Bring Your Job Work To THE TIMES

GREAT GAME OF BASEBALL

Unusual Occurrences Mark July Contests on Diamond—Features of Month.

NEW YORK, Aug. 3.—A series of unusual occurrences marked July in professional baseball. Extra-inning, no-hit games, and accidents on the diamond, were grouped within a few days, as was the case just about this period in 1913. Taking these unusual features by dates, July 17 saw Clyde Milan in collision with Moeller, his team-mate, as both raced for a fly ball in the Washington-Cleveland game, with the result that Milan received a badly fractured jaw. On the same day George Weaver, captain of the Chicago White Sox, collided with Demmitt under similar circumstances, and was severely injured about the head. A no-hit, no-run game and a twenty-one-inning struggle also figured in the records of July 17. At Pittsburgh

the New York Giants and the Pittsburgh Pirates played twenty-one innings, the New York club winning by 3 to 1. Rube Marquard and Babe Adams, the rival pitchers, twirled the entire contest. With the exception of the twenty-four-inning game between the Philadelphia Athletics and the Boston Americans on September 1, 1906, this is the longest game ever played in the major leagues.

Three days previously the Hartford club defeated the New Haven team 2 to 1 in a twenty-three-inning game in the Eastern Association, which is the third longest game in the record of professional baseball. The twenty-six-inning contest between Decatur and Bloomington of the Three-III League, played on May 31, 1909, still holds first place and the Philadelphia-Boston twenty-four-inning match second position in the record of long games. Getting back to July 17 again, James Withers, pitcher of the Duluth Club of the Northern League, twirled a no-hit, no-run game against the Virginia Club of the same league. This is the third hitless game of the Northern League this season. The next day, at Lebanon, Pa., the Lincoln Giants, a semi-professional team, varied the schedule by defeating the home club 23 to 3, and incidentally scoring eight home runs. Three players each secured two circuit hits. Moving on to July 19, the records show that the Wichita Club of the Western League defeated Sioux City 3 to 2 in a twenty-two inning game, which required four hours and forty-eight minutes to play. On the same day, at Long Branch, N. J., Jose Acosta, the Cuban pitcher of the seashore team, shut out the St. Louis American League Club without a hit or run, winning a 3 to 0 victory, in which he did not give a base on balls and had but twelve balls called on his delivery for the full nine innings.

Shamrock Due Soon.
Enthusiasm regarding the chances of the Shamrock IV lifting the America's cup has increased remarkably throughout England since the Lipton challenger sailed for American shores. A number of private parties have arranged to cross the Atlantic to witness the cup races off Sandy Hook and the latest scheme in subscription tours to the states for the international yachting event. The trips, which are to cover a period of thirty-five days, are advertised at public subscription at \$525. The service includes steamship and hotel accommodations in addition to the excursion steamer to follow the cup contenders. It is expected that from 500 to 1000 will be sold before the books close late this month.

LIVESLEY WINS PLACE.
J. S. Barton's Brother-in-Law is Awarded Mayoralty at Woodburn.
The following Salem dispatch will be of interest here, as Mr. Livesley is a brother-in-law of J. S. Barton of Coquille and with his family is now visiting at Coquille and Bandon:
Circuit Judge Benson, of Klamath Falls, has decided that P. A. Livesley is Mayor of Woodburn. The decision was received by the Clerk of the Marion County Court. Judge Benson presided at the hearing at the request of Circuit Judge Kelly.

Mr. Livesley and J. R. Landon were aspirants for the mayoralty at the last election, Mr. Landon receiving a majority of five votes. Livesley alleged that his opponent was not a citizen of the United States and succeeded in having Landon ousted from office. D. A. McKee sued to have Livesley ousted, alleging that the courts did not have jurisdiction. Judge Benson held to the contrary and also that Livesley was entitled to the office.

FIRM CHANGES BRANCH.
The mill and store at Acme which has been owned by Wendling-Johnson Lumber Co. for several years, has been transferred to the Weed Lumber Co.
This corporation is composed of about the same stockholders and officers as the Wendling-Johnson Company.
There will probably be no change in the local management of the business.—Florence West.

WANT HARBOR BILL PASSED

Hugh McLain Tells Portland Meeting a Few Things—To Refund Money.

Hugh McLain returned Sunday from Portland, where he attended a meeting of the Portland Chamber of Commerce to urge the passage of the Rivers and Harbors bill. He made a special trip from Roseburg to Portland to attend it and took advantage of the situation to point out to Portlanders that now they had encountered a situation which Coos Bay had long been up against and in which they had never turned their hand over to assist Coos Bay.

