

# CLEAR PRIVATE LAND BY ERROR

### Alleged Mistakes of County Engineer Gould Causing Trouble — Road Work

According to present indications, property owners along the new North Bend-Empire road have had about four acres of land cleared by the county as a result of the alleged error in the survey by County Surveyor Gould. County Boardmaster P. M. Hall-Lewis was in North Bend yesterday looking into the matter and will take it up with District Attorney Liljeqvist and the County Commissioners to see what can be done. The cost of clearing is about \$275 per acre and the loss on this will be about \$1100 alone and then there will be additional costs for the additional costs to Hall-Lewis department.

Mr. Hall-Lewis is decidedly irate over the matter, as he claims errors Mr. Gould is making causes lots of additional expense for the county and his department.

Among them are the laying out of the new stretch of road beyond the Kruse place, the road being surveyed on railroad holdings and not discovered until after bids had been asked for it.

Another is the new road from North Inlet to Lakeside. This is not located within a quarter of a mile of the route which the county paid for. Now if the owners of the land where the road has been constructed do not cede the right of way, the county will have to condemn it and pay for it.

### Bridge Breaks Down.

The China Camp Creek bridge, which broke down a few weeks ago when a Bandon auto was crossing it, broke down again this week, some of the old stringers giving away. The bridge is to be rebuilt and about 20,000 feet of lumber will be put into it.

### New Plan Falls.

The new plan of the road officials to stop speeding across bridges there failed. They nailed some planks on the bridge so as to make it too rough for speeding, but when a heavy car went over the bump, the joist broke the stringers.

Some deputies are to be placed on watch with stop watches and the offenders will be prosecuted.

### Marshfield Boulevard.

Wm. Grimes yesterday posted the notices for the Marshfield-to-the-sea boulevard providing for an eighty foot roadway instead of sixty as was originally proposed. These notices will have to be up thirty days before the next move can be made and the matter will be presented to the County Court at the August session.

# LIBBY GIVEN SCHOOL SITE

### Voters Accept Donation of Grounds for \$4000 Building—New Directors

The voters of the Libby School District, which includes most of First Addition to Marshfield, voted to accept the school house site offered as a donation by the Reynolds Development Company. The new site consists of six lots on the west side of 15th street and lying between Illinois and Pennsylvania avenues. The old school was on private property.

Bonds have already been sold by the Libby District to provide funds for the new school. Building plans are now being prepared. The construction of the building will be hurried so as to be in readiness for the fall term. The intention is to build a four room school house to cost about \$4000.

Other business transacted at the meeting was the election of G. M. Binckey for the short term and Enoch Holland for the long term to the board of directors, and the re-election of C. M. Conner as clerk. C. O. Gossney continues in office as director.

### PREDICTS ERA OF PROSPERITY.

### All Hard Times Talk Has Been Dropped.

Says J. A. Munroe. OMAHA, Neb., June 17.—"All the hard times talk in the central and western portions of the country has been dropped," said Vice President J. A. Munroe of the Union Pacific railroad. "There has been a most remarkable improvement in the business outlook in the past six weeks."

"It has only been that we have set such a fast pace that a little depression is considerably magnified. Ten years ago had we been in our present condition we would have considered ourselves in the midst of a boom. Business is like a rolling plain. We climb a hill and then go through a little valley to the next hill. We are now on the climb again. With the crop prospects over the country almost superperfect, I can see nothing but prosperity and lively business ahead."

"Everyone is quitting the hard times talk. Merchants I have interviewed in the west are all smiling. There's nothing the matter with the country. It is in better shape than it has been for years. We are certain to see a most remarkable and flourishing business in the immediate future."

# ASK RECEIVER TO RUN MILL

### Michigan Bank Begins New Action in Coach-Moore Case at Bandon

Judge Coke returned from Coquille yesterday, there being no cases on the equity calendar ready for trial. He will resume the session Friday and next Monday will take up the Henryville riot case and the Myrtle Point bank robbery case.

In the case of Frank A. Pierce vs. Bertha Parks, his sister, to quiet title, a decree was rendered in favor of the plaintiff. Mrs. Parks and her sisters were claiming an interest in a balance of \$600 which they claimed that Pierce and his brother, Emmett, were to pay to their father, J. C. Pierce, for a tract of land which he deeded the sons. The court held that this money had been paid.

