New Ball Player Arrives.—Mr. and Mrs. John Snyder and their two-week-old baby boy arrived home from Portland yesterday. Mother and child are doing well and the proud father wouldn't change places with the president of the National League. The new arrival weighs 8 pounds, but his daddy says he is already a great "bawl" player and can "talk" to the umpire with the best of 'em.

Meets Accident.—Hank L. St. Clair, who resides at the corner of Kruse and Second streets, and a member of Frank Norton's road crew, was the victim of a painful accident this morning. While driving one of the teams working on a wheel scraper, the catch broke, overturning the scraper, which caught him and fractured the right leg. He was taken to Mercy Hospital, where he is reported resting easily.

Names Delegates.—Mayor F. E. Allen, in response to a request from Governor West, has appointed George Goodrum and Hugh McLain delegates to the second annual convention of the Oregon-Washington and California Pacific Coast Good Roads Association, which will be held at Medford July 27 and 28. Wm. Grimes of Marshfield is a member of the executive committee and plans to attend. The aim of the association is to hasten the Pacific Highway and also to promote good roads generally.

Drunk Destroys Furniture.—While under the influence of liquor Charles Zupon tried to destroy the furniture in two rooms in the Joy House at North Bend last night. He cut the mattress on which he had been sleeping, smashed a mirror and broke two or three chairs. He got away before he could be apprehended and came to Marshfield, where he got more whiskey. Zupon was arrested at 1:30 by Officer Richardson and returned to North Bend in an automobile. He is being held in the city jail pending a preliminary hearing.

Damages Autos.—Local autoists are planning to offer rewards for some vandal who has been placing roofing nails in the road near Henryville. Sunday Ed Lorenz and Claude Moon had their tires punctured and picked up a lot of the nails. A little later more were found in the same place. Some of the nails had been filed to make them sharper. One machine had all four tires punctured and another one got four nails in one tire. A detective may be put on the case and the severe punishment that the offender needs meted out to him.
