SPLENDORS OF THE UNIVERSE TO BE SHOWN AT SAN FRANCISCO IN 1915

A SCENE of splendor and glory unrivaled in the history of world's expositions is assured the visitor to the great Panama-Pacific International Exposition at San Francisco in 1915. Thousands of workmen are now rushing to completion the vast exhibit palaces that face north on the shores of San Francisco harbor just inside the Golden Gate, and a convulse of nations unsurpassed by history is assured at this stupendous celebration at which the United States, joined by the nations of the world, will celebrate the opening of the Panama canal.
Thirty-four great countries have accepted the invitation to take part in the Exposition. This is four times as many nations as had agreed to participate at any other exposition at a similar time before its opening.
The fact that the Panama-Pacific International Exposition will be ready in every detail long before the opening day on Feb. 20, 1915, is only what the world expected of the men who have this International Exposition in charge. More than 60,000 of the world's leading exhibitors will have their exhibits installed in the vast exhibit halls when the Exposition opens to the world. This is an unparalleled record in the history of universal expositions.

"AMERICAN PIONEER," A FRONTIER EQUESTRIAN STATUE AT THE EXPOSITION.

THE "American Pioneer" is an equestrian statue which is to stand at the entrance to the Court of Palms at the Panama-Pacific International Exposition at San Francisco in 1915. The sculptor is Solon H. Borglum, whose studies of western figures and wild animals of the Rockies have attracted attention throughout the world.

THE TURKISH GOVERNMENT BUILDING AT THE PANAMA-PACIFIC INTERNATIONAL EXPOSITION.

ONE of the most beautiful and spacious of the pavilions erected by the thirty-four foreign nations which up to this time have decided to participate at the great Exposition is the replica of the Sultan's Palace, now being built by the Ottoman empire at San Francisco at a cost of \$300,000.
