WASHINGTON, D. C., July 21.—Provisional President Carbajal does not intend to surrender unconditionally to Carranza and will concentrate his military forces and resist invasion rather than permit the Constitutionalists to enter Mexico City without previous agreements not to wreak vengeance on the lives and property of those who supported Huerta.

MEXICO CITY, July 21.—Up to an hour today the followers of Zapata, who has been operating in northern Mexico, had not attacked Michimico, a village about twenty miles from the capital, which place they began to threaten yesterday. ARE NEARING MEXICO CITY

Federal Governor of Puebla Allows Peaceful Entry to State Capital.

MEXICO CITY, July 21.—The Federals who evacuated San Luis Potosi are concentrating in Gonzalez and Queretaro. The Constitutionalists troops, it is reported, have begun their advance south from San Luis Potosi. Reports from Puebla say that the governor of that state has sent delegates to confer with the Constitutionalists in order to arrange for a peaceful entrance into the state capital. General Obregon's army has arrived at Irapuato, 160 miles northwest of the capital.

There are no new developments in the political situation. It is believed that nothing definite will be done until next Tuesday, when General Carranza or his delegates are expected to arrive here to confer with Carbajal.

This was the tenor of information from authoritative sources in Mexico City to the Washington diplomats. It spread a feeling of pessimism in some quarters over the possibility of an amicable settlement. Another aspect of the situation commented on was the knowledge that Carranza, while informing the American consul at Monterey that he would receive the commission from Carbajal, made it plain that he would do so only to arrange for unconditional surrender by the Mexico City authorities. Diplomats are watching with keen interest the reports stating that Villa is again threatening to break with Carranza.

GREAT DRAMA IN VANCOUVER

Large Crowds Throng Water-Front to See Trouble Between the Hindus and Officers.

TAKE ACTION SOON.

VANCOUVER, B. C., July 21.—The 350 Hindus on the Japanese steamship Komogata Maru were granted until 2 o'clock this afternoon for the surrender of the ship to her officers. The Canadian cruiser Rainbow is in port ready to seize the ship if the Hindus remain in rebellion. 200 militiamen were drawn up on the wharf ready to embark on the Rainbow if needed.

VANCOUVER, B. C., July 21.—The Dominion government cruiser Rainbow reached the harbor this morning to join with the military forces here to suppress trouble aboard the Komogata Maru. The Hindus on board that vessel have so far shown no signs of yielding and apparently intend to fulfill their threats that they would fight off anyone who attempted to board the ship. Thousands of people now throng the waterfront expecting to witness a moving picture drama of absorbing interest.

The officials of the local military corps and the immigration department have gone aboard the ship under a flag of truce to hold a conference.

MUCH INTEREST IN CONFERENCE

Great Crowds Attend Meeting to Adjust Home Rule for Ireland Question.

LONDON, July 21.—For the first time in modern history of England, the King recognized that the cry of civil war was on the lips of many responsible and sober minded subjects in connection with the Irish Home Rule crisis. His speech to the leaders of the various parties called together in conference was very grave in tone and he told them that he regarded them as trustees for the honor and peace of all. He told them the time was short and urged them to be conciliatory in their deliberations.

LONDON, July 21.—So deep was the interest taken by all classes in the crisis which has arisen over the Irish Home Rule question, that great crowds assembled outside of Buckingham Palace while the conference inaugurated by King George to bring about a settlement was held. After a brief conversation with representatives of the different parties, the King withdrew. The conference, after a session of half an hour, adjourned until tomorrow.

OFFICE BOYS GIVE EVIDENCE

Tell of the Entrance of Mme. Cailaux into Room of Editor of Le Figaro.

PRESIDENT TESTIFIES.

PARIS, July 21.—The most important testimony of the second day's hearing of the trial of Mme. Cailaux was that of President Poincare, whose deposition was read. This was a narrative of how Cailaux, when the minister called on Poincare on the day that Calmette was killed, had spoken about the probable publication of letters between himself and wife. In the course of an excited talk, Cailaux had exclaimed: "If Calmette publishes the letters I will kill him!"

PARIS, July 21.—Two office boys from the newspaper Figaro were the first witnesses at the trial of Mme. Cailaux. They described her arrival at the office of the Figaro, told how she waited and gave details of her entrance into the room occupied by Calmette and of their hearing shots. One of the boys crouched down on the witness stand and uttered a series of low cries to show how he found Calmette, who was sheltering himself behind his desk.

