THE LIBRARY'S EDUCATIONAL MISSION.

TO THE great mass of boys and girls the school can barely give the tools with which to get an education before they are forced to begin their life work as bread-winners. Few are optimistic enough to hope that we can change this condition very rapidly. The great problem of the day is, therefore, to carry on the education after the elementary steps have been taken in the free public schools. There are numerous agencies at work in this direction—reading rooms, reference and lending libraries, museums, summer, vacation and night schools, correspondence and other forms of extension teaching; but by far the greatest agent is good reading. An educational system which contents itself with teaching to read and then fails to see that the best reading is provided, when undesirable reading is so cheap and plentiful as to be a constant menace to the public good, is as inconsistent and absurd as to teach our children the expert use of the knife, fork and spoon, and then provide them with no food. The most important movement before the professional educators today is the broadening going on so rapidly in their duties to their profession and to the public. Too many have thought of their work as limited to schools for the young during a short period of tuition. The true conception is that we should be responsible for higher as well as elementary education, for adults as well as for children, for educational work in the homes as well as in the schoolhouses, and during life as well as for a limited course. In a nutshell, the motto of the extended work should be "higher education for adults, at home, during life."—Melvil Dewey.

LAIRD IS FINED.

Coquille Autoist Punished in Roseburg for Violation.

The Roseburg Review says: W. C. Laird, a prominent business man of Coquille City, arrived here this afternoon by automobile. He brought a number of persons with him and made the run in 6 1/2 hours. He reports the roads in fairly good condition. He will return to Coquille tomorrow.

Marshal T. J. Williams instituted a crusade against automobilists and motorcyclists who are operating their machines in violation of the city ordinances. W. C. Laird, of Coos county, was fined \$1 for halting his car on the wrong side of the street. Many others, including several physicians, have been ordered to appear at the recorder's office and answer to various violations of the local traffic ordinances. Mr. Laird, who is a stranger in town, expressed great surprise at the action of the marshal, and most especially when he had no knowledge of the traffic regulations here. Others arrested by Marshal Williams were Dr. A. C. Seely, Chas. Barnard and the proprietor of the Impqua Hotel. It is understood sixteen arrests have been made.

BLOWING MONEY.

It's surely funny to blow in money as fast as it is earned, but what will follow, oh gentle Rollo, when all the wealth is burned? Suppose you sicken, and troubles thicken about your lowly shack, while docs and nurses discourse of heaves as you lie on your back? The job you're holdin', with stipend golden, may leave you any day, and you'll sit sweating, in vain regretting, the dough you fooled away. Salt down the plunder, or you will blunder so bad that all your days with melancholy you'll view your folly, bewail your spending craze. If you have rhino, the world rejects you, if you are busted flat. How sweet and mellow to every fellow is life's serene decline, if he is loaded with uncorroded doubloons, put down in brine! How bleak and dreary, and sad and weary, is age to one who's broke, who sits and hollers about the dollars that he sent up in smoke!—Walt Mason.

CAT MOTHERS YOUNG RATS.

In the front windows of Oerding's pool hall has been displayed this week a very unusual sight, two young rats being nursed by a mother cat whose kittens had been drowned to save the chickens. Given to her in the first place for a meal, she wouldn't hurt them, but adopted and fed them regularly.—Coquille Sentinel.

CECIL LYANS GIVEN PLACE

Former Coquille High School Principal Joins Faculty of Eastern School.

EUGENE, Or., July 16.—Cecil K. Lyans, 26 years old, son of W. C. Lyans, of Eugene, has just been elected to the position in the department of education in Pittsburg University, which is made vacant by Dr. H. D. Sheldon, who has been called to the University of Oregon as dean of the department of education. Mr. Lyans is now teaching in the department of education in Pittsburg University during the Summer School session. In 1909 Mr. Lyans was graduated from the University of Oregon and the following year went to Coquille, where he taught in the high school. In 1910 he took the Cecil Rhodes scholarship examination and went to Oxford. Three years were spent in England and in traveling on the continent. On his return to the United States Mr. Lyans entered Clark University in Massachusetts, and last year received his Ph. D. degree in philosophy and education.

PERSONAL OVERFLOW

MISS RUTH ALLEN left today for Goodwill's, on South Coos River, where she will spend a few days with Mrs. D. E. Maloney.

RALPH CLINKINBEARD and Geo. Clinkinbeard, of Coos River, came in on the Rainbow this morning on business, and left this afternoon.

MISS GLADYS HOWARD, of North Inlet, came in on the North Star this morning. She left this afternoon after doing some shopping.

MISS CARRIE STEVENS, of North Bend, returned this morning after visiting her brother, J. L. Stevens, who has the McKnight ranch on Coos River.

GEO. F. MURCH is taking a vacation from his duties as superintendent of the Smith mill and spending his time at his summer home on South Coos River.

MRS. C. H. CHILDERS, of Coos Bay, came in this morning to do some shopping and visit a few friends. She left for her home this afternoon.

JNO. A. BLATT returned today from a short stay at his ranch on South Coos River and plans to return there soon with Mrs. Blatt and their daughter.

E. F. CATHCART, of North Bend, left on the morning train for Myrtle Point, where he will attend to a matter pertaining to his business.

MRS. L. W. MUMLEY, of Bandon, returned to her home this morning after spending several days in the city visiting her mother, Mrs. S. L. Williams.

MRS. ALICE WATSON, of this city, left on the morning train for Coquille, where she will spend a week or ten days visiting friends and relatives.

MRS. R. W. MARSTERS and children and Grandma Houser, of Roseburg, are expected on the evening train to visit Mrs. Marsters' sister, Mrs. Jettie Kendall, of Bunker Hill.

