## Regarding That New Piano

You cannot buy gold dollars for 90 cents.  
You cannot get pianos for nothing.  
You cannot get value without price.  
There is always a standard in manufactured articles, just the same as there is a standard of money.  
The pianos we handle are standard makes—standard of the United States and standard of the world.  
Our experience has been that the people of Coos County do not want something cheap; they want something good, and are willing to pay for it providing they get their money's worth. This you are sure to get when you buy a piano, player piano, or grand piano from the Wiley B. Allen Company.

Forty-one years of honest dealing on the Pacific Coast has built up a business for the Wiley B. Allen Company, until today they are the largest piano dealers in the West.

## One Reason We Can Sell Pianos Cheaper Than Other Stores

is because we pay absolute cash for every piano and get the discount.  
Another reason is because we carry all our own paper and, as the old farmer once said of his farm, "is behoven to no man."
