## HOODOO SEEMS TO FOLLOW HIM

**Ben Davis Has Unusual Series of Mishaps—Motorcycle Collides With Auto**

### BEN DAVIS' LUCK

Hand caught in machinery at Smith mill and was nearly maimed for life. Got upset in duck boat in bay and narrowly escaped drowning. Went over Seven Devils' bluff on motorcycle and was nearly killed. Had motorcycle catch fire last Thursday night and narrowly escaped explosion. Was in party held up in auto on Empire road Saturday night. Collided on motorcycle Sunday with automobile, slightly injuring himself and Miss Ruth Matthews.

If Ben Davis, son of Mr. and Mrs. F. L. Davis, of South Marshfield, hasn't a hoodoo, who has? The above are a few of the hard-luck experiences he has encountered since fall. Despite the hoodoo, his lucky star seems to hang over him for he had come out of each of the accidents or incidents with the least possible injury or loss.

Following the thrilling experience of Saturday night, he and Miss Ruth Matthews, daughter of Mr. and Mrs. L. T. Matthews, of Third and Central, went out for a spin on his motorcycle. They were enjoying it

until they started around the turn in Ninth street into the street or road leading to Eastport. Tom Rooke and family, of North Bend, were returning from Eastport in their car. Both motorcycle and auto were going at a good clip and neither saw the other until within a few feet of each other.

The motorcycle crashed into the fender of the auto. Mr. Davis and Miss Matthews were thrown to the pavement. Miss Matthews was able to arise and limped to the curb and fell in a faint as she reached it.

H. S. Tower happened along in his car at the time and took her home. Aside from a number of bruises and a severely sprained knee, she was not injured. Mr. Davis' knee was slightly injured, and he was also somewhat bruised.

The motorcycle was pretty badly broken up and the auto somewhat damaged.

Miss Matthews was with Mr. Davis in the party in the holdup Saturday evening.

Mr. Davis is hoping that his luck will change, or at anyrate the severe tests it will cease.

### CARD OF THANKS.

The telephone exchange girls wish at this time to thank the Hauser & Hauser Camps at Lakeside and North Slough, the Blue Ridge Tigers, Tar Heel Camp, and those of the business men who so generously supported us in our endeavor to elect Miss Gladys Rody as Goddess of Liberty for the Fourth of July. While the Elks beat us this time, we intend to be in the field stronger than ever next time.

HAVING the agency for the FLOUR of the NEW MILL, at Astoria, can furnish you FLOUR of the HIGHEST GRADE at \$1.35 per sack. A. T. HAINES.

Fourth of July Bargains. Ladies' Emporium. 78 Central Avenue.

## COMIC SECTION WILL BE WINNER

**Much Interest And Many Entries Promised in Funny Feature of Parade**

There is much interest manifest in the comic section of the auto parade and the funny feature promises to be a big winner. Goodroads Goodrum says that several have indicated their intention of going after the prizes.

It looks now as if there will be vehicles that will make an old-time democrat wagon look like a 1914 auto. The fact that the lid has been taken off and any old wheel from a roulette wheel to a wheelbarrow may be entered, has aroused the spirit of rivalry and there will be bicycles and buggies that would make a donkey bee-haw.

Now is the time to get busy with your comic carts.

**The Auto Parade**

As the time approaches, interest in the big auto parade Friday morning increases. Mr. Goodrum announces nearly a dozen new entries since Saturday. Many auto owners announce that while they may not win a prize as a matter of local pride they are going to decorate their cars and have them in line to make the best possible showing.

Manager Goodrum requests that all intending to be in notify him as early as possible, that they may be assigned to a place in the parade.

**For Boat Races.**

J. C. Kendall, chairman of the Fourth of July boat races, says he is

going to have some classy ones. He has arranged for a Columbia River fishing boat race and has eight entries and expects more. The races will be pulled off in front of Marshfield.

He has also arranged three other boat races, one of the fastest of which will include the Pronto, Jack Lapp's speed boat, Ray Kaufman's speed boat and the Powers speed boat. The prize is \$75.

Then there will be a race for 20-foot launches with less than 16 horsepower engines and another for cabin launches.

### HAVE FINE PLANT.

**Ford & Bonebrake Make Fine Improvement in Meat Market.**

Ford & Bonebrake of the Union Market have their recently installed cold storage room in operation today and the temperature is now about 40. The plant cost approximately \$3000 and consists of two rooms thoroughly protected with double walls and has a complete system of ventilation with forced draught run by an electric motor. One room will be used for beef, mutton, pork and poultry, while the second will be used exclusively for a pickling room. It is the intention to keep about a dozen hives on hand and other meat as demand may require. This cold storage room marks a progressive step in Coos Bay retailing and means a great deal to the housewife, who can now secure good clean beef kept at an even temperature absolutely away from any contamination from either flies or dust. Messrs. Ford & Bonebrake are to be congratulated upon their enterprise and business foresight in giving their customers the benefit of this service. L. E. Hart had charge of installing the plant.

Don't forget the 35c luncheon at The Chandler.

## EVERYTHING IS IN READINESS

**Goodroads Goodrum's Garage Prepared for the Big Celebration**

Goodroads Goodrum says everything in his garage is now ready for the big celebration. They are prepared to store and care for cars and the supply department has been prepared for any demands that may be made upon it.

Mr. Goodrum urges that car owners who desire to have cars washed and polished, do not wait until the last minute, but bring them in early to avoid disappointment. While he has provided additional help, if everyone holds off until late it will be impossible to accommodate everyone promptly. Bring your cars in tomorrow to make certain that they will be finished.

Remember the supply and accessories departments are all well stocked for the occasion. Everything from a small bolt to a tire and cylinder oil and gasoline in abundance.

Make your celebration headquarters at Goodroads Goodrum's Garage.

**FLETCHER IN WASHINGTON.**

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 29.—Rear Admiral Fletcher reported to Secretary Daniels today on his arrival from Vera Cruz and was later received by the President.

## BUTTE STILL FEARS A CLASH

**Rival Factions Quiet Today But Plan Meetings Tomorrow Night**

(By Associated Press to Coos Bay Times.)

BUTTE, Mont., June 29.—The offices of Butte Local No. 1, Western Federation of Miners, were expected to be reopened here today in their office building. Federation men and the faction opposed to the federation, each have announced meetings for tomorrow night. Neither, however, has said where the meeting was to be held. A tense feeling continues. Since the riot from which President Moyer fled, no efforts have been made by any organization to bring about peace. Serious charges that the police have been inactive and property unprotected have been made.

**QUIET AT BUTTE.**

(By Associated Press to Coos Bay Times.)

WASHINGTON, D. C., June 29.—President Wilson will take no action in the strike situation at Butte pending further developments. The federal troops will not be moved from Vancouver barracks to Fort Missoula to be in readiness in case of trouble for the present.

**Plan Pavilion.**—Today a dancing pavilion and reviewing stand is being constructed on H. J. Kimball's property at the corner of Market and Second streets. Mr. Kimball is giving free use of the property.
