The Quickest and Best Way

to get there. Saves car fare going to and from work, makes it possible for you to eat a hot noon meal at home instead of a cold lunch from a pail.

Read, You Forehanded Man!

You bought your little home to save rent, to save money.

Now, buy a bicycle, to save time.

The days are getting shorter. Save part of your spare time by riding to and from work.

It will soon be so that "strolling" home will not be pleasant.

But buy a good bicycle; that is, buy a bicycle from a store that sells bicycles that must be without defects.

Don't Buy Trouble, Let Us Carry Your Bicycle Troubles

Defective goods get by occasionally, but after being in business three years, we still say:

We did, we do, we will, replace any defective part free of charge at any time.

We make good. Could we do otherwise, advertising as much as we do?

Fire Department Called.—The fire department was called out about noon to put out a brush fire which threatened the residence of John N. Burke at Ninth and Hemlock streets in Ferndale. The fire has been burning in the brush for several days and today's wind whipped it up rather close to Burke's house. The place is some distance from a hydrant and the department had difficulty in putting it out.

Delayed by Accident.—Alexander Martin and wife and Mr. and Mrs. Rohrer, of Eugene, who were expected yesterday by automobile over the Drain road, got in today. Their machine went over the grade in the mountains, but luckily no one was hurt. They got the car righted with some difficulty, necessitating the party camping out all night on the road.

Good Catches.—Jack Farley and Carl Eckenhoff have brought several excellent catches of Chinook salmon to town from Coos River the last few days. They are selling the fish at five cents per pound to many families, who are canning the fish for winter consumption. Mr. Farley caught thirteen fish last night, averaging about twenty pounds each. The night before he caught twenty. Mr. Eckenhoff brought in eleven this morning.

Thomas Honored.—The current issue of Musical Trade, of New York City, one of the leading musical trade publications in the United States, prints a portrait and very complimentary notice of L. V. Thomas, manager of the Wiley B. Allen Co. Coming entirely unsolicited Mr. Thomas is pleased and as the article contained a boost for Coos county, made it even more pleasing to Boost-er Thomas.

Getting Acquainted.—M. H. Hersey of Coquille, Democratic candidate for county treasurer, was in Marshfield yesterday on his way to Allegany. Although one of the pioneers of Coos county and one of its oldest residents, Mr. Hersey says he finds it difficult to keep up with the rapid growth of the country. There was a time, Mr. Hersey says, when he knew every man and woman in Marshfield and could call them by name, but he says he can't do it now.
