Mediation Board Assembles and Considers Demands of Mexican Federals.

CARBAJAL INSISTS ON A GENERAL AMNESTY

Formal Appeal Made to President Wilson to Use Influence on Carranza.

By Associated Press to Coos Bay Times. WASHINGTON, D. C., July 22.—Ambassador De Gama and Ministers Suarez and Naon, the three mediators in the Mexican affair, appealed to President Wilson today to have the United States use its influence with Carranza to obtain a general amnesty for those who supported Huerta.

It was the first formal call of the mediators since the conference at Niagara Falls adjourned. They were accompanied by Secretary Bryan and for nearly an hour discussed the situation. They expressed the view that Carranza was ready to turn over the government to Carranza but wanted guarantees that there would be no wholesale executions, arrests or confiscation of property. They told the President that Carranza would not surrender unconditionally and unless guarantees were given he would resist to the utmost. They intimated that their own governments probably would be unable to recognize any administration in Mexico which refused to give quarter to the enemy or establish itself by peaceful means in accordance with the civilized practice among nations, and that the influence of the United States was being relied on by Carranza to obtain satisfactory terms from the Constitutionalists. This was explained by Jose Castellot, the personal representative of Carranza, with whom the mediators also conferred.
