Good Business Judgement

We expect you to exercise your own good judgment in selecting your future home site. That judgment will tell you that it would be poor business policy to buy outlying property simply because you can possibly save a few dollars in the price of the lot and eventually build a house costing several times the price of the lot, besides, if you will investigate, you will find that lots in Perham Park, located in the very heart of the city, can be bought just as cheap or for even less money than outlying property. Before buying, see Reid about Perham Park.

A GOOD BUSINESS OPPORTUNITY

If you are looking for a good business opening see Reid about it. He has several good business chances. One in particular, an old established business which can be handled for a small sum, talk to Reid about it.

A FEW SNAPPY BUYS

As a leader, Reid is offering a few choice residence lots, cleared and available for immediate building, as low as \$125. Small payment down and balance in three years.

ADMIT THEY WERE DRUNK

Four Offenders Are Fined This Morning—Carter Blames Saloon Keepers

Four men, charged with being on the streets in a drunken condition, were brought before Recorder Butler this morning for a hearing. All pleaded guilty as charged and the customary fine of \$5 was assessed. In the quartette was M. G. Sperry, pipe-fitter and engineer at the Smith-Powers mine, who was carted yesterday morning from the doorway of the Central Hotel to the city jail in a wheelbarrow. Sperry has no recollection of being wheeled along Front street in the barrow. Assistant City Attorney Murphy asked him if he remembered the incident. Sperry said he remembered nothing after wabbling out of the saloon. He admitted, however, that he was dead drunk and said he was willing to pay his fine. Sperry gave Marshal Carter the name of the time-keeper at the mine and arrangements were made to have the amount of the fine deducted from his next pay check.

The other three men were Bert Johnson, arrested by Officer Shoupe at 12:20 this morning; John Lynch, arrested by Officer Shoupe at 12:35 a. m., and Zacria Pajohas, arrested by Officer Doane at 2:30 this morning. All three have been up before they could feel the effects of the morning after the night before and that they would try to keep away from the whiskey.

Carter Scores Saloon.

Marshal Carter said that a saloon-keeper who sells a man whiskey after he is already drunk should be prosecuted. He cited the case of Sperry, who was found in the doorway of the Central Hotel. Carter did not mention the name of any particular saloon in that vicinity but said that Sperry was in such a condition that he could not have walked very far. Carter said that he intended to make an investigation and that if he could find the saloonkeeper who sold Sperry the whiskey he would present the name to the City Council with the recommendation that his license be revoked.

Latest Styles in Pianos

The 1914 styles of pianos shown by us are far in advance of ordinary instruments. They mark wonderful progress both in point of tone and appearance. It is hardly possible to realize the strides taken in piano building without a critical examination of these most recent models. Those who play a piano will be given every opportunity to make comparisons, and those who do not play will have careful demonstrations made for them.