NO BASEBALL STRIKE AHEAD

Differences Between Players' Fraternity and National Commission Settled.

NEW YORK, July 21.—There will be no strike of baseball players tomorrow in the major leagues. The Kraft case, the basis for the strike order issued yesterday by the baseball players' fraternity, was settled today by the Newark International's agreeing to buy Nashville's interest in Kraft.

The recent differences in baseball circles between the Ball Players' Fraternity and the National Commission arose from a recent ruling by the Commission that Kraft belonged to the Nashville, Tenn., club of the Southern Association. The Fraternity claims he belongs to the Newark (International) Club, and is therefore entitled to the salary paid by the Newark Club, which is higher than Nashville would pay.

KEEP NAMES SECRET.

State Commission Will Not Give Out Accidents.

SALEM, Or., July 21.—Sixty-six claims for compensation have been presented to the State Industrial and Accident Commission since the workman's compensation act became effective, according to members of the Commission. Four of these accidents were fatal.

Because of fears that ambulance-chasing lawyers will seek out the injured workmen and prevail upon them not to accept benefits under the act, but instead seek redress in the courts, the Commission has adopted the policy of withholding from publication the names of those injured. Under the act an injured workman may sometimes elect to accept compensation under it, or seek redress in the courts, and because of fears that ambulance-chasing lawyers may represent to the workman that he has an action in the courts when he has no grounds for one, the decision was reached to withhold the names of injured.

Representative James T. McDermott of Illinois Is Facing Lobby Charges.

CREATES SENSATION IN REPRESENTATIVE HALL

McDermott Charged With Forgery and Using Official Frank Illegally.

WASHINGTON, D. C., July 21.—Representative James T. McDermott, of Illinois, today on the floor of the House, offered his resignation to take effect immediately. McDermott is under charges in connection with the lobby investigation.

McDermott, Democrat, representing the constituency which includes the stockyards district of Chicago, will be one of the figures in the exposures of Martin M. Mulhall, star witness in the lobby investigation. The majority report of the investigating committee is now ready to come before the house.

The report recommended that McDermott be censured, along with the officers of the National Association of manufacturers. The minority report recommended that he be expelled.

The resignation came as a sensation when, immediately after the House had assembled, he rose to a question of personal privilege and offered it from the floor, declaring he would appeal his case to the people of the Fourth Illinois District. He said he had already forwarded his resignation to Governor Dunne and announced himself a candidate for re-election.

"Unfortunately," he said, "I came to this House a poor man. Fortunately for myself, however, taking into consideration the character of the charges against me, I leave this House a poor man." Mulhall charged McDermott had permitted him to use his congressional frank for circulating matter for the manufacturers and that McDermott had claimed he had received \$7500 from local pawn brokers to work against the federal loan shark law and a \$2000 contribution from the Chicago Brewers' Association.

McDermott's assertion was that the money received from the pawn brokers was in the nature of a personal loan and that the brewers' contribution was only \$500 and made out of personal friendship. He also denied the charge by Mulhall that he had forged Harold F. McCormick's name to a check for \$250.

HOT WEATHER IN THE VALLEY

Judge Coke Returns from Auto Trip Through Willamette—Business Better.

Judge J. S. Coke and wife and children and Miss Evelyn Anderson returned home last evening from a two weeks' auto tour of the Willamette Valley following a few days' stay at Corvallis, where Judge Coke held court.

With the exception of the latter part of last week, when the weather was intensely hot, they had a very enjoyable trip. At Salem it was reported to be 105 in the shade, 102 at Medford and over 100 at Roseburg. Friday was also one of the hottest days of the season in Coos county, the loggers at Conledo and at Camp One stating that it was the hottest they ever experienced there.

Judge Coke states that the Willamette Valley was in the height of its glory. The fields of blossoming clover, green fields of corn, ripening fields of grain, hay in the shock and everything that added to its beauty as a pastoral scene.

Business generally is picking up, Judge Coke says. Politics are also beginning to liven up and the "wet" and "dry" campaign is especially attracting attention. The liquor men claim that they will win, while others maintain the state will go dry by a big majority.

Judge Coke met F. B. Waite, who was en route to San Francisco on some big business deal. Mr. Waite informed him that W. J. Wilsey was expecting to come to Coos Bay very soon.
