Celebrate the Fourth At Marshfield

The entire business section of the city will be turned into a playground for her guests. Front street and Central avenue will be reserved for visitors and pedestrians almost exclusively. The city already owns a liberal amount of decorative material, but this year \$500 more has been allowed for a still more liberal supply. With flags and bunting, and evergreen, the city will present a gala appearance surpassing anything ever attempted. For the evenings lights and artistic effects will be secured by special electric lighting. On the night of the Fourth a grand display of fireworks will be set off across the bay from the city. The effect of fireworks so displayed is most satisfactory. They are then seen at the best advantage. The "across-the-water" effect adds greatly to the pleasure derived from them.

TIDES FOR JUNE. Below is given the time and height of high and low water at

The tides are placed in the order of eccurrence, with their times on the first line and heights on the second line of each day; a compar-ison of consecutive heights will in-dicate whether it is high or low water. For high water on the bar subtract two hours 34 minutes.

Case Decided .- In the case of the First National Bank of Bandon vs. F. J. Feeney, assignee, Judge Coke decided in favor of Mr. Feeney, It seemed that the bank tried to make its claim of \$400 take precedence over the other creditors. which was sold to J. W. Mast was involved.

Back From Trip.—L. L. Thomas, J. C. Swanson, Joel Ostlind and W. R. Haines returned last evening from a week's trip into the mountains beyond Fall Creek. They had a good but strenuous tr.p. going about twelve miles beyond Ostlind a homestead in the Rock Creek section. Leslie Blanchard is holding down a cialm out there

Named Falls,-Jurd Schapers came in yesterday from his claim above Allegany. He states that he is the man who named the Silver Falls about twenty-five years ago. Golden Falls had already been named and when he and a party came to the lower falls, he named them Silver Falls. The Golden Falls has a drop of about 340 feet, while Silver Falls drops on ly about 200 feet.

Unite Schools .- At the Coos River school election, the proposal to con-solidate the Elk Rock district and District No. 39, was voted favorably upon by both. Elk Rock voted eleven to one in favor of it and the other district voted eight unanimously for They will soon vote again on the location of the consolidated school Rocco Biasca was elected director and A dramatic story of a society John Blasca clerk. H. E. Bessey and Andrew Stora are the other directors. The new school will probably be erected in time for the fall term.
