MAKE IT A HUMMER

NOW that it has been finally and formally decided to celebrate the "ever glorious Fourth," in Marshfield, let's make it a hummer. Everyone should put their shoulder to the wheel and boom and boost it from now until the last hour of the last day of the celebration.

General Director J. Albert Matson has named good committees to have charge of the various features of the celebration, but every citizen should lend his aid to make it a big success.

Noble qualities deposited at only a small rate of interest rapidly accumulate into a large surplus of individuality and of charm of character, and they form a capital which, if kept, needs no safety deposit vaults for protection.

AMONG THE SICK

The little 16-months old daughter of Mrs. I. Freeland, of North Bend, is reported seriously ill with a combination of measles, whooping cough and pneumonia.

Catherine Goling, the little daughter of Mr. and Mrs. C. C. Goling, is reported ill with the measles. Frederick Westerberg, Jr., is recovering from a severe case of measles.

The little son of Mr. and Mrs. Jake Proctor is reported quite ill of measles at their home on Second Court South.

Harry Gettins, son of Mr. and Mrs. Fred Gettins, is recovering from a severe attack of measles.

The children of Mr. and Mrs. W. A. Reid have been having a siege of the measles.

E. Smith, a son of Jesse Smith, of Coos River, was brought here yesterday for medical treatment, having sustained a bad wound while cutting brush.

Bernice Barnes, the little daughter of Mr. and Mrs. Neil Barnes, was returned this week from California, is reported very ill of pneumonia at the home of her grandparents, Mr. and Mrs. Frank Rogers, of South Coos River.

The little daughter of Mr. and Mrs. Bonnelyke, who reside in the Nasburg apartments, is reported quite ill of measles.

Mrs. Harry Mann's many Marshfield friends will regret to learn that she was taken to Mercy Hospital again this week and it is feared that she will have to undergo another operation.

Virginia Hodgins, who was reported quite ill, is now much improved, much to the gratification of her friends. Mrs. Hodgins says that she has only been suffering from measles, the report that she was affected with pneumonia being erroneous.

J. L. KOONTZ was down town today for the first time since his recent severe attack of illness and was receiving the congratulations of his friends.

Willie Powell, the seven-year old son of Mr. and Mrs. Eugene Powell, of North Marshfield, while playing yesterday fell and broke his collar bone.

Mrs. W. B. Curtis is suffering from a fractured rib sustained while at work in her home.

PERSONAL OVERFLOW

H. G. HOY, W. U. Douglas and L. N. Miller left this morning for Coquille.

MILDRED ROGERS NELSON was in the city today from Coos River, looking after her music pupils.

C. R. PECK and J. D. Goss returned last evening from Coquille, where they were attending court yesterday.

P. H. POOLE, of Bandon, who is now selling Port Orford property, was in Marshfield today on business.

MRS. W. W. GAGE, of Coquille, left here this morning for Myrtle Creek where she will spend some time with her sister, Mrs. J. C. Richardson.—Roseburg Review.

CLIFFORD MABLEY left for Coos county today. He is taking a party of Roseburg people across the mountains. He will return the latter part of the week.—Roseburg Review.

LES SMITH was down from Coos River today. He has just put the finishing touches to his big barn by giving it a coat of paint and is planning to have another dance there soon.

SHARKEY PHILLIPS, of the North Bend News Company, was here today looking after the improvements in the new store which they will open at Front and Market the day after tomorrow. Mr. Phillips will manage the store here.

SWAN BENSON, in charge of the railroad work between here and Ten Mile, is in Marshfield on business. He inspected the boiler that exploded at Ten Mile last week and expressed the belief that it was simply overloaded. The boiler had not gone dry and exploded from cold water being turned in, he said.

C. F. M'NIGHT will leave tomorrow for Portland and Salem. He will argue the case of the First National Bank vs. Sheriff Gage, involving an attachment of some of J. Virgil Pugh's stock a few years ago, before the Supreme Court June 18. He and Mrs. McKnight will probably visit at the Geo. W. Loggie home at Bellingham before their return.

### WILDCAT NEAR SUMNER

Donald Mills and James Catching Have Thrilling Time. Two youths of Sumner has a thrilling adventure with a huge wild cat. One was Donald Mills, aged 9 years, and James Catching, 11 years. They started salmon-berrying. They took the noted blood hound Red, and a little fox terrier, Poodle Pup. They wandered over on one of Smith Powers' loggings and Red treed a huge wildcat. Both boys went to the tree and saw the cat. Then they started for a place to get a gun, and some way the lads got separated and Donald got lost. He began to yell and Red left the cat and came to him. Red started on ahead of Donald and Donald followed Red. When they reached the road that led to Sumner Red left Donald and went back and treed the cat again. Meanwhile James was after the gun. He went to Woodard's for the gun and Mr. Woodard went back with him. Woodard took a gun and James a .22. When they reached the tree they both fired at the same time and both hit the cat, so it is not sure who killed the cat, but James and Red get the credit generally.

### SPREADING INFORMATION ABOUT YOUR BUSINESS.

A COMMON remark in daily life is about like this: "If I had known that I could get it for so much at —'s store, I would have gone there. Why did not you tell me?"

If a merchant has to carry goods over another season, the real reason is probably that he neglected to tell the public about them with sufficient clearness and emphasis. The general public are not mind readers. A first class article may be selling for a low price, but if no one takes the pains to make the fact generally known, few people find it out.

Publicity is the basis for all modern success. If a man tries to get up an entertainment and places no notices in the papers and gets out no posters, he gets no crowd. Similarly, if a store buys a stock of goods and then is too slow to tell the public what it has, in an interesting and descriptive way, it will get no substantial trade on those goods.
