Will Locate Here.—Mr. and Mrs. W. P. Buckbee and Miss Lottie Buckbee arrived in Marshfield this morning on the Elder from Weiser, Idaho. Mr. Buckbee is a carpenter and will engage in that work here. Meet Friday.—The Coos Bay Business Men's Association will hold its regular quarterly meeting tomorrow night at the Chamber of Commerce.

More in Trouble.—Officer Richardson filed charges against John Peters for dumping wood in the street. Officer Carter picked up Chas. England on a charge of intoxication.

Eastport Teachers.—Mrs. Mary E. Thompson and Miss Weiss have been employed in District No. 40 (Eastport) to teach the next term, beginning some time in September, the exact date depending upon the finishing of the new building.

Excursion Sunday.—The steamer Alert will make her regular excursion trip to Allegany Sunday morning at 8 o'clock, connecting with the Foote auto line for Golden and Silver Falls. This is one of the most beautiful trips out of Coos Bay.

Son Is Ill.—Milton Glass, the well known traveling man, was summoned to San Francisco today by a telegram from Mrs. Glass announcing the serious illness of their little six-year-old son, who was taken to the German hospital. Mr. Glass will leave at once for San Francisco.

Parents Very Ill.—Mrs. C. M. Conner has gone to Salem, Oregon, in response to a message stating that her father and mother are both critically ill there. Her father, the Rev. Mr. Battey, had been ill for several months, but her mother just broke down. George Battey, a former Marshfield barber, has been at Salem the last few months caring for them.

Losses Money.—Walter Colmer, of South Slough, emptied a sack of gold and silver on the street in front of the Chandler Hotel about 8 o'clock last evening. He had just alighted from a Gorst & King auto and pulled out the sack to get the change for paying his fare. He pulled it out by the bottom, with the result that currency was scattered from Wiley B. Allen's music store to the Smokehouse. A large crowd of men hastened to lend assistance in recovering the man's wealth and all but one lone \$5 gold piece was picked up. Mr. Colmer stated that he would stick around until daylight and find it.

Joker Is Joked.—Last evening while Dr. Horsfall was busy moving his effects from the Butler building on Front street to the Irving block on Central avenue, Ren Smith decided to put a joke over on him. Dr. Horsfall was sorting out the useless effects and taking them down on the rear wharf. Mr. Smith thought that he would play officer and arrest Dr. Horsfall for dumping the stuff there, so he had Mrs. Sarter fix up a big tin star and then he waited out at the rear steps for Dr. Horsfall to come down again. He waited a half hour in vain and then he decided to go up to the office, figuring that in the darkness the latter would not recognize him. He went along and when he reached the door Dr. Horsfall asked what he wanted and disguising his voice, Ren announced that he had come to arrest him and pointed to his star—or rather where he thought it was—but in the shuffle it had dropped off. So the joke was on him. Dr. Horsfall moved today, giving up offices where he had been located for twenty years.

W. P. REED IS BADLY INJURED

Prominent Gardiner Man Has Part of Hand Blown Off by an Accidental Shot.

Warren P. Reed, of Reedsport and Gardiner, and one of the best known men in southwestern Oregon, was badly maimed by the accidental discharge of a rifle while hunting late yesterday afternoon near Gardiner. The bullet passed through his left hand, tearing away nearly half of it and causing the amputation of his little finger.

The bullet, after passing through his hand, barely missed the side of his head, the concussion throwing his head back so suddenly and forcibly that he sustained a stiff neck also. Mr. Reed had been feeling poorly for several days and yesterday in company with Al Perkins went out more to get a little fresh air and exercise than anything else. He had a new gun and the magazine was not working well. He put one cartridge in the barrel and one in the magazine. Somehow the gun, which was left half-cocked, caught in the brush when he attempted to raise it and was discharged.

Dr. Geo. E. Dix was called from Marshfield to attend him and made a record trip up the coast, V. C. Gorst breaking the auto record on the beach to get quick relief to Mr. Reed. Dr. Dix returned today noon and said Mr. Reed was doing as well as could be expected.

Busy at Gardiner.
Dr. Dix states that Gardiner is very busy. The mill is operating full blast and is getting out a large amount of lumber for the railroad work. In consequence of the railroad work taking so much lumber, the company's three schooners are tied up.

There were about 200 camping parties at Winchester Bay this summer. Many of them broke camp today and returned to their homes.

The run of fish has just begun here.

Jack Nelson is now at Gardiner. He states that Johnson Porter is at Florence recuperating from his recent illness.

G. A. BONEBRAKE of Roseburg, representing the U. S. Forest Service, is here to investigate some homestead entries.

CARL ALBRECHT returned to his ranch near Myrtle Point today after spending a few days in town on business and pleasure.

KIDNEYS AND BLADDER BOTHER

Take a Glass of Salts to Flush Out Your Kidneys and Neutralize Irritating Acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very offensive; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and the urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.
