

# MARSHFIELD IS PLEASANT PLACE

### Newcomer Writes Back Home About Palms, Calla Lilies and Roses She Found Here.

The Prosser, Wash., Bulletin prints the following letter from a recent arrival in Marshfield:

"After bidding my friends in Prosser good-bye on the morning of June 26 I boarded the 9 o'clock train bound for Marshfield, Or.

"I bade my traveling companion, Mrs. Bert Russell, good-bye at Pasco, took the North Bank train at 12:45 for Portland, where I arrived at 8 o'clock p. m., and was met soon after getting off the train by a policeman who inquired about my destination and as soon as she learned what I wanted, or rather what I needed, had me wait just a little bit till she looked a little more for some parties she had been asked to guide to their friends, then she carried my suit case and delivered it to the representative of a hotel which was located conveniently near the dock from which I was to sail at 8 o'clock the following morning.

"Our trip the following morning down the Willamette and Columbia Rivers on the steamer Breakwater was very interesting. We crossed the Columbia River bar at 5 p. m. The ocean was a little rough and I was real sick before we crossed in over the Coos Bay bar. We arrived off the Coos Bay bar some time before daylight but were delayed by a dense fog and did not cross the bar until about 8 o'clock. As soon as we were in the Bay I began to feel better, but the entire effect of my seasickness did not leave me for a few days.

"The Bay is a nice body of water and a fine deep-water harbor.

"The steamer first stopped at North Bend, which is about five miles from the bar. The first passengers were provided with tickets and as the vessel would be several hours there unloading freight we all took the autos for Marshfield. My nephew met me at North Bend and accompanied me to his home, which is on South Coos River and about nine miles from Marshfield.

"The trip up Coos River was made on a large gasoline launch, of which there are several making regular trips each day.

"Coos River is a pretty strip of tide-water extending about eighteen miles from the Bay. There are several arms to the Bay that are navigable and along which there are many fine dairy farms.

"At both Marshfield and North Bend there are several lumber mills, chief among which is the C. A. Smith mill, which is probably the best in the world. There is so much timber contiguous to Coos Bay that it seems inexhaustible, but these great mills are cutting hundreds of thousands of feet daily.

"In Marshfield there are Calla lilies higher than my head and palms twenty-five feet high that have stood out in the yards many years unharmed by frost. Roses bloom the year around and are the height of perfection. Your respectfully,  
"MARY E. ROBERTS."

# NEW ROAD IS NOW PROJECTED

### Jack McDonald and C. H. Dungan Propose Highway Along Coos River.

A movement to secure the construction of a fine roadway from Coos Bay to Daniels Creek and from Coos Bay to Allegany, where it will connect up with the Drain road, has been started. The new highways are to have the same route to just above the forks of Coos River, traversing the south bank, and it is proposed to either bridge or put in a ferry from near the C. H. Dungan ranch to the James Landrith ranch, where the road to Allegany will start.

Jack McDonald of Daniels Creek had the matter up recently with C. H. Dungan and the latter may begin the circulation of petitions for it soon. Mr. Dungan says it would be a great boon to that section and the territory beyond as it would permit autos to reach it. By using a dredge to throw up a dike for a roadway, the river channels would be improved, the lands diked and a fine highway built at the cost of one project. He thinks all the ranchers will be enthusiastic for it.

### BANDON SOCIETY

Raymond E. Watkins and Miss Rittie McNair were the contracting parties in the prettiest wedding of the season at the home of the bride's parents, Mr. and Mrs. A. McNair, last evening. Rev. A. Haberly conducted the ceremony and the bride was attended by Miss Erma Crain, While Everard Boyle acted as the best man.

The bride was beautifully gowned in white and carried a bouquet of white sweet peas. The house was artistically decorated in greens and flowers, gave a decidedly pretty touch to the affair. Mr. and Mrs. Watkins was escorted to their home on West Ninth street, where they will be at home to their friends.

Gladys Gallier celebrated her 15th birthday at the hotel parlors Saturday afternoon by entertaining a number of her young lady friends. A very pleasant afternoon was spent. Those present were: Otille Lewin, Amy Winsor, Helen Stoltz, Susie Hill, Gail Boak, Edna Gallier, Hattie Johnson, Minnie McCurdy, Gladys Gallier, and Mrs. Geo. Laffaw.—Bandon World.

### MONEY AVAILABLE FOR REBUILDING

That there is ample money to be had for the purpose of rebuilding the burned district of Bandon is the encouraging news brought here by J. L. Kronenberg, who with his family returned Saturday from their vacation trip. Mr. Kronenberg spent some time in Portland looking up loans and has succeeded in locating all the money that may be desired. With reasonable security property owners can procure sufficient funds with which to rebuild. The interest rate is said to be as low as five per cent.

It is believed that a number will take advantage of this opportunity and there will be some new buildings started soon.—Bandon World.

# IF KIDNEYS ACT BAD TAKE SALTS

**Says Backache is a Sign You Have Been Eating Too Much Meat Which Forms Uric Acid.**

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have back ache, sick headache, dizzy spells; your stomach aches, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure and makes a delightful, effervescent lithia-water drink.

# Convenience and Safeguard

If you have ever stumbled on the dark basement steps, you can realize what a convenience it is to have an Electric Light Switch at the head of the stairs.

When planning your new home or the remodeling of your present home, don't forget the switch on the basement stairs, or the switch to light the second floor lights from the first floor.

Remember to include closet lights, porch lights, baseboard sockets for the flat irons and other appliances.

It's simpler and less expensive to plan these things before the actual work is started.

# TURKEY WILL RECALL MEN

### About 150 Local Greeks Expect to Be Called Back to New European War.

(By Associated Press to Coos Bay Times.)  
ATHENS, Aug. 13.—Large Turkish forces have been concentrated on Bulgarian territory near Ferejik. They are moving apparently in the direction of the frontiers of Thrace and Bulgaria by agreement with Bulgaria.

John Allen, one of the leading local Greeks, received notice this week that war between Turkey and Greece was imminent and that a call might be received at any time now for all local Greeks to return and aid in the hard struggle.

There are about 150 Greeks in Coos county and north of here and a good many of them will return to aid Greece.

In the present struggle, it seems that Bulgaria, which was an ally of Greece in the recent Balkan war, is aiding Turkey to some extent, that is, permitting the Turkish army to cross Bulgaria and carry the campaign right into Greece. Had it not been for Bulgaria giving this assistance, Turkey would have to depend on her navy, and Greece claims supremacy in this respect. It seems that there is an old grudge between Bulgaria and Greece, Greece at one time permitting Turkey rather than Bulgaria, to take Adrianople.

In case the Greeks are called back to fight, each Greek has to pay his own way.

**DANGER IN COAST TRAVEL.**  
PORTLAND, Or., Aug. 13.—Risking an attempt at being captured by the German cruisers reported to be off the coast, the British steamship Hazel Dollar, Captain Ridley, left San Francisco for the Columbia River yesterday afternoon. If she keeps within the three-mile limit she will be immune from molestation. Her arrival will be looked for Sunday. She will load lumber on the river for China.