Mr. McLain said that in the many years that Coos Bay had been endeavoring to secure Federal aid for its harbor, not a single Portland organization had commended or urged its cause. He said that Joe Teal had personally favored Coos Bay or its delegates but that Portland commercial organizations had never rendered any assistance. However, he said in the present case Coos Bay was only too glad to lend its influence to aid Portland in the present emergency.

Resolutions to be sent to the Senators and Representatives of the Pacific Coast states in Congress, the President of the Senate and the Speaker of the House, urging upon them the necessity of securing the passage of the pending rivers and harbors bill were adopted unanimously at a mass meeting held in the Chamber of Commerce rooms, attended by representatives of northwest communities that would be affected by the failure of the bill to pass.

The officers of the Portland Chamber of Commerce were instructed further to send telegrams to the leading commercial chambers in the United States, particularly in those communities mentioned in the general bill, requesting their co-operation, and to urge upon the business men of Portland to send dispatches to eastern manufacturing houses from whom they make purchases, asking, as personal favors, that they communicate with their representatives in the National Legislature, requesting their support of the general bill.

The general resolution was framed by a committee composed of J. N. Teal, of Portland, chairman; Hugh McLain, of Marshfield; J. T. Hinkle, of Hermiston; Wallace Struble, of Astoria, and A. H. Devers, of Portland.

The resolutions, in part, state: "Resolved further, that by reason of the fact that the Port of Portland, Port of Astoria and Port of Coos Bay have this year contributed directly large sums to aid in work now in progress at the mouth of the Columbia and at Coos Bay, we feel good faith on the part of the general government requires it to continue the work which has thus been maintained by money raised by taxation by our local communities.

Coos Representative Heard.
Among the out of town representatives was Hugh McLain, president of the Marshfield Commercial Club.
"There is no pork in the \$50,000 appropriation for the Coos Bay bar in the rivers and harbors bill," said Mr. McLain, after J. N. Teal had gone exhaustively into the merits of the measure, and the disastrous effect that its defeat would have on the Northwest. "We have over 800,000 tons of commerce over a bar for which the government has done nothing for fourteen years."
"You can't make these resolutions too strong. Coos Bay is with you, heart and soul."

ENGLISH VIEW GIVEN.

The London Times in an editorial July 30 on the war crisis said: "If France is menaced, or the safety of the Belgian frontier, which we guaranteed with France and Prussia, we shall know how to act. We can no more afford to see France crushed by Germany or the balance of power upset against France, than Germany can afford to see Austria-Hungary crushed by Russia. Upon that issue, should it have to be determined by war, our friends and our enemies will find that we think and act with one accord."

NEW FRENCH COINS.

PARIS, Aug. 3.—The first of the new perforated nickel coins have just been struck at the Paris mint under the supervision of the designer, Henri Lindauer, and from now on no more copper money will be minted. The passing of the traditional sou, will, however, be slow. The new nickels will not be placed into circulation for several months, and then only in small quantities to replace the copper coins, which will be gradually withdrawn. Newspaper humorists are deriving much fun out of the hole in the middle of the new five-centimes piece. It is asked whether they will be worn on a string around the neck like Chinese "cash," and if so, whether a thoughtful government will provide the necessary string.

COOS COUNTY FINE.

A. F. Rapp, traveling auditor of the Wells Fargo Express Company, returned last night from a trip to the Coos Bay country. He reports that section of Oregon, especially Marshfield, in a very prosperous condition.—Eugene Register.

MEAT INJURIOUS TO THE KIDNEYS

Take a Tablespoonful of Salts if Back Hurts or Bladder Bothers.—Meat Forms Uric Acid.

We are a nation of meat eaters and our blood is filled with uric acid, says a well-known authority, who warns us to be constantly on guard against kidney trouble.

The kidneys do their utmost to free the blood of this irritating acid, but become weak from the overwork; they get sluggish; the eliminative tissues clog and thus the waste is retained in the blood to poison the entire system.

When your kidneys ache and feel like lumps of lead, and you have stinging pains in the back or the urine is cloudy, full of sediment, or the bladder is irritable, obliging you to seek relief during the night; when you have severe headaches, nervous and dizzy spells, sleeplessness, acid stomach or rheumatism in bad weather, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys, to neutralize the acids in urine so it is no longer a source of irritation, thus ending urinary and bladder disorders.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink, and nobody can make a mistake by taking a little occasionally to keep the kidneys clean and active.
