

TRACK MEET NEXT SATURDAY

Marshfield High School Will Have Teams Entered in Nearly All Events.

Much discussion is being held at North Bend regarding the recent action of the City Council with reference to declaring an open-air dance platform a public nuisance and in all probability the matter will come up for discussion, subject to a reversal of the former action taken when the Council meets on Tuesday evening.

Councilman Kern, who voted for the ordinance declaring the dance a nuisance, is reported to have considered the matter in a different light since the "gausoline ball" was exploded at the new garage on Saturday evening. Mr. Kern stated today that upon detailed investigation he had discovered that the dance conducted by Keyzer was no different from many others in North Bend and he felt that the Council had no jurisdiction over the dancing public or the places where dancing was engaged in.

Virgil Watters, who presented the petition for the signers at the last meeting of the Council, stated today that he would not oppose a movement on foot to reimburse Keyzer for the money he had invested in the dance platform, and that it could be used to advantage by the North Bend band in giving open-air concerts this summer. Mr. Watters stated that if Mr. Keyzer had acted in good faith in investing money in the dance platform that he did not think it fair for him to suffer the loss of the entire amount.

Mr. Watters also stated that he had the assurance of three members of the Council that their former action in condemning the dance would not be rescinded at the next meeting.

WHAT PANAMA CANAL COST.

WASHINGTON, D. C., May 20.—Nearly 2200 workers on the Panama Canal died from accidents and fevers between May 1, 1904, and March 31, 1914, according to statistics received by Representative Young of North Dakota, in the House today. The total of 2190 victims, Mr. Young asserted, was greater than the mortality from wounds and on the battlefield in the War of 1812 and the Mexican War combined; the revolution or the Spanish-American war.

Figures which Mr. Young said he had been trying for months to obtain from the Panama Canal Commission stated 1219 deaths occurred in the canal zone from accidents between May 1, 1904, and March 31, 1914; 743 deaths from malarial fever and 228 deaths from typhoid fever between January 1, 1907, and March 31. There were 98,785 cases of malarial and 1162 typhoid patients.

THE MOVIES FANETTE.

She couldn't love him because:
He didn't kiss like they do in pictures.
He didn't heave his chest when in love.
He didn't take the ring from his pocket the same.
He didn't wait for moonlight to be sentimental.
He didn't twist his fingers when angry.
He didn't shake his fist when vowing vengeance.
He never wore blue serge and fannels.
He couldn't roll his own cigarettes.
He never buried his head in the table when sad.
He had no wavy, water-dog hair.
He didn't look a bit nice in a bathing suit.
He never thrashed a burly ruffian who annoyed her.
He didn't look heroic in a bathrobe.

Flirtation Turn In the Hesitation

Posed by Miss Janet McIlwaine and Mr. J. J. White.

A CHARMING position from the hesitation. It is merely a series of reversals from the same basic position. Care must be taken to stand gracefully while doing the turn. Do not whirl while doing this. It is a slow and stately measure in time with the waltz. A great many dancers have a tendency to toe in badly when doing this step. It throws one off their balance and ruins all possibilities of gracefulness. The beginner should guard against it continually.

ELECT NEW OFFICERS.

The Florence West says: "Last Monday evening the Florence Commercial Club held its annual election of officers to serve for the coming year. This is the first regular election held by that body since it was organized in May, 1913. The following are the officers selected, all of them being chosen without opposition except the first:
"President, Frank Smith; vice president, Dr. Geo. P. Edwards; secretary, R. C. Wygant; treasurer, A. O. Knowles; manager, W. H. Kelly."

WATKINS GETS VERDICT.

Second Trial of Marshfield Case Results in Divided Jury Verdict.

George Watkins recovered judgment in the Circuit Court yesterday against the Record Photographing Abstract Co. for the sum of \$786.55, the whole amount sued for. The jury was divided in the verdict.

Watkins claimed he paid the company for some of its capital stock and that after it received his money it refused to deliver the stock. The company confessed payment, but denied it refused to deliver. This is the second trial of this case this year. On the first trial the jury found for the plaintiff in the amount sued for and added, "To be paid for in stock at par." The court held no enforceable judgment could be rendered on the verdict and ordered a new trial.

PAVING AT FLORENCE.

The Florence West says: "Work was commenced Tuesday preparatory to paving Washington street from the city wharf to the north line of Front street. Asphaltum will be used for this purpose and fifteen tons of that material was received a few days ago from California. The work is being done partly as an experiment and if it proves satisfactory more of the streets will be paved before long."

BE PRETTY! TURN GRAY HAIR DARK

LOOK YOUNG! NOBODY CAN TELL IF YOU USE GRANDMOTHER'S SIMPLE RECIPE OF SAGE AND SULPHUR.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.
