

TWO FALL OFF LAUNCH TODAY

While seated on the stern of the launch North Star, a Mrs. Anderson, with her 6-year-old daughter in her lap, lost her balance and fell overboard this morning. They were rescued by Attorney J. C. Kendall. The accident happened just above Sandy Point.

According to Captain Ned Galloway of the North Star, the boat stuck on a mud shoal and when she was finally floated she started off with a lurch. The woman, with her daughter in her lap, who were sitting in a chair close to the stern, went over backward, turned a complete somersault, and landed on their feet in the water.

Kendall, who was seated near them at the time, jumped overboard and helped them out of the water. Galloway says that the little girl was swimming like a fish when Kendall reached her. He placed her aboard the boat and then assisted Mrs. Anderson aboard. Galloway then steered the boat back to Saunderson's landing, where Mrs. Anderson and her daughter got off.

Both Mrs. Anderson and her daughter were drenched. Kendall came to North Bend and from there to the City by auto and then changed his clothes. It is understood that Mrs. Anderson is the wife of a superintendent at the Houser & Houser camp near Saunderson Lake.

Captain Galloway was busy this morning placing an iron railing around the stern of the North Star to guard against a repetition of such accidents. Several persons have fallen from the boat, but fortunately none have drowned.

Similar accidents have occurred on other launches plying between various points on Coos Bay, some of them resulting fatally.

One man who was drowned when he fell from the launch Union recently, was intoxicated at the time.

LAUNCH DRIVEN ASHORE TODAY

Queen, Belonging to Graham Bros. of Coquille, Wrecked Near Bandon.

(Special to The Times.) BANDON, Or., July 16.—The gasoline launch Queen, belonging to Graham Brothers, of Coquille, and with Capt. Mark Dunham as master, was wrecked on the south beach here this morning, being washed ashore about 400 yards south of the jetty. Capt. Dunham and one of the Graham boys, who were aboard, escaped.

The Queen started out about 5 o'clock and was bound for Coos Bay. On the bar she encountered a roller that filled the engine room and caused the gasoline engine to "die" on them.

The lifesaving crew was called out and were soon alongside the Queen but could do nothing except to drift in with her.

The Queen was not damaged and they hope to get her out again on high tide this afternoon.

Capt. Dunham sustained a few cuts about the face when the wave broke the glass in the pilot room of the launch.

NEW QUARTERS FOR OFFICES

The Sperry Flour Company has moved its offices to its new quarters in the Smith Terminal Warehouse, as it was necessary to have more room to accommodate the increased stock which their growing business compels them to carry.

Mr. Fletcher, district manager for the company, is well pleased with the new location, as it greatly facilitates the service to his patrons, and the arrangement is much better than at the Broadway location.

He informs the representative of this paper that he will be glad to have all visit him in his new office and express their opinion of the new home of the Sperry Flour Company in Marshfield.

MRS. J. A. GOODWILL announces that her SUMMER home on South Coos River is NOW READY to receive BOARDERS or ROOMERS and to serve DINNER any day to picnic PARTIES or excursionists.

RALPH CULVER STILL MISSING

Youth Who Disappeared Monday Morning May Have Committed Suicide.

Mystery still surrounds the disappearance of Ralph Culver, aged 23, who left his room at 234 Market street last Monday morning about 7 o'clock, declaring that he had nothing to live for and that luck was against him. He took none of his personal effects when he left the place and Mrs. E. M. Johnson, who conducts the boarding house, fears that he has committed suicide or met with foul play.

Walter McLeow, of North Bend, telephoned The Times office last night, after reading the story concerning the disappearance of Culver, and said that he saw Culver going toward Shore Acres with a team and wagon on Monday. Whether Culver is in the vicinity of Shore Acres or not has not been learned, as no one of that community has notified The Times office or Mrs. Johnson.

Mrs. Fred Messerle, of Catching Inlet, a cousin of the missing man, came in again this morning in the hope of finding some clue to his whereabouts. Both she and Mrs. Johnson telephoned some of the railroad camps about the bay and inlets, but no trace was found of Culver. This afternoon Mrs. Messerle sent a telegram to T. M. Culver, of Newport, father of the lost boy, telling him that she had instituted a search for him.

Mrs. Johnson has two sons, Arthur and Ernest, both of whom are employed at the Seeley & Anderson camp. She thinks it probable that Culver has gone to the camp in search of work. Mrs. Johnson tried to get in touch with the camp by phone this afternoon, but was informed that it would be about 6 o'clock before there would be anyone to answer at that end of the line.

Culver came here from Newport about a year ago and has worked in a number of hotels and restaurants in the capacity of dishwasher and waiter. He was employed at the Chandler for a while, but quit his job there on May 18. Since that time he has had only temporary employment.

Anyone knowing his whereabouts is requested to telephone The Times office or notify Mrs. Johnson, 234 Market street.

MARSHFIELD MAN GETS COPYRIGHT

D. Y. Stafford is Awarded Exclusive Use of Word "Hi-Tone" for Chocolates.

D. Y. Stafford has just commenced the production of a new brand of chocolate goods under the title "Hi-Tone" chocolates, the name of which has been copyrighted by him and he has been issued papers by the U. S. Government giving him the exclusive use of the word as a trade mark for chocolate, chocolate coated candies, fruits and nuts.

Mr. Stafford has been planning for some time the matter of placing a superior brand of chocolate goods on the market, but did not desire to begin his promotion and advertising campaign until he had his brand properly protected. This has been done and now Coos Bay's fame will be further augmented by the production of Stafford's "Hi-Tone" chocolates. Stafford's candies have for years attained more than a local reputation and with added prestige of a copyrighted brand will still further extend the name and fame of the producer and his home city.