A motion for a new trial of the case of Stoll vs. the City of Bandon was argued.

The case of the St. Clair savings Bank of Michigan vs. the Cody Lumber Company, asking for a receiver for Cody Lumber Company to be appointed to conduct the business until the balance of the logs fallen on the Coach tract are manufactured was submitted.

The bank also asks that whatever balance there is after the claims of the Coach Timber Company is settled be applied on their claim.

The case of Young vs. Jones of Bandon was decided in favor of the plaintiff, the defendant being allowed four months in which to pay the balance due on the contract. If this is paid, Young is to pay \$10 per month rent for the property involved.

# BEAVER HILL TO CELEBRATE

### T. C. Russell Heads Movement for First Fourth of July Festivities in Town's History

(Special to The Times.) BEAVER HILL, June 18.—For the first time in its history, Beaver Hill is to have a real sure-enough Fourth of July celebration, with a well prepared program, sports of different sorts, sincere enthusiasm and all the other features attendant upon this eventful occasion.

The proverbial ball was started rolling when T. C. Russell called a general mass meeting Tuesday night to consider the advisability and feasible means for such an undertaking. The response was spontaneous and enthusiastic. The citizens of this little town turned out en masse, each came with spirit, finances and suggestions to substantiate the move in this direction. The outcome is highly gratifying.

There have been seven committees named to carry on the work, viz: finance, sports, refreshments, music, program, entertainment and fireworks. Each committee consists of three energetic and patriotic men or women, who are determined to make this, the first celebration, a banner one.

Beaver Hill, therefore, invites everyone to come and join in its gala day. Joy and merriment will be found, supplemented by good will and patriotism.

### AT THE HOTELS

The Chandler Hotel.

### NORTHWESTERN LEAGUE.

Portland 1; Spokane 3. Seattle 5; Tacoma 4. Vancouver 3; Victoria 0.

### COLT WINS STAKES.

### James A. DeRoethschild's "Broadwood" Gets Honors.

(By Associated Press to Coos Bay Times.) LONDON, June 16.—James A. DeRoethschild's "Broadwood," a four-year-old bred in the United States, won the Ascot Stakes, the principal race on the first day of the Royal Ascot meeting, which King George and Queen Mary witnessed. Asparagus was second and The Guller third. Twenty-four horses ran.

### DISEASE PREVENTION DAY.

INDIANAPOLIS, Ind., June 17.—Gov. Samuel M. Ralston will name a day in October to be observed all over Indiana as "disease prevention day." The movement was started by the Indiana Society for the Prevention of Tuberculosis, and when Gov. Ralston heard of the plan he endorsed the proposition. The sixty active branches of the Antituberculosis Society, the state board of health, the state board of education, schools and colleges and all civic bodies in Indiana are expected to join in the demonstration.

Foley Cathartic Tablets are a specially good little regulator that keeps your system in perfect working order. No dizziness, no constipation, no distress after eating, no greasy, gassy taste. A stout person who uses them constantly "ill really feel thinned out" and are comfortable as a result of their cases distressing, racking, tearing coughs. Children love it. Refuse any substitutes. Contains no opiates. Owl Prescription Pharmacy, Frank D. Cohan, Opposite Chandler Hotel, Phone 74, Central Avenue Drug Store, local agency.

## Eugene Iron Works

EUGENE, OREGON.

### MANY PUPILS FAILED

EUGENE, Or., June 17.—One hundred and fifty-nine eighth grade students, about 63 per cent of the number taking the examinations, were successful in passing the tests given on June 4 and 5 and will receive their diplomas from the grade schools of Lane County.

### AGNESS IS BOOMING.

Edward Walker is digging the ditch for the Agness system of water-works. The pipe is expected the first of the week. Power enough will be developed to furnish lights for the Terra Bonita Hotel and the Wedderburn Trading Company's branch store. With these improvements and the installing of baths with hot and cold water at the hotel we will have one of the classiest little burgs in the county. Just watch Agness shine.—Gold Beach Globe.

### FARMERS' UNION NOTICE.

Farmers' Union No. 66 will hold their regular business meeting Saturday, June 20 at 10 o'clock a. m. in Odd Fellows' Hall, Marshfield. All members and stockholders are requested to be present as matters of importance must be disposed of. By order of J. M. CULLEY, President.
