(Continued from Page One)

Department, Carl F. Geyer, a well-known advertising man and officer of the "Tire Factories Sales Company," West Third street, was arrested last Monday afternoon, charged with misuse of the mails.

Arraigned before U. S. Commissioner Frank W. Howell, he was held for hearing June 30 under \$2,000 bond. The bond was supplied by Geyer's sister, Mrs. Charles Snyder. The arrest was made by U. S. Deputy Marshal Marsh, of Cincinnati, on a warrant drawn up and approved by U. S. District Attorney Sherman T. McPherson, of Cincinnati, and an affidavit made by Post-office Inspector Charles G. Swain.

The arrest may be the precursor of a wholesale clean-up on the part of the Federal authorities involving a number of well-known Dayton men promoting advertising and sales concerns. Specifically the warrant on which Geyer was arrested, it is declared, states he advertised in a number of newspapers that he would sell rubber tires at a very low cost, saying he had purchased them at bankruptcy sale. It is alleged shipments were never made and that when the purchasers made complaint, the Tire Factories Sales Company, for a "bluff," said tracers had been sent out for the tires without result and for the purpose of wearying the purchasers. It is charged in the affidavit that T. Kennedy, of Galena, Kan., received a letter from the company saying the company could not ship the tires C. O. D., but asked that a certified check or money order for \$43.50 be sent. Similar complaints related by the Federal authorities are H. A. Rogers, Dr. D. J. Workman, G. E. Clark, R. J. Heslop and F. W. Gaunt.

Monday afternoon Municipal Judge Thompson appointed A. L. Hughes receiver for the Mercantile Publicity Company, Strongtread Rubber Company, Wearover Hosiery Company, Universal Products Company, Tire Factory Sales Company, United Sales Company, Howard Specialty Company, Dayton Art Portrayal Company and Miami Publishing Company. Most of these have offices in the Davies building. Receiver Hughes was directed to receive and handle all mail matter addressed to the concerns.

### Their Big Supply.

Postoffice Inspector Swain says: In one instance a disappointed customer came to Dayton to ask the firm why the tires were not sent. He was taken to what they called their warehouse, which was the cellar at the home of Mrs. Charles Snyder. This man said that the stock in the "warehouse" consisted of a dozen or fifteen tires of inferior grade. He said a representative of the firms promised the tires express, but that they were never shipped.

1. cases where tires were sent, were of inferior grade, many being unmarked. One customer a tire marked "seconds," and for got a tire marked "reject."

### Complaint Names Four.

Subpoenas have been issued for the four men named in the additional complaint filed Tuesday, which asks for the appointment of a receiver for all companies in which the four men may be interested and the case was set for 2 o'clock Friday afternoon.

While no estimate could be procured of the probable amount of money received by the firms for which orders were unfilled, it was roughly estimated that the advertising bills standing against the publicity company will reach \$25,000.

All of the order books for the various companies have not been found by officials, but one for the Wearover Hosiery Company is taken as a criterion. It shows about 1200 orders for hosiery from all parts of the country and only about 200 of the orders were marked filled.

### Wide Range of Business

The Municipal Court Prosecutor County Prosecutor and city legal department are receiving complaints from all parts of the country from persons who claim they have been duped by one or another of the concerns.

In one letter the writer offers to aid financially the prosecution of the men. He volunteered to send a check for a far greater amount than his bill for advertising, the money to be used in the prosecutions.

### Companies Involved

Following is a list of the companies involved in the proceedings: Tire Factories Sales Co., Dayton; "Kers" Underwriters Association, Dayton; Sales Company, International Textile Company, See Bureau, Home Supply Company, Furniture Supply Co., Parity Candy Co., Hamilton Drug Co., Wear-over Hosiery Co., American Pin Co., Howard Specialty Co., Art Portrayal Co., Insurance Information Bureau, Federal Realty and Insurance Co., Miami Publishing Co., American Camifoa Cigarette Co., United Men's Wear Company, A. # BOYS HELP ON GOOD ROADS

Here's A Suggestion for Coos County Boys—It Comes from Minnesota.

MINNEAPOLIS, June 23.—Boys who devote their Saturdays to road work are among the latest recruits to the good roads movement in Minnesota. D. R. Savage, a state highway commission engineer at Windom, Cottonwood county, reported that six boys equipped with rakes and other tools have just completed three miles of the best road in that section. One boy earned \$1.50 and the others \$1.20 each, and the cost of the improvement was \$10.30 including the expense of a team to haul stones and an automobile to haul the juvenile road builders. Stones were moved, holes filled and general work done to put the stretch of road in first class condition, the Journal records.

The plan was commended by the highway commission and will be proposed for trial in many other districts.

It is claimed that numerous of the advertising bills have not been paid.

## Hosiery Stock.

Several dozen pairs of hose are in the room and represent the visible assets of the Wearover Hosiery Company. An example of the business of the Universal Products Company, one of the subsidiaries, is contained in the advertising of "chewing gum tango beads and Evelyn Nesbit Thaw bracelets."

The case is being handled by Post-office Inspector Charles G. Swain, who has been conducting an investigation during the last year.