MRS. SAVAGE MEDAL WINNER

Awarded the Gold Trophy by Judges of W. C. T. U. Speaking Contest Last Night.

Mrs. Howard Savage last evening was awarded the gold medal in the Demorest contest which was held at the Marshfield Baptist church under the auspices of the W. C. T. U. There was a large attendance. The judges were J. S. Smith, Dr. E. E. Straw and Mrs. M. C. Maloney. The program was under the direction of Mrs. Rebecca Luse-Stump and it is said to have been one of the best ever held here. It was as follows:

Opening Exercises—By the President, Mrs. Jessie Marsh.

Baritone solo, "How's My Boy," Homer—Alexander Martin.

Recitation, "The Angels of Buena Vista"—Dr. Mattie B. Shaw.

Recitation, "Poorhouse Nan"—Mrs. D. H. Savage.

Baritone solo, "The Rosary," Nevin—Alexander Martin.

Judges decision and presentation of medal—Rev. Robert Browning. Accompanist—Mrs. William Horsfall, Jr.

PLAN EXHIBITS FOR EXPOSITION

Geo. M. Hyland, of Portland, to Be Here Soon to Confer With Chamber of Commerce.

One of the topics to be discussed at the next regular meeting of the Marshfield Chamber of Commerce will center on the proposed exhibits which will be sent from Coos county to the Panama Pacific International Exposition. No definite action will be taken, however, until the arrival of George M. Hyland, of Portland, representative of the Oregon Commission.

J. W. Motley, secretary of the Chamber of Commerce, is in receipt of the following letter from B. T. Voorhorst, office secretary of the Oregon Commission: "Your two favors, July 9th and July 11th, are at hand. In the absence of Mr. Hyland I wish to acknowledge same and to say that I am sure Mr. Hyland will arrange for an early trip into your country, at the expense of the Oregon Commission."

Mr. Hyland is now in eastern Oregon and will return in a day or so, and I believe he planned to be in Lincoln county the latter part of this week. However, will write you definitely upon his return here just when he can reach your vicinity."

Mr. Voorhorst adds that the matter of the relief map is being held in abeyance for the present, pending more detailed information upon a counter proposition which the Commission feels will be more advantageous. This and other matters will be taken up by Mr. Hyland when he is with the local organization personally.

FIREMEN WILL RACE

Plan for Marshfield and North Bend Contest August 4.

A picked team from the Marshfield Fire Department will practice on Front street tomorrow night for the race meet which will be held on Moose Day, August 4, between the local fire boys and the North Bend Department.

With two exceptions the team is the same as the one matched against North Bend last year. Those in the squad are Frank Smith, Pat Flanagan, Hal Stutsman, Bill Longstaff, Duncan Ferguson, C. Larson, Henry Leocq, Arthur Miller and W. Traver.

The boys will practice for the hub race and the water race. Last year they made a record of 100 yards in 12 seconds in the hub race, over a planked street. They expect to do better this year, when the race is run on a paved street.

The coming meet will decide which team is entitled to a silver cup. North Bend has won the race once and Marshfield once.

The Moose are expected to put up a purse in addition to the cup, which will be divided among the winners.

PORT ORFORD OFFERINGS.

Mrs. Wm. Clarno is enjoying a visit from her father, Wm. Cox, and also a sister and brother, Miss Della and Cleve Cox, the latter being accompanied by his wife and two children. Mr. Cox, Sr., who is 76 years of age, is one of the pioneers of this county, but is hale and hearty and looks good for many years to come.

The local election takes place on July 18, and it is not only the privilege, but the duty of every voter in the county, who can possibly do so, to attend this election.

Preparations for the Agate Carnival on the 6th, 7th and 8th of August are moving along nicely and the celebration promises to be the biggest event of its kind in the history of Port Orford.

The mail route from Port Orford to Langlois has been let to Thos. B. Davidson for \$1500 per year, while E. Knapp was the successful bidder on the Port Orford-Gold Beach route on a bid of \$2800.

BIG LEAGUE RACES.

Close Fight in National and Also in American This Year.

NEW YORK, July 16.—The halfway mark in the major league baseball season, reached last week, finds the race in each league an open one, with perfect possibilities for at least three clubs in the National, and for six in the American.

MEAT PRICES WILL RISE.

CHICAGO, July 16.—Meat prices will rise above the record figures of recent years, despite the huge grain crop, according to packing-house representatives, who assert that the present scarcity of cattle and the effect of dry weather on grazing lands would more than offset the enormous grain yield.

A price of 16 cents to the butcher for beef was predicted as an early possibility, and it was pointed out by one of the packing-house men that cattle are now higher than for some time. Scarcity of grass-fed cattle was referred to as a factor in the predicted advance.

\$14,752,652 FOR SHELL FISH.

SEATTLE, Wash., July 16.—During the last year the shell and salmon fishing industry has netted the citizens of this state \$14,752,652, according to a report by State Fish Commissioner Darwin today. The amount is twice as much as the year previous. More than 2,869,126 cases of salmon were packed, valued at \$12,937,006.

produced so tense a struggle for honors. When play closed Saturday night, the lead of the Athletics was only two and a half games over Detroit; Washington was but three games behind the leaders; Chicago half a game further down and St. Louis four games removed from the front. Boston trailed in the leading sextette, five games from the top.
