

SATURDAY IS FARMERS DAY

J. L. Smith Plans to Have Big Attendance to Hear Noted Speakers in Marshfield

J. L. Smith, County Agriculturist, plans to make Saturday, June 6, the big day for the farmers of Coos Bay district. A meeting will be held in the I. O. O. F. Hall from 10:30 a. m. to 1:30 p. m. Every family is to bring full baskets.

W. M. Black, official in charge of the Coos Bay Testing Association, and E. L. Towne, of the Coos River Association, will probably be present and tell of some of their experiences and discoveries in their work of their respective testing associations.

The institute meetings are being well attended by the farmers, considering the busy season. They had a splendid attendance at Bridge Monday night and another Tuesday at Myrtle Point from 11 a. m. till 2:00 p. m. The speakers are: Prof. T. French, of O. A. C., state leader of county field demonstration work; Prof. E. B. Fitts, of the Dairy Extension Department; J. L. Smith, County Agriculturist.

At Myrtle Point: Mr. Robt. J. Dryden, official tester of the Myrtle Point Cow Testing Association, and Howard B. Warner, official tester of the Coquille Valley Testing Association also spoke.

WANT STREET CUT TO GRADE

E. A. Stonecypher and Eastside Residents Petition for Permanent Improvement

E. A. Stonecypher, of Eastside, was in Marshfield yesterday with a petition urging the Eastside City Council to make the McKay street improvement on a permanent grade. He was asking people here who own property at Eastside to sign for it and quite a number had signed the petition. He said that practically everyone was in favor of it. Three years ago, when McKay street was first improved, the Council improved it on a temporary grade near Stonecypher's property. He then urged that it be graded to the permanent grade, making a cut of about five feet at his corner. However, the Council did not want to incur the expense and did not make the cut. Now that it is proposed to improve McKay street to the harbor line and make it the principal thoroughfare to Eastside, Mr. Stonecypher wants it improved at the permanent grade.

The Council's plans for McKay street, recently adopted, did not provide for making this cut as proposed. The dirt from it can be used in the McKay street fill near the tide flat.

PLAN TO SELL KINNEY LANDS

Receiver Watters Hopes to Start Early in July—Confers With F. B. Waite

According to present plans, Receiver Watters, of the Kinney properties, will place the property on the market about July 1. It will be sold out in parcels. The details have been pretty well arranged and now all that remains is the closing up of a suit brought some time ago to clear up certain phases of it.

Practically all of the principals to the suit have agreed to the action and will simply file answers, allowing Attorney Bryson for Receiver Watters to take judgment. This probably can be accomplished soon.

The appraisers have not filed their final report, but will probably do so within a short time.

Yesterday and today Receiver Watters and Attorney Bryson had a number of matters up with F. B. Waite concerning the property and Mr. Waite's claims.

Major Kinney is said to be working perfectly in harmony with the plan.

TO VOTE BONDS ON SATURDAY

Special Gymnasium School Election at Central School Building Saturday

Considerable interest is being manifested in the special school bond election in Marshfield, which will be held at the Central school house Saturday afternoon from 2 to 7 o'clock. The election will determine whether or not a \$10,000 gymnasium shall be constructed for use of the students.

Judging from the general approval given the plan, the bond issue will carry by a large majority, perhaps almost unanimously. Everyone who has children in the schools and is familiar with the needs of the pupils for a gymnasium is in favor of it and others who have not but are interested in the public welfare are.

The matter will be submitted simply for a yes or no vote, yes being in favor of the bond issue. All taxpayers in the district, both men and women, are permitted to vote.

To Get Out Vote.

A number of parents who own autos have volunteered the free use of their machines Saturday afternoon to get the voters out. Some of the high school boys and others will give their services so that men and women who haven't time to walk down to the school house and vote can get a free ride there and return.

It is desired to have everyone vote and to vote favorably.

CITY SNAPPED BY MOVIE MAN

L. E. Black, Representing Portsmouth Land Company, Takes Motion Pictures

L. E. Black, of Albany, a motion picture operator and representative of the Portsmouth Land Company, arrived in the city last evening for the purpose of taking motion pictures of different sections of the city as well as the prominent citizens.

Mr. Black left on the launch Alice H. with a picnic party this morning. It is understood that the party went to the site of Portsmouth, near Coos-ton and the Kreis project. Black will take motion pictures of the excursion party on the Portsmouth site and plans to take about 3000 feet of pictures in this vicinity.

Previous to the departure of the boat this morning he took motion pictures of a party of prominent citizens in front of the Planagan & Bennett Bank building. Seated in an automobile in front of the bank were Tom Bennett, James Planagan, Frank Waite and Captain Macginn of the Breakwater. The pictures will be shown in Marshfield and North Bend first and later will be shown throughout the state as an advertising scheme.

