian drove them into the small boats.

Fifteen men started out and elvended. The four emaciated men were taken aboard the Seneca almost unconscious. The men in the life boat left the Columbian so hurriedly that no opportunity was offered to supplement the life boat's usual supply of water and biscuit. The single cask of water was soon exhausted but the rain fell and the men suffered less from thirst than from hunger. 100 pounds of hardtack was used up the first week. The day the food gave out one man died. Some drank salt water and one became insane and soon after died. One by one the men died until only five remained. The last death occurred with aid in sight.
