The estate totalled about \$6000 and in the settlement it is understood that Housley receives about one-third, or \$1500.

**CLOSE RACES IN BIG LEAGUE**

(By Associated Press to Coos Bay Times.)

**NEW YORK, July 21.**—With the close of the baseball season less than two months away, the pennant races in both major and minor leagues are tightening up in a remarkable manner when the scores of associations are considered as a whole. With a few exceptions here and there, the struggles for first places are far closer than has been the rule for several years. If the claim that this is a poor financial season in baseball is correct it is certain that the charge cannot be laid to one-sided flag races. In the major leagues at least six clubs have pennant chances. Philadelphia, Detroit and Washington are all in the American League race and the first four clubs in the National organization all figure as possible winners. The same situation exists in the Federal and International Leagues.

The race in the Class A organizations is also close. The Southern Association pennant struggle is one of the most interesting in years, less than 100 points separating the first six clubs. In the Western League Denver, St. Joseph, Lincoln and St. Joe City are all bunched and as the season does not close until September 27 any one of these clubs may prove the flag winner. Among the Class B leagues the average is not so close. New London has a good lead in the Eastern Association; Dayton in the Central League; Wilkesbarre in the New York State League, and Davenport in the Three I League. In the Texas League Beaumont, Houston and Waco are all in the race, while Worcester, Portland, Lawrence and Lynn have a pennant chance in the New England League.

The Class C races are also proving of much interest to the baseball fans of the respective league territories. Charleston leads the South Atlantic race with Albany having a fair chance if the leaders slow up for any reason. The Virginia contest is closer for Norfolk, Newport News and Richmond are closely grouped. Further north in the Wisconsin-Illinois League five clubs are in the flag race, there being hardly a hundred points between the first and the fifth teams. Bay City appears to have a safe lead in the South Michigan League, while Winnipeg, Grand Forks and Virginia all have a chance to win out before the season closes on Labor Day. The same can be said of Fall River, New Bedford and Pawtucket in the Colonial League, while London and Ottawa are leaders in the Canadian League.

This audience of newspaper readers is more than five times as great as the combined seating capacity of all the theatres on Coos Bay.
