GREATEST AND MOST BRILLIANT OF WORLD'S EXPOSITIONS WILL BE COMPLETED TO LAST DETAIL ON OPENING DAY.

PANORAMA of about one-fourth of the Panama-Pacific International Exposition, showing nine of the great exhibit palaces which are now within 5 per cent of being complete, lacking only the towers, arches and festival courts. Each of these palaces covers from five to nine acres. The setting in a series of subtropical gardens, extending for two and one-half miles along the San Francisco bay front adjacent to the Golden Gate, is the most beautiful and inspiring ever given an exposition. The vacant space in the center will contain the wonderful ten acre Court of the Universe, dominated by the scintillating Tower of Jewels, 435 feet high. To the right, not shown in the picture, is the concession area, named "El Camino" (The Highway), while to the left, outside the picture, are foreign and state buildings, live stock pavilions, race track, military and aviation fields and Palace of Fine Arts.

GLOBE trotters and officials from all parts of the world who have visited the Panama-Pacific International Exposition grounds at San Francisco have expressed their astonishment and delight at the wonders already revealed there. "The most stupendous undertaking of the kind in history," "The furthest advanced toward completion" and "The most beautiful site and color effect of any exposition in the world" are a few of the expressions from men who are familiar with all of the great world expositions of modern times.

The exhibit palaces are of vast size. In the Palace of Machinery 20,000 people in masquerade costumes danced all night beneath the illuminated arches over nine acres of floor space. Lincoln Beachey flew an aeroplane to the same building.

No exposition has ever attracted such attention abroad. Thirty-six of the world's nations have accepted America's invitation to participate and will present on an elaborate scale exhibits revealing their progress. The participating nations are as follows: Argentina, Australia, Austria, Bolivia, Brazil, Bulgaria, Canada, Chile, China, Costa Rica, Cuba, Denmark, Dominican Republic, Ecuador, France, Great Britain, Guatemala, Haiti, Holland, Honduras, Italy, Japan, Liberia, New Zealand, Nicaragua, Panama, Persia, Peru, Portugal, Salvador, Siam, Spain, Sweden, Turkey, Uruguay and Venezuela.

Work is being rushed on the splendid illuminated towers, fountains and festival courts, where will be shown the masterpieces of architectural, landscape and sculptured decorations and the wonderful outdoor mural paintings, some of them 100 feet long and executed by eleven of America's greatest artists. The garden and landscape effects are almost completed at this writing, over a million rare trees, flowering shrubs and plants being used.

This greatest of universal expositions already gives proof that it will present the masterpieces of the world of art and that in its harmonious beauty, its high educational value and utility it will be unsurpassed in history.

BULL MOOSE ORGANIZE. J. C. Kendall and W. A. Reid Head Campaign Organization.

Coos county Progressives have organized a temporary organization for the coming campaign and expect to make it permanent following meetings at Coquille and Bandon. J. C. Kendall has been elected chairman and W. A. Reid secretary.

The organization was effected at a little dinner given the other night for Wm. Hanley, candidate for U. S. Senator, who was here. Those present were J. C. Kendall, W. A. Reid, Carl Evertsen, Harry Winkler, Harry Painter, Jens Hansen, Harry Hoy, J. W. Motley and Mr. Smith of North Bend. At the meeting, Mr. Hanley told them that he expected to return here in August in his auto and bring Thomas W. Lawson of "Frenzied Finance" fame for a few addresses. Mr. Lawson has a big ranch in eastern Oregon where his son-in-law resides.

The Progressives decided to make a special effort in behalf of E. B. Curtis of North Bend, the Bull Moose candidate for county commissioner.

CELEBRATION ENDS IN JAIL

Olie Anderson Finally Recovers From Protracted Spree Spent \$75.

Olie Anderson, arrested yesterday afternoon by Marshal Carter for being on the streets in a drunken condition, did not realize that the Fourth of July celebration was a thing of the past until he recovered from his protracted spree some time during the night.

Anderson was brought before Recorder Butler this morning for a hearing. He said that he came into the city from the Houser & Houser camp last Thursday with \$75 in his pocket. Here he met a lot of his old-time friends and he tried to show them a good time, he said, Anderson says that he spent every cent of the \$75 celebrating.

According to the officers, Anderson's friends played "horse" with him for a while during the two-day celebration. They bought him a tin horn, then tied a rope about his shoulders and drove him through the streets. When arrested yesterday afternoon Anderson was still in possession of the tin horn, although it had been battered up to such an extent that the wind from a bellows would not make it toot.

Assistant City Attorney Murphy, Recorder Butler and Marshal Carter question Anderson pretty closely this morning concerning his lengthy celebration. Anderson found it hard to recollect anything that happened from the time he arrived until he awoke this morning. He could not even remember the date. When asked to name the day of the week he said it was Friday.

The customary fine of \$5 was assessed against Anderson. He is without funds and could not pay at this time.

Anderson was allowed to go back to the railroad camp with the understanding that he was to pay the fine the next time he returned to the city. Anderson was arrested about two months ago and was fined \$5 at that time.

A. E. King, arrested at 12:30 o'clock yesterday by Officer Smith for being on the streets in a drunken condition was also fined \$5 when brought before the Recorder this morning. King too, had been on a protracted spree and was not aware of the fact that he had \$13 when arrested. He paid his fine and was released.
