Pulp Tests.—No word has been received yet from the tests of the samples of pulp from the Smith pulp mill sent to China and Japan by the Dollar Company. It is a little early. Additional samples have been sent to other mills in the Orient.

Church Debate.—A joint debate is scheduled for June 2 at Myrtle Point between D. C. Kellams, of Eugene, representing the Evangelical churches and a representative of the Mormon church. The discussion bids fair to draw a large crowd.

Recovers Bird.—A Times want ad today restored a missing canary songster to the owner, Mrs. Betty Hickerson. The bird flew out of the cage and finally entered the home of Mr. and Mrs. F. C. Birch, who inserted a want ad one time and found the owner.

Wedding Today.—Elmer K. Lane and Miss Thelma Rider, of

North Bend, were married by Justice Pennock this afternoon. J. W. Watt, W. B. Cox, George Watkins and E. H. Joehnk were witnesses to the ceremony. It is understood that the young couple will make their home in North Bend.

Fire at Empire.—The remains of the old David Morse building at Empire now owned by J. W. Bennett, were burned this morning. The building had been raised and everything of value removed before the old papers and rubbish was set on fire.

Special Services.—Rev. Samuel Gregg will preach in the Bunker Hill School House tonight. F. A. Sacchi and S. J. Immel will probably be present to assist with the music. Rev. Samuel Gregg will preach in Unity Chapel on Catching Inlet next Friday night. Miss Marie Gregg will assist with the music.

Engagement Reported.—According to word from Empire, the engagement of Miss May Magee, daughter of Capt. and Mrs. James Magee and one of the prominent young women of Coos Bay, and John Daly, chief engineer on the Dredge Michie, will be formally announced soon. Close friends, it is said, have been apprised of the engagement.

Recovers Locket.—A Times want ad recovered a gold locket which was lost by Mrs. G. A. Bonebrake's daughter one day last week. A young son of Mrs. J. C. Doane found it on the street. The want ad was inserted once and within a few hours after The Times was distributed, Mrs. Doane telephoned that she had had the missing locket and restored it to the owner.

C. R. Smith West.—Herbert Armstrong local manager of the Southern Oregon Company left overland this morning for Portland to meet C. R. Smith, head of the Menasha Woodmen and Southern Oregon Companies, who is now making a trip through the west. Mr. Smith is expected to be on the Bay at the time of the annual meeting of the Southern Oregon Company June 25.

Branch Here.—Messrs. Phillips & Rounds, the bustling proprietors of the North Bend News Company, have leased the new corner room in the P. K. building from Geo. W. Childs and will start a cigar, news and confectionery business to be known as the Marshfield News Stand. They will fix it up in fine shape and expect to start business about June 1. It will also be made an auto depot. They expect to have one of the finest places of the kind in Southern Oregon and will make it strictly up to date in every particular.

Liljeqvist at North Bend.—Prosecutor Liljeqvist arrived in the city this morning and left early this afternoon for North Bend, where he will present two or three cases before Justice Shuster. One case is that of G. W. Stewart vs. Louis Collins, whom Stewart claims threatened to kill him with a shotgun. The other is the Greek restaurant case which has been pending for several weeks. It is probable that Liljeqvist will settle both matters this afternoon, returning to Coquille tomorrow.

BAND MAY GO TO STATE FAIR

The Marshfield Band may be one of the principal features at the state fair at Salem as a result of the action taken by the executive committee of the Chamber of Commerce yesterday afternoon. The committee heartily endorsed the plan to have the band at the fair for the good it would do this community in the way of advertising. The recommendation will be submitted to all the members of the Chamber at the regular meeting which will be held Friday night.

According to Arthur McKeown and G. W. Kaufman, a committee of two representing the band, the maximum amount needed to cover the expenses of sending the band to Salem would be \$750. The executive committee of the chamber pledged the moral and financial support of that body to make up any deficiency that could not be met by the band. It is planned to have the band give a series of concerts while en route to Salem and by that means earn enough money to pay the expenses of the trip. The trip to Salem is a prelude toward sending the band to the Panama-Pacific Exposition at San Francisco.

Fourth of July.—No definite action was taken in regard to the plans for the Fourth of July celebration. The saloons are holding out on the contributions and unless they are willing to offer their financial support it is not very probable that a noteworthy celebration can be held. The matter will be brought up again at the meeting Friday night when definite action will be taken.

It was suggested in that connection that several outside attractions be induced to the city on that occasion. Some held that it would be cheaper to hold a carnival than to meet the expense of entering local talent.

MANY OUSTED BY LANDLORD

Proprietor Hughes Ejected from Dotson Hotel and Boarders Must Find New Homes.

There was a lively scramble at the Dotson hotel this morning when Proprietor Geo. B. Hughes announced to the twenty boarders and roomers that they had to immediately find quarters elsewhere as the court had ordered him to vacate the property immediately. As houses and quarters have been scarce, some of the boarders had not found new homes at noon.

This resulted from John B. Dotson, owner of the Dotson hotel, starting ejectment proceedings against Hughes.

Hughes has a \$2,000 damage suit pending against Dotson, claiming that the owner violated the terms of the lease.
