**PTOMAINE POISONING.**  
 Little Son of Mr. and Mrs. Taylor of Coaledo Seriously Ill.  
 Little George Taylor, the little son of Mr. and Mrs. George H. Taylor, of Coaledo, was brought to Marshfield this week suffering from a severe case of ptomaine poisoning. He has been receiving medical attention, but has not been improving. The case is a sad one, as the other child, a little seven weeks' old baby boy is also seriously ill at the same time.  
 Mr. and Mrs. Taylor have the sympathy of many friends who will earnestly hope for the early recovery of their two children.

**BITS OF INFORMATION.**

There are 24,244 postoffices in Great Britain.  
 Panama sends about five million coconuts a year to the United States.  
 When the leaves of tea were first brought to England they were eaten.  
 Missouri's wheat crop for 1913 amounted to 35,390,833 bushels, valued at \$28,505,846.  
 Chinese streets are always made crooked to keep the evil spirits out of them.  
 The Bible contains 3,568,480 letters, 733,748 words, 31,173 verses, 1,189 chapters and 66 books.  
 A mail carrier will frequently walk twenty miles a day in the performance of his duties.  
 More than 400,000 pianos are built in this country annually. They are valued at nearly \$70,000,000.  
 Irrigation has been practiced in Spain nearly a century, the first canal having been begun in 1814.  
 What is said to be the largest tree trunk in the world, measuring 145 feet in girth, is at Mixtla, Mex.

**NEWS OF NEARBY TOWNS**

**BANDON BRIEFS.**

News of the Week as Found in the Western World.

Misses Rose and Jewell Jacobsen, who have been visiting with their cousin, Miss Elsie Kinley, for the past five weeks, left yesterday afternoon for Marshfield on their way to their home in Seattle.  
 Benjamin Ostlund of Coos Bay was over for a short time this week on business connected with making plans for the new Dyer block.  
 The Bandon Construction Company has a scow loaded with 106,000 feet of lumber and ten tons of coal tied up at the Esterbrook dock, waiting for the weather conditions to become favorable, when the scow will be towed to Chetco, where the company has the contract for a new bridge across the Chetco River. A smaller scow loaded with a pile driver and a variety of construction material was safely towed down to the Chetco from Bandon by the tug Kilbyam last week.

An ordinance accepting the donation of the Bandon public library from the library board and providing for the conduct of the institution in the future was placed on final passage last night and becomes effective in thirty days. Under its provisions the institution is controlled by the Mayor and Council in the same manner as any other city property. An office of city librarian is created, being appointed by the Mayor and subject to confirmation of the Council. Miss F. Amelia Henry, the present librarian, was appointed to the position for a month, or until definite appointment is made by Mayor or Topping, who is at present out of the city. Her salary will be \$35 for that time.

The ordinance contains a complimentary clause expressing gratitude to the library board for its conscientious efforts on behalf of the institution.  
**GOLD BEACH HAPPENINGS.**  
 News of Curry County as Told by The Globe.  
 A few days ago there was a forest fire raging a few miles south and east of this place which is said to have done a great deal of good in the way of burning up several hundred acres of brush.  
 The Rustler came in Sunday evening, sailing again for Marshfield Monday.  
 Mrs. Austin Ralph, who was operated upon for appendicitis some three weeks ago at the North Bend hospital, returned home Friday evening looking well and feeling much improved in health.  
 Through the efforts of R. E. Knorr arrangements have been made with the wireless station at Cape Blanco whereby the late war news will be sent in each morning and posted on a bulletin board in front of the drug store.

**ROSEBURG RESIDENT DIES.**  
 John Aiken, one of the best known residents of this city, died at the family home on South Main street at 4:45 o'clock this afternoon, after an illness of several weeks. He was a native of Douglas County and had lived here all of his life. He is survived by his wife. He was a member of the K. of P. Lodge. At the hour of going to press funeral arrangements had not been made. Mr. Aiken was a man of sterling qualities and has a host of friends throughout this county who regret to learn of his demise.—Review.

**COMBER SWEEPS SCHOONER.**  
 NEWPORT, Or., Aug. 17.—The schooner Enterprise, while entering this port from Portland, was swept by a breaker and part of the deck load of oil drums was carried overboard. The vessel attempted to make a short cut across the north reef and was just crossing the reef when the big comber broke over her. Most of the oil drums drifted into the bay with the tide and were recovered. No serious damage was done to the vessel.

**TWO BRIDGES BURN.**  
 According to word received here Thursday night, two small county bridges between Rock Creek and Lone Rock ferry were destroyed by fire, with a loss of several hundred dollars. The bridges were ignited, it is said, from a forest fire raging in that locality. Harry Campbell, who returned from Rock Creek late Thursday, said many of the campers there had been fighting fire for three days in order to save the valuable timber in that vicinity. At last reports the fire was under control.—Roseburg Review.

**RELATIVES LONG SEPARATED.**  
 Mrs. M. J. Schuck came from Coquille last week in company with Mrs. S. J. Williams and Misses Williams and Tool, who left on Friday morning's stage for their home in Lucas County, Iowa. Mrs. Schuck and Mrs. Williams are cousins and the visit just concluded was the first time they have met in about forty years.—Myrtle Point Enterprise.