SOCIAL HYGIENE CLUB FORMED

Permanent Organization Effected in Marshfield to Aid in Public Uplift

The Marshfield Social Hygiene Society was formally organized yesterday for the purpose of aiding in the educational campaign that is now being carried on in this state to eliminate disease and better public morals. Mr. Oakes, who has been working in this section met with the committee. He is meeting with much encouragement in the work. He plans to leave tomorrow but has the work well planned.

Arrangements have been made to hold five meetings at an early date. One will be in Eastside, one in Bunker Hill, one in South Marshfield and one in Ferndale. The dates and the speakers for these will be announced later.

The committee or society organized with the following members:

J. H. Planagan, J. S. Coke, F. A. Tiedgen, A. H. Powers, Rev. R. E. Browning, G. W. Kaufman, Bennett Swanton, D. A. Nelson, J. F. Hall, R. M. Jennings, W. A. Reid, W. F. McEldowney, Milo Sumner, J. Lee Brown and Dr. E. Mingsus. They elected the following officers:

President—Dr. E. Mingsus.
1st Vice President—J. S. Coke.
2nd Vice President—Bennet Swanton.
Secretary—W. F. McEldowney.
Dr. Mingsus, Judge Coke and W. F. McEldowney were elected members of the state executive committee.

COQUILLE HAS LIQUOR FIGHT

City Council Will Decide June 15th Whether Saloons Will Be Allowed There

(Special to The Times.)

COQUILLE, Or., June 4.—A petition carrying 445 signatures, asking that no more liquor licenses be granted, was presented to the Coquille City Council this week. Many of the backers of this petition were present, for whom H. O. Anderson acted as spokesman.

Previous to this, several petitions for the renewal of liquor licenses which expire July 1st had been presented to the Council. Mayor Morrison asked why these came up at this time and Chas. Baxter stated that it had been customary to present them at the last meeting of the old council. Mayor Morrison replied that he did not understand it that way, and no action was taken.

The matter of license or no license will probably be threshed out at the regular meeting on June 15th.

The old council then adjourned, and the new one got down to business, the only change being the retirement of Councilman Laird, whose place was taken by Councilman Kime. D. D. Pierce was elected chairman of the new council.

New officers appointed: Marshal, A. P. Miller; night marshal, Oscar Wickham; engineer, P. M. Hall-Lewis; water superintendent, S. V. Epperson, health officer, R. B. Hoag.

The salary of the recorder was raised from \$75 to \$100 per month and of the water superintendent from \$65 to \$70 per month. On this resolution the vote stood: ayes, Pierce, Leach, Lyons; noes, Sanford, Skeels, Kime. The mayor cast the deciding affirmative vote.

The salary of the fire chief was placed at \$5 per month, and it was ordered that Chief Oerding be paid back salary at that rate.—Herald.

SKINNER IS WITNESS.

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 4.—William Skinner, a director of the New Haven railroad, continued his testimony at the Interstate Commerce Commission's inquiry into that railroad's financial affairs.

Skinner testified that representatives of both the Pennsylvania and New York Central Railroads were on the New Haven board of directors.

"Do you think that the interlocking of directorates works for the public interest?" he was asked.

"I think so, yes. I believe the public gets better service by our working together."

"In other words, by the creation of a transportation monopoly?" suggested Folk.

"Such an arrangement creates no monopoly. It works for the betterment of both roads and public."

"TALK TO THOMAS ABOUT IT."

The Wiley B. Allen Co.
FOUNDED 1873

L. L. THOMAS
Manager

James Forsythe, who has been representing M. Seller Company in this section for the past ten years, arrived in yesterday with eighteen large sample trunks packed to capacity with the finest line ever seen on the Bay. Mr. Forsythe says it is by far the largest and best line that he or anyone else ever brought into this section. He plans to spend between two and three weeks at the Chandler Hotel and covering this territory. The samples were only partly unpacked today but it looked more like a large store than a sample room.

He carries the fancy lines, the holiday goods and specialties, for the firm. There are holiday novelties, dolls, etc., silverware, cut glass, china and in fact almost everything imaginable.

Owing to the extremely large line of samples and the cost and difficulty of packing and unpacking, Mr. Forsythe will endeavor to have all of his customers in this section come here and inspect them in the large sample room at the Chandler, where they are now on display.

He is traveling alone this trip, but next time will have his oldest son, Eugene James, along with him. Eugene will graduate from a business college at Eugene in about two weeks and is especially fitting himself for continuing his father's work.
