

DEMAND PEACE IN OLD MEXICO

United States Will Insist on Carranza Agreeing to Armistice There.

Efforts are being made today by the United States to influence Carranza to bring about an immediate armistice in Mexico. This action followed an appeal from Carranza to stop all further fighting as not only "unnecessary but inhuman in view of the certain success of the peace negotiations."

NETHERLANDS IS NEUTRAL.

THE HAGUE, July 31.—An official gazette today published a declaration of absolute neutrality on the part of the Netherlands during the Austro-Serbian War.

HUNGARIAN PARTRIDGES.

Coos County's New Game Birds Are Heard From.

Concerning the twenty-four Hungarian partridges released by the State Game Commission in Coquille, A. J. Sherwood, president of the Coquille Rod and Gun Club, writes to the Oregon Sportsman as follows: "The Hungarian partridges which were released in the Fairview section about ten miles from here have been seen in pairs in various parts of the valley this spring. There is hardly a farmer who comes from that locality who has not seen a pair of these birds. Some of the Chinese pheasant cocks released in the same vicinity have been heard crowing at different places in the valley and have been often seen."

"A logger told me that three miles south and west of Coquille, a Chinese pheasant hen hatched five chicks. He counted them as they crossed the road. While he was watching them a hawk picked up one of them and flew away. However, I think the tame cats gone wild are the greatest enemies of these game birds in this locality. We have several sportsmen here who will miss a shot at a quail any time during the open season for the sake of getting one at a cat or a hawk."

THE GROCER.

The grocer sells the things we eat—all sorts of things, in season; the pickle sour and honey sweet, and garden sass in season. He sends things where his patron dwells, and strange it seems to many he doesn't eat the goods he sells, to gain an honest penny. He has his window filled with fruits that came from distant regions, from countries where the warthog roams, and jaguars roam in legions. The treasures of some far-off clime—no royal store could beat them! And still I wonder, all the time, just why he doesn't eat them. With dates from Araby the blest, and figs from Asia Minor, the smiling grocer does his best to please the western diner. Imported things upon his shelf, spaghetti, cheese and noodle, if I were he, I would, myself, consume the whole caboodle! The grocer reaches south and north and east and west he reaches, for all the staples of worth, the cantaloupes and peaches; the new potatoes and the peas, the condiments and sauces, the Chinese eggs and Switzer cheese, which oft are total losses. I'd hate to sell such tempting things; if patrons came, I'd greet them, and say, "They're not for sale, by jings, for I intend to eat them!"—Walt Mason.

PLEADS FOR JUSTICE FOR MAN.

Editor Times: Why not in our public schools teach every little girl how to shoot. When she grows to womanhood to put herself before the public she must shoot some man; it will be all right, the man wronged her, poor creature.

It is getting so women can shoot men where and when they want to and in nine out of ten cases the verdict is "not guilty."

Having been following up in The Coos Bay Times, the news of the trial of Mme. Caillaux in Paris, it makes me laugh to think of the verdict. And how she wore a black dress, looking very pale and vivid, also how she fainted; of course she had to faint to make the farce look right; and with outstretched arms, just like the Statue of Liberty without the bonnet, saying, "I was justified in killing Calmette." Of course she was.

Now in this country these cases are numerous, and the sooner we punish these fiends the sooner there will be less man-killing.

They are clamoring for equal suffrage. Why not equal punishment for them also?

Let us have one law—not one for women and one for man.

HOW TO ROLL AN UMBRELLA.

A Neat Job Possible by Following These Directions.

I hinted just now that few men can roll up an umbrella nicely. Here is the method I was taught. It is not very pretty, but it is effective. You begin by folding up a sheet of newspaper to form a little pad; otherwise you are apt to spoil your wall paper. Now for the rest.

Hold the umbrella horizontally. Hold the pad of paper against the wall, press the end of the umbrella against the paper and the handle of the umbrella against your own body. This leaves the hands free for the delicate task of rolling up the umbrella. Find the button. Bring the fold with the button on it to your left, and let it hang down. Then pull out each fold and pass it over the first. Throw the lot loosely around the umbrella without disturbing the creases of the folds. Grip the tops of the ribs with the right hand. Put your left hand around the other end and wind the umbrella through the left hand with a screwing motion.

Do not let go of the tops of the ribs of the umbrella. When you have to move the hand, slide it around. If you let go you will find that the ribs get out of place and then the folds of the umbrella will follow suit. When the umbrella is rolled up, grip it tightly until you have fastened it. If you fail in that detail you will get an unsightly bulge in the center of the umbrella.

LUMBERMEN LEAVE HERE.

Schafer, of Oakland, Cal.; John Thorpe, of Memphis, Tenn.; James Danaher, Jr., of Portland, all well known lumbermen, arrived in the city yesterday after a business trip to Coos county, where they have extensive lumber interests. They all left last night with the exception of Mr. Danaher, who will make the trip to Portland in the machine.—Roseburg News.

ROSEBURG GIRL WINS.

At the grand ball held in connection with the Elks' reunion, which recently closed at Denver, Colorado, Miss Gertrude Hildeburn, of Roseburg, was declared by vote to be the most skillful dancer and the most beautiful lady in attendance. There were over one thousand persons present at the dance, including women from all sections of the United States. Miss Hildeburn is a daughter of Mr. and Mrs. James Hildeburn, of this city, and went to Colorado a few weeks ago on her vacation. Incidentally, she attended the Elks' reunion, where she was royally entertained.—Roseburg News.

WILL USE DRUNKS.

The Medford Tribune says: A half-dozen drunks, held in the city jail for imbibing too freely, were shipped to Drain, Oregon, Sunday afternoon for construction work in that section. A call has been given to the police of all cities in the Rogue River Valley asking them to send all laborers desiring work to Drain.

AN OLD RECEIPT TO DARKEN HAIR

Common Garden Sage and Sulphur Makes Streaked, Faded or Gray Hair Dark and Glossy at Once

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays, we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger. For sale by Brown Drug Co.
