Celebrate the Fourth At Marshfield  
The entire business section of the city will be turned into a  
playground for her guests. Front street and Central avenue will  
be reserved for visitors and pedestrians almost exclusively. The  
city already owns a liberal amount of decorative material, but  
this year \$500 more has been allowed for a still more liberal sup-  
ply. With flags and bunting, and evergreen, the city will present  
a gala appearance surpassing anything ever attempted. For the  
evenings lights and artistic effects will be secured by special elec-  
tric lighting. On the night of the Fourth a grand display of fire-  
works will be set off across the bay from the city. The effect  
of fireworks so displayed is most satisfactory. They are then seen  
at the best advantage. The "across-the-water" effect adds greatly  
to the pleasure derived from them.

BIG PETITION  
OF DRYS FILED

Over 35,000 Sign Measure to  
Bar Liquor From Oregon  
After 1916

SALEM, Or., July 2.—Mrs. F. S.  
Meyers, wife of the Portland Post-  
master, filed with Secretary of State  
Ben W. Olcott the completed peti-  
tions for the Oregon dry constitu-  
tional amendment which is to be submitted  
to the people in the November elec-  
tion. There were 1036 petitions  
and 35,032 signers, representing ev-  
ery county in the state. This is said  
to be a record for the number of  
signers on an initiative petition.

The proposed amendment provides  
for the prevention of the manufacture  
and sale of alcoholic liquors in the  
state, and if passed will go into ef-  
fect January 1, 1916. It also car-  
ries a provision automatically repeal-  
ing the home rule bill and any other  
measures or city ordinances which  
may be in conflict with it.

Following is the text of the pro-  
posed amendment:  
Article I of the constitution of the  
state of Oregon shall be and hereby  
is amended by adding thereto the  
following section, which shall be de-  
signated Section 36 of Article I.

Exception Is Made.  
Section 36. From and after Janu-  
ary 1st, 1916, no intoxicating li-  
quors shall be manufactured, or sold  
within this state, except for medi-  
cinal purposes, upon prescription of  
a licensed physician, or for scien-  
tific, sacramental or mechanical  
purposes.

This section is self executing, and  
all provisions of the constitution and  
laws of the state and of the charters  
and ordinances of all cities, towns  
and other municipalities therein, in  
conflict with the provisions of this  
section, are hereby repealed.

The committee of one hundred is  
said to be preparing for an extensive  
campaign covering the entire state in  
an attempt to pass their measure.

A  
Convenience  
and Safeguard

If you have ever stumbled on the  
dark basement steps, you can real-  
ize what a convenience it is to have  
an Electric Light Switch at the  
head of the stairs.  
When planning your new home  
or the remodeling of your present  
home, don't forget the switch on  
the basement stairs, or the switch  
to light the second floor lights  
from the first floor.

Remember to include closet  
lights, porch lights, baseboard sock-  
ets for the flat irons and other  
appliances.

It's simpler and less expensive  
to plan these things before the actual  
work is started.