**IMPROVE FLORENCE SCHOOLS.**  
 The question of adding the eleventh and twelfth grades to the Florence High School was submitted to the voters of District No. 97 at the schoolhouse. The vote that will give Florence a standard high school was 193 for and 12 against.—Florence Pilot.

**MORE PAPER MONEY.**  
 For the past two or three months we have seen much more paper money in circulation than ever before in the Pacific Northwest. Uncle Sam's greenbacks were taboed here during the Civil War half a century ago, and it has taken them an awful long while to win recognition as fit to be used for money.—Coquille Sentinel.

**MYRTLE POINT POINTERS.**

News of Upper Coquille Valley Told by The Enterprise.

Mrs. C. A. Gourley and her five children, Miss Wilson, who is here from Portland on a visit, went to Coquille Monday to spend a few days with friends.  
 Misses Elva and Elizabeth Graw, who visited for a few days the home of their cousin, Mrs. T. D. Guerin, went to Marshfield Monday to visit for a time before returning to their home in Okla. California.  
 Mrs. John Dasher came to Marshfield to visit with her husband who is logging foreman in one of the Smith-Powers camps on South Fork.  
 J. M. Arrington, John Whobri and Ed Huntley returned to the part of the week from a ten-day vacation hunting trip on the waters of the South Fork of the Coquille. They did not bring back a game but had a dandy outing.

Mrs. C. L. Lockwood, her daughter Beulah and son Louis, are here from Santa Rosa, Cal., for a week. Mrs. Lockwood was engaged in the millinery business here about two years ago.  
 W. O. Cooper was here from Bandon the first of the week closing his business affairs here and preparing to move to Washington, D. C., where he has purchased a property.  
 Mrs. Lloyd Leatherman and her mother, Mrs. Howe, went to Marshfield Monday to visit for a time with relatives and friends.

The Coos County Missionary Association of the Church of Christ will hold its convention at the Church of Christ August 18, 19 and 20. A good program is planned.  
 Henry Miller, son of Mrs. J. I. Lowellen, and Miss Florence Murphy, daughter of Mr. and Mrs. H. A. Murphy, were married at the home of the bride's parents in Bandon on Sunday August 9. The couple have returned to this city and taken up house keeping in the new bungalow built this summer by the groom.

**BLAZE STARTS AGAIN.**  
 Another fire in the Gold Beach Hotel was narrowly averted Friday morning by the timely notice of Mrs. Walter Miller, who at the time had charge of the house. This is the second fire that started in the hotel the last month, the first one from the flue, but this one started in the telephone room. Behind a curtain on a shelf in this room stood a can of matches which ignited, setting the curtain on fire. The room was lined and papered overhead, the curtain conveyed the flame to the ceiling, on which the lining and paper was all burned off before the fire was extinguished.—Gold Beach Globe.

**TRIALS OF BOATING.**  
 Captain Perkins, of the Coquille, says that he once made a round trip between this city and Bandon in which he made ninety-six stops, fifty coming up the river and forty-six going down. What life on the river would be like without frequent boat service, the younger people along the stream can hardly imagine.—Coquille Sentinel.

**FOREST FIRES IN CURRY.**  
 The season is becoming unusually dry, and disastrous forest fires are expected. Several fires have been reported in the mountains of Curry but so far have done but little damage. A fire is now burning on the east side of the river at Middle Elk, which is feared may jump the river and become destructive. The fact that our forest reserves have kept the mountains practically free from fire for the past 5 years, and allowed the debris to accumulate, greatly increases the danger.—Gold Beach Globe.

**BAD FIRE AT CARLTON.**  
 Mill of Chas. Ladd and Philip Buchner Destroyed.  
 CARLTON, Or., Aug. 17.—Fire, breaking out mysteriously at 11 o'clock at night by the main saw while the night crew was at work, destroyed the plant of the Carlton Lumber Company, owned by Charles E. Ladd of Portland and leased to the company of which Philip Buchner is president, entailing damage of \$500,000.  
 Twelve loaded cars of lumber, valued at \$40,000, were burned on the tracks. Ten million feet in stock were saved, while the planing mill, only a short distance from the burning plant, was not damaged.  
 Fire departments from McMinnville and Yamhill were rushed to the fire by a special freight train of the Southern Pacific.  
 The lumber lying in the path of the flames that was saved by the concentrated efforts of all of the departments is valued at \$100,000. The plant carries \$250,000 insurance on the mill and stock.

**MANY WANT HOMESTEADS.**  
 Over one thousand applications have been made for homestead entry in the Siuslaw National Forest. This forest is divided into four districts, and the work in District No. 3, which includes the territory under the supervision of Ranger Mackechnie, is now almost finished. Forest Examiner L. B. Pagter has had charge of this work and has been using about fourteen field assistants.—Florence Pilot.

**GEO. W. ELDER COMING.**  
 PORTLAND, Or., Aug. 17.—Repairs to the steamer George W. Elder of the North Pacific Steamship Company's fleet will be completed so that the steamer can sail from Columbia Dock No. 1 to Coos Bay and Eureka Tuesday morning, August 18.