DORSEY KREITZER and family and Eugene Crosthwaite and family left yesterday with A. T. Haines for Sunset Bay, where they will spend a few days at the Haines camp.

EUGENE DOLAN, who has been in Washington for the past four years, has returned to Marshfield and may remain here. He has been firing on the railroad most of the time.

MR. AND MRS. WILLIAM HUTCHINSON and two daughters, Alpha and Eva, arrived in the city yesterday by automobile from Portland. They made the trip into the city by way of Myrtle Point, over the Coos Bay wagon road, and found the road in good condition. While here they are visiting Mr. and Mrs. J. H. Cox and other friends.

HALLUCINATION OF EVANS. Friced to Herd Coquille Bees and Gave Piano to Laundry. The Roseburg Review says: According to a message received here, H. W. Evans, formerly employed by Attorney O. P. Coshow, of this city, has suffered another attack of insanity and will be taken to the state hospital for treatment. Evans was committed to the asylum from Roseburg home and after wandering about the nearby country districts all night, was located by the officers. He was released after three months spent at Salem, and later moved with his family to Coquille. He is an attorney by profession.

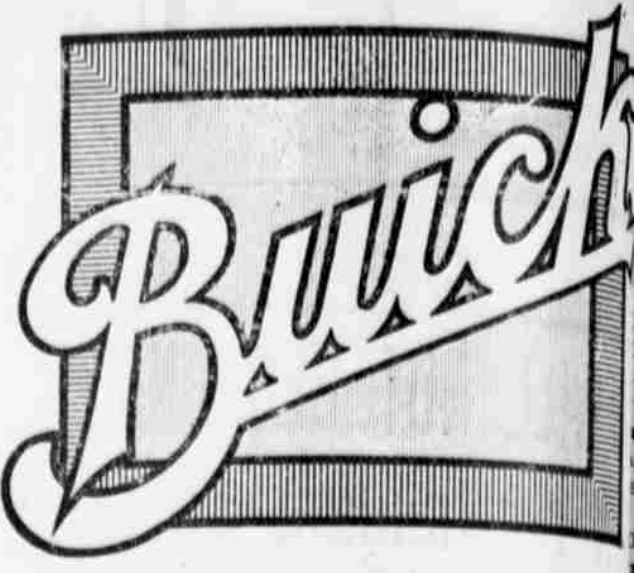

Before being taken in custody by the officers, Evans went to a piano saleroom and ordered a piano sent to the Coquille laundry. He told the salesman that the girls needed music, and that he would pay for the piano. He also imagined that he was the foreman over a swarm of bees and insisted that they should work only eight hours a day. A few evenings ago he attempted to live them at the expiration of what he termed eight hours work, and was quite severely stung.

1915

Valve-in-head Motor Cars

1915

Valve-in-head Motor

The Car of Power, Speed, Dependability and Durability

THE vital factor that has built up such an enormous demand for Buick cars is the Valve-in-Head motor, together with the dependability and durability of construction, comfort and great fuel economy.

At the same time the 1915 Buick models actually offer greatly increased value. This reduction of price is possible because of the volume of business, the improved factory methods and because of the specialized labor and knowledge of the experts in this great factory.

The Buick plant is the largest automobile factory in the world and here practically all parts for the Buick cars are made. This means economy of manufacture, unified effort and centralized engineering supervision.

Every man, every machine, every brain is attending solely to the work of making Buick cars.

THE 1915 Buick has all the fundamental principles with the addition of every improvement that has stood the Buick tests of time. In fact, the three chassis, while the same essentials as last year, have been improved in particular where improvement was possible. Important innovations this season are an increase in the value of the cars:

The new Delco system of starting, lighting and ignition, an increased generating capacity of 35 per cent and spark advance.

Tungsten steel valves. Carburetor supplied by Stewart-Warner gravity feed system.

Controls conveniently located on instrument board. Non-skid tires on rear wheels.

Improved quality of leather for the upholstery and finish.

High grade stream line bodies, hoods and oval radiators.

These are but a few of the Buick improvements that convince the buyer that, regardless of price, we are giving value than ever before. We always have and still give Buick Valve-in-Head motor to develop more power than any type of automobile motor of equal size, American or foreign.

PRICES HAVE BEEN REDUCED ALL ALONG THE LINE

Buick Model C. 25. Four Cylinder. Full sized 5-Passenger Touring Car. Completely equipped except speedometer. Price \$950 F. O. B. Factory

ROSEBURG-MARSHFIELD ELKS' BALL GAME IN AUGUST

The committee in charge of the arrangements for the ball game between the Marshfield and Roseburg Elk Lodge teams recently received a letter from the Marshfield contingent saying the game would probably be played the latter part of next month. The manager of the Marshfield All-Star Elk team says that the Roseburg bat-swingers had better get into training at once, for the Coos Bay boys are in excellent batting trim. The Roseburg team, however, is not worrying about the game and feel just as confident as do the star aggregation from the bay.—Roseburg News.

DON'T FORGET THE SONS OF NORWAY PICNIC AND DANCE AT SIMPSON'S PAVILION, NORTH BEND, SUNDAY, JULY 19.

GOOD SUGGESTION TO MARSHFIELD PEOPLE

It is surprising the amount of old, foul matter the simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, drains from the system. This remedy became famous by curing appendicitis and acts on BOTH the upper and lower bowel so thoroughly that ONE DOSE relieves sour stomach, gas on the stomach and constipation almost IMMEDIATELY. We are mighty glad we are Marshfield agents for Adler-i-ka. The Lockhart-Parsons Drug Co.
