WILSEY MOVE CAUSES TALK

Much Speculation as to His Plans About Kinney Property—Hitchcock Coming.

ARRIVES HERE. W. J. Wilsey arrived in late this afternoon on the Roseburg auto stage line. He was alone.

W. J. Wilsey is expected in late tonight or tomorrow morning and his coming has caused much speculation as to his plans for trying to secure the Kinney properties for which he was negotiating a year or so ago. H. C. Diers, of North Bend, who has been looking after Wilsey's North Bend holdings, has been busy for some time checking up the Kinney properties, showing just what acreage there is, what is platted into town lots and the waterfront, etc. Whether Wilsey plans to try and buy it all or just the lots or just the acreage, no one here knows.

It has generally been supposed that the property which Wilsey purchased in North Bend was for a pool in which some of the officials of the McArthur-Perks Company were interested, and also some others who were connected with Wilsey's railway project. Vice-President Hitchcock of the McArthur-Perks Company has recently returned to the United States from Spain and is expected to be in Eugene some time this week and may come to Coos Bay. His coming is presumed to be in connection with the bridge contracts on the Southern Pacific line.

F. B. Waite, whom rumor has also linked up with Wilsey in the proposed deal for the Kinney properties, has been expected here for the past week or ten days.
