Mr. Barry is also in receipt of a letter from Collector of Customs ply, it is likely that a formal order will be made, subjecting them to punishment and fine if they do not comply. The statistics will be valuable in urging government appropriations for harbor improvements. They will also mean an increase in the salary of the Collector of Customs by increasing the showing of tonnage in his district. The letter follows:

"I beg to call your attention to the fact that at the present time the clearance of vessels coastwise is not required at ports in your district, and in view of this fact no official record giving the amount of tonnage being moved from the various places in your district is obtainable. MR. KERN

**BIG FEE** 

(Special to The Times.) COQUILLE, Or., Aug. 29 .- Hol-

lister and Hammond, of North Bend, have begun suit against the Coos Bay Manufacturing Company, of North Bend, for \$4,000 which they allege is due them as the balance of a \$5,000 fee for their services in the sale of the North Bend Box Factory to the Southern Pacific. It is stated that Manager Kern paid them only \$1000 of their bill for \$5000 and refuses to pay them the balance. The suit recalls the long controversy between Manager Kern and the Southern Pacific over the box factory site and the story then told that he had secured about \$90. 000 for the property, instead of \$60,-600 which L. J. Simpson was to buy it for the Southern Pacific for, Mr. Hollister, who is now the democratic candidate for Congress, took part in

#### John Jeffreys Charges I. T. Weekly of Gravel Ford, With Fraud

CAUSE

(Special to The Times.) COQUILLE, Or., Aug. 29 .- John Jeffreys has just started a rather sensational suit against I. T. Weekly, a former well known resident of the Gravel Ford section, charging fraud in the sale of a ranch. Jeffreys, who comes from Washington, alleges that last January he bought the Weekly ranch for \$10,500, paying \$3500 down. He claims that then Weekly represented there was over sixty acres of bottom land on the ranch and that there was running water all year on the place. He also charges that Weekly did not inform him that considerable valuable timber on the place had been sold as stumpage. Jeffreys wants his \$3500 back and also asks about \$1000 as damages.
