Freckle-Face

Sun and Wind Will Bring Out Ugly Spots. How to Remove Easily. Here's a chance, Miss Freckle-face, to try a remedy for freckles with the guarantee of a reliable dealer that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling. Simply get an ounce of ointment—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case. Be sure to ask the druggist for the double strength ointment as this is the prescription sold under the guarantee of money back if it fails to remove freckles.

Freets Home.—J. A. Ensminger is building a neat cottage on Southwest Boulevard in First Addition.

Build Wharf.—Chas. Noble is today moving his pile-driver to start work driving piling for the Alder avenue wharf.

Bound Over.—Tom Hall has returned from Coquille and states that Jack O'Brien was bound over to the grand jury under \$500 bond by Justice Stanley on the charge of robbing a man known as "Frenchy" at Coaledo.

Delay Wedding.—Mrs. Emily McFarlin, owner of the McFarlin cranberry ranch on North Inlet, is a Marshfield visitor today. She says that her marriage to Judge Fulton, who recently came here from California, will not take place for another year.

Gets Dogs.—Herbert Murphy of South Marshfield today recovered two Airedale pups which he had lost. Yesterday he made a trip to Empire to investigate a clue and his trip resulted in the two dogs returning home this morning. However, he did not find out who was responsible.

Smallest Egg.—Mrs. P. D. Blake, who conducts a large chicken ranch, today brought into the Times office an egg which is about the size of a mothball. About a month ago Mrs. Blake brought to the Times office one of the largest eggs found on her chicken farm. That one measured five and one-half inches in circumference.

Arrested Today.—For the first time this year Louis England is registered at the Hotel de Carter. He was arrested at 9:20 o'clock this morning by Marshal Carter, who found him on the street in an intoxicated condition. According to Carter England was taking up more of the street than is required by the average individual. England will have a chance to explain when he sobers up.

Not Alarmed.—C. R. Peck stated today that although he had not received word from his brother, A. K. Peck, he was not alarmed over the report yesterday about two men being drowned in Rogue River. He said that he did not expect A. K. Peck and I. K. Tower to return before tonight or Monday. There has been no confirmation of the drowning rumor.

Officials Here.—District Attorney Liljeqvist was here for a few hours at noon today on private business. Detective Mitchell came over with him and they were elated over the conviction of Larry Miller for the Myrtle Point Bank robbery. Mrs. Ida Miller, wife of the convicted man, also returned here and will proceed to Portland Monday.

Grand Theater TONIGHT

D. W. Griffith presents THE BATTLE OF ELDERBRUSH GULCH— This is an early day settlement picture of the West, produced by the world's famous photoplay director, D. W. Griffith, of the Biograph company. This feature was shown in North Bend last evening and pronounced by the manager of the Joy Theater as being the best picture they have had for months. HICKVILLE'S PINEST. A rough and ready comedy by the clever comedians of the Biograph company. Laugh as much as you please at this comedy. RINGS AND ROBBERS— This is another good Biograph comedy, that will tickle the ribs. PATHE WEEKLY NO. 27. News that is News. Happenings of the world in motion. FINE FEATHERS MAKE FINE BIRDS and BATTY BILL WINS A BABY— Two very clever comedies that will please. It is useless for us to say we have the best—you know it. Children 5c, adults, 15c. Remember, Monday is laugh night. "Zuzu, the Bandleader," a comedy sensation, will be shown.

Guerneville. The latter wired Coroner Wilson this morning that he did not have money enough for funeral expenses. The telegram came collect.

Water Lower.—Dal Cathcart says that the drain pipe is lowering the pond between Lis place and R. A. Copple about two inches a day. He says that the body of water is larger than is generally believed and that it would take one hundred miles flow of the pipe to lower the pond one foot. Mr. Cathcart has figured out that a cubic mile of water contains enough to fill a canal to float a battleship around the world at the equator.

Panorama View.—F. W. Sheeler will climb into a tree top at Cooston early Monday morning and take a panoramic view of the cities of Marshfield and North Bend. When finished the picture will be something over six feet in length. Sheeler has erected a platform in a tree top at Cooston and has everything in readiness for the snapshot. He would like to have as many boats as possible lined up on the waterfront when the picture is taken, which will be about 7 o'clock Monday morning.

Wed in Roseburg.—The following from the Roseburg Review will be of interest here as the bride is well known on Coos Bay, where a number of her relatives reside: "A quiet wedding was solemnized at the offices of the county judge late yesterday afternoon, when Henry M. Walker, of Sisson, California, and Mrs. Jamesina B. Hibbard Richer were united in marriage. County Judge Rice officiated at the wedding. Mr. and Mrs. Walker are spending a few days in Roseburg before returning to Sisson, where they expect to make their future home. They are registered at a local hotel."

Accidentally Shot.—One of the foremen at the Houser & Houser supply camp, whose name could not be learned today, was accidentally shot in the right leg this morning when one of the workmen dropped a revolver. It is understood that the revolver belonged to the foreman and at the request of the workman it was handed to him for examination. He dropped it and it was accidentally discharged. The wounded man was brought from North Inlet in the launch Pronto and taken to Mercy Hospital, where the wound was dressed by Dr. Mott. The forearm was not seriously injured.

NOBLE ESTATE TO BUILD NOW Decide to Go Ahead With Brick Building at Third and Central at Once Charles Noble announced today that they had completed plans to go ahead with the construction of the Noble Estate building at the corner of Third and Central. The building will be 50 x 100, two stories high and of brick construction with 12-inch walls. The building will be constructed for a theater for G. J. Lemanski and will have a seating capacity of 1150. In the construction, however, they plan to make it so that the building can be easily altered into a business block in case developments prove that it will bring greater returns for storeroom purposes. They plan to build it themselves, or rather furnish the material and contract only the labor. C. S. Kaiser, of North Bend, will probably take the work. The building is to be started within a few days, the piling foundation having recently been completed.
