Celebrate the Fourth At Marshfield

The entire business section of the city will be turned into a playground for her guests. Front street and Central avenue will be reserved for visitors and pedestrians almost exclusively. The city already owns a liberal amount of decorative material, but this year \$500 more has been allowed for a still more liberal supply. With flags and bunting, and evergreens, the city will present a gala appearance surpassing anything ever attempted. For the evening lights and artistic effects will be secured by special electric lighting. On the night of the Fourth a grand display of fireworks will be set off across the bay from the city. The effect will be seen to the best advantage. The "over-the-water" effect adds greatly to the pleasure derived from them.
