THE FOURTH OF JULY CELEBRATION

Tentative Plans Launched at Meeting of Committees—Many Contests Arranged

Tentative plans for the big Fourth of July celebration were launched at a meeting of the various committees in charge of the program at the Chamber of Commerce Monday evening. The finance committee reported that \$1650 was available for expenses and Harry Kimball, general manager of the coming event, allotted certain amounts to the different committees. Every man present was bubbling over with ideas and every suggestion was given due consideration. It was generally conceded that music was the first essential to the program and arrangements were made for a number of concerts. Parades, free vaudeville, motorcycle races, foot races and various other contests were mapped out as features of the program. It was also decided to have a big fireworks display. Harry Kimball suggested that an aeroplane be brought into the program, but that item was eliminated, when, after some discussion it was held that the cost of the exhibit would be too much. Kimball planned to have three flights, one in the afternoon of the third, one in the forenoon of the Fourth, and one on the night of the Fourth, when the aeroplane would be illuminated. The cost for such an exhibition was placed at \$500, which is considerably more than the majority were in favor of spending for any one event. A suggestion offered by F. D. Cohan to conduct a voting contest as a means of selecting some young lady to act as the goddess of liberty was readily accepted. It was suggested that the election be conducted through the newspapers in the manner adopted by the Rose Festival committee in Portland in electing the Rose Queen. In that event, the various business houses and lodges would pick a candidate and the popular vote would decide the winner. The allotment to Harry Kimball was \$363; lights at advertising cost vaudeville show race prizes, \$500; water sports, \$250. The rental concessions selected will be as follows: There will be forms of enter as well as other take a big place was suggested the parade be held that the idea was Among the spots probably be included which will be a the way of water Surf riding is by the Hawaiians, that requires much skill and is performed by oneself on a board while upright. The breakers come board moving in the direction of the shore. As there are no boards to be found in this vicinity boards would be attached to rear of a motor boat. The following committees in charge of the Fourth of July program: Decorations—C. K. Perry, Tom Bennett and R. M. Johnson; Field and Water Sports—F. D. Cohan, Dr. R. W. Morrow, Chandler, Anson Rogers and Powers. Concessions—Frank H. Flanagan and Dr. G. W. Advertising—A. T. Leslie and F. A. T. F. D. Cohan, F. H. Wilson and Frank Horton will conduct the voting contest for the selection of the Goddess of Liberty.

Industrial Review of the State

NEW FACTORIES, IMPROVEMENTS AND ENTERPRISES THAT INCREASE THE PAYROLLS AND PROMOTE THE DEVELOPMENT OF OREGON.

At the Commonwealth Conference during the past week, held at Eugene at the state university, propositions were made for a state employment bureau and insurance against unemployment. Oregon manufacturers are planning an exhibit this fall in connection with the land show at Portland. Hop contracts for the 1915 crop are being made at sixteen cents. W. N. Turner and E. N. Booth of Eugene will erect a large cannery at McMinnville. R. H. Clow is building a hydroelectric plant at Mapleton. The Union Oil company of California is establishing distributing plants at many cities in Oregon. During May, 72 vessels cleared from the mouth of the Columbia with 70,684,615 feet of lumber, against 39 vessels in May, 1913. Shauko shipped 122 double-decked cars of sheep the last week of May. The Hill railroad will build its industrial tracks up Sullivan's gulch in Portland before July 1st. Over 100 carloads of machinery went into the new fireproof saw-mill at Springfield that will be operated entirely by electric power. The law fixing the minimum wage for girls and women in Oregon at \$2.54 is on trial before the Supreme Court of the United States. The new Medford cannery is to be ready for work June 15th. Work on the new \$50,000 Y. M. C. A. building at Astoria will start on July 15. The steel for the new county jail and courthouse at The Dalles is being shipped in from St. Louis, when steel plants in Oregon are idle. Manufacturers met at Eugene Thursday night and discussed the vicious features of the workmen's compensation act which they seek to have amended before manufacturing can boom in Oregon. Many new roads are being built in and around Crater Lake. The Cottage Grove Cannery has an order for a carload of gooseberries. St. Johns public docks that have cost the city \$5000 a year to maintain and have rented to a paper company for \$2400 a year, will be sold. Eugene is paving many streets with the Clark-Henry pavement, and all

PENDLETON.—Jasper Carr, aged five years, pulled a motorcycle over on himself and as a result is laid up with a broken leg. The motor was standing in front of a theater when the youngster's curiosity impelled him to investigate it. PORTLAND.—Multnomah County has authorized the building of a steel bridge across the Sandy on the Columbia Highway, to replace the old one that recently collapsed, carrying down with it a party of autoists.

IDEAL FREE GROVE AND PICNIC GROUNDS

Bring your lunch baskets, kodak and fishing tackle for a few days' outing. Sunday School and all picnic crowds a specialty. Excursion to South Coos River every day. Launch Express, week days, leaves, 8 a. m.; Steamer Rainbow leaves Marshfield at 8 a. m., every Sunday and 2 p. m. week days. For charter and picnic arrangements, apply on board Steamer Rainbow.

BIBLE SAYS YOU SHOULD

Scriptural Text Condemns House to Exercise at the Kitchen Sink. CLEARFIELD, Pa., June 10.—step toward the emancipation of a least one woman from household drudgery has been gained, according to Mrs. Harriet Prentisscot, a suffragist of this city, who after two years of effort has persuaded her husband that he should wash the dishes. Prentisscot often quoted scriptural texts to prove that the household duties belonged to the wife. Mrs. Prentisscot, while reading her good book, came across the following verse in second Kings: "I will wipe Jerusalem as a man wipeth a dish, wiping it and turning it upside down." Smilingly engaging her husband in argument over yesterday's dinner dishes, Mrs. Prentisscot told him good men in the early ages always washed the dishes and that she could prove her contention by the scriptures. "Prove it," declared her husband, "wash our dishes."
