PATROL NORTH ATLANTIC NOW

All Maritime Nations Join With United States in Safeguarding Ships

(By Associated Press to Coos Bay Times.) WASHINGTON, D. C., June 19.—To free the North Atlantic of derelicts and to warn shipping of icebergs, the revenue cutters Seneca and Miami early in July will establish an international patrol. Although the American vessels will do the patrolling, all maritime nations will defray the cost, with England paying the most.

ALONG THE WATERFRONT

The A. M. Simpson sailed last night from the Simpson mills loaded with lumber for San Francisco. The Elizabeth arrived in at Bandon this morning and the Grace Dollar sailed from there last night.

The Roamer is today taking on her initial cargo for the Siuslaw, the wheel and other alterations having been completed.

The Gleaner took a cargo of general merchandise to Gardiner yesterday after having brought in quite a cargo of produce for reshipment from here to San Francisco.

The Nant Smith is due in tonight or early tomorrow from San Francisco.

FORTY AFTER SEA LIONS.

George Forty made a trip to Coos Bay last week, returning Friday on the Rustler. He went to make arrangements to secure a boat for use in his annual sea-lion hunt. Mr. Forty is the most expert and experienced sea-lion hunter along the coast and with two or three helpers he kills several hundred lions each season from which he realizes from \$6 to \$8 apiece.—Port Orford Tribune.

STEWART CASE IS UP AGAIN BIG LEAGUE BALL SCORES

Habeas Corpus Proceedings to be Started—Indignant Over Treatment

Constable Emory, of North Bend, this afternoon took G. W. Stewart to the county jail at Coquille on a commitment issued by Justice Shuster, who had Stewart arrested because the latter had not paid the \$31.55 costs in the Collins case. It seems that Stewart had Collins arrested for threatening to shoot him and District Attorney Lidjevist being absent, Stewart hired a private prosecutor, Shuster discharged Collins and a few days ago informed Stewart that he would have to pay the costs.

This morning Stewart started for North Bend to do some work on his ranch and was arrested and thrown into jail. When he refused to pay he was ordered committed to the county jail and Constable Emory took him over this afternoon.

Start Habeas Corpus Mrs. Stewart has engaged Tom Hall as attorney and Mr. Hall said this afternoon that he would start habeas corpus proceedings at once to gain Mr. Stewart's release.

Both were indignant over Mr. Stewart's treatment. Mr. Hall said that it was an outrage that a big strong man like Emory should handcuff a prisoner like Stewart, who is crippled.

Furthermore, Mr. Hall said Justice Shuster had no right to commit Stewart to jail for failure to pay the costs. He said that the statute provides that in case of private prosecutions, the court may require the plaintiff, if the prosecution is shown to be malicious, to put a \$50 bond for payment of the costs.

Mrs. Stewart was very indignant. She said that Shuster had already collected from the county the costs of the proceedings.

Stewart had Collins arrested for threatening to shoot him. After Collins was released, Stewart was bound over under \$250 bonds for hitting Collins with a hammer. A workman with Stewart was also bound over with \$250 bonds. Then Stewart went to Coquille and preferred charges against Collins and he was bound over to the grand jury.

Mrs. Stewart said that the North Bend jail was filthy and made Mr. Stewart sick today. Furthermore, she said Constable Emory ordered her out of the jail when she visited her husband.

There was talk today of suit being instituted against Shuster and Emory for damages.

BALLOONS TO CARRY TICKETS

H. J. Kimball Offers Free Transportation to and From Celebration

Manager H. J. Kimball, of the Fourth of July celebration, has devised a new advertising stunt for the celebration here. He has arranged to send up two paper balloons at 8 o'clock each evening from the wireless station. Each balloon will contain a ticket providing free transportation to and from Marshfield for the party finding the ticket when the balloon descends. If the balloon happens to travel to Roseburg or some other distant point, Mr. Kimball will have to dig deep for the finder's expenses.

The balloons will be about eight feet in diameter and will be easily seen. How far they will travel and where they will travel will depend on weather conditions. Two will be sent up each night until July 1.

DARING STUNT IS PROPOSED

Motorcycle Rider Would Plunge Into Bay at Full Speed on Fourth of July

Something new in the way of a thrill will be pulled off on the Fourth of July if the committee in charge of the program will permit Marvin Taylor to do a daring stunt which he proposes. Taylor offers to dash down Central avenue on a motorcycle and plunge into the bay with the machine.

Taylor says he has done the trick in other towns on the Fourth of July and other occasions. His plan is to start the machine at the corner of Fourth and Central avenue and run at full speed to the water. He says that he could attach a rope to the machine in such a manner that it could not sink.

Taylor's proposition is being considered by the field and water sports committee and it is probable that his offer will be accepted provided he does not ask too high a price for his appearance. The committee has been looking for something that would be a real sensation and it is of the opinion that such a trick would be a sensation in the extreme.

Other plans for the Fourth of July celebration are progressing nicely. The automobile parade will be one of the most attractive features. George Goodrum, who has charge of that part of the program, says that over thirty cars are already entered and that there will be at least 100 in the parade, which will be held on July 3rd at 10 o'clock.

Goodrum plans to have the procession led by cars conveying the city officials, followed by members of the Chamber of Commerce, and other clubs and organizations.

Goodrum says that some of the decorative schemes being worked out are new and very attractive.

CURRY COUNTY FIRE WARDEN.

B. W. Dean has received the appointment as Superintendent Fire Warden for Curry county. He commenced his duties June 1st, and since that time has made a trip to Iron Mountain where several men have commenced work on the government trail. Mr. Dean reports that an unusual amount of timber was blown down by the hard winds of last winter and that he and Messrs. Milbury and Speer, who went with him to Iron Mountain, had to cut many logs to get over the trail to that point.—Port Orford Tribune.

The Great Idea Behind This Store

It hasn't been our purpose to make this good clothes store simply big in size. Rather all our thoughts, our efforts, have been directed toward making it genuinely useful to the community—a real public benefit. And our steady, consistent growth is not due to us, so much as it is to the steadfast loyalty of our patrons. It's their way of telling us that they believe in this store, its merchandise and its policies; that this is the kind of a store they want and have always wanted.
