"YOUR CHRIST, O EUROPE!"
 So this is your Christ, O Europe—
 His hair all matted with blood;
 A gleam of hate in his eyes of love;
 In place of his peace a flood
 Of the speechless terrors of heart-
 less war—
 Can you see his face above?

And this is your Christ, O Europe!—
 His hands by murder gnarled;
 A stinging curse on his gentle lips
 As if some devil snarled
 From out of the masks of a snow
 white soul
 Which into death red dips.

You have prayed and preached and
 prayed,
 And your knees have worn hard
 stones;
 Yet you turn from the call of the
 temple bell
 To the rattle of battle bones—
 You have sharpened the points of
 your heav'n sent cross
 To make of them spears of hell.
 You have lifted spears unnumbered
 On piles of matchless grace
 And carved and woven and painted
 well
 To adorn his worship place
 And now you are raising piles of
 dead,
 All woes that war can spell.

So this is your Christ, O Europe!—
 With a sneer for the mother's heart
 That is broken and torn with loss
 and grief—
 A Christ from Christ apart!
 O God that hatest the sin of war
 Let this false Christ's reign be brief!
 Leigh Mitchell Hodges.

NEWS OF SCHOFIELD.

(Special to The Times.)
 SCHOFIELD, Or., Aug. 28.—Resi-
 dents of this valley are congratulat-
 ing themselves on the prospects of a
 finished highway to Reedsport this
 fall. With the fifteen hundred dol-
 lars just placed at his disposal by
 the County Court, Arthur Walker,
 the supervisor, thinks it possible to
 complete the last mile along the
 Umpqua. Those who have seen the
 easy grades and scenic attractions,
 are unanimous for the Pacific High-
 way via Winchester Bay.

William Chandler of Myrtle Point
 preached last Sabbath at the school-
 house and announced his willingness
 to conduct services again on Septem-
 ber 6th.

The Misses Ella and Agnes Sprague
 are attending institute at Myrtle
 Point this week.

Mrs. C. H. Marsh and daughter
 Isis, of Marshfield, are visiting with
 Mrs. J. H. Fisher, nee Marsh, at the
 S. P. camp of engineers.

BRIEFS OF BANDON.

The Coquille River Transportation
 Company, a corporation, plead guilty
 in the municipal court yesterday to
 the charge of operating steamboats
 within the city limits without proper
 spark arresters. They were fined \$25
 and costs and given one week in
 which to comply with the ordinance.

J. C. Hammel and J. S. Atkins are
 today working on the last \$500 that
 is needed to insure the New Hotel
 Gallier. \$700 was secured yester-
 day, bringing the amount still needed
 down to \$500 and there is little doubt
 but that they will secure that amount
 today.

Frank Linn, foreman of the Prosper
 lumber mill, was badly hurt this
 morning by being mashed between
 two logs. His injuries, while serious,
 are not necessarily dangerous. He
 was brought down on a launch and
 taken to the Bandon hospital.

NEWS FROM ROSEBURG.

Mr. and Mrs. Charles Howard of
 Portland passed through here enroute
 to Marshfield and other Coos County
 cities.

Miss Beatrice Weatherbee, of En-
 gene, passed through here enroute to
 Bandon, where her father owns a
 large dairy ranch.

Fred Mantle of Coos County passed
 through here this morning enroute
 to Portland and other northern Ore-
 gon cities, where he will spend his
 annual vacation. Mr. Mantle is em-
 ployed by the C. A. Smith Lumber
 Company.

Andy Bestul has returned here af-
 ter some time spent on his ranch in
 Coos County. He said he recently in-
 stalled one of the finest water sys-
 tems on his ranch to be found in Coos
 County. Water is obtained from a
 spring and is carried to his ranch by
 gravity. There it is stored in a large
 reservoir where it is available at all
 times of the year. Already, Mr. Bestul
 says, he has spent more than \$30,000
 in improvements on his Coos Coun-
 ty ranch.

O. Daenty and wife, the former
 representing the Harley-Davidson Mo-
 torcycle Company, arrived here from

 lent trip. Mr. Daenty is the north-
 west agent of the Harley-Davidson

 augurated**

(By Associated Press to Coos Bay Times.)
 WASHINGTON, Aug. 28.—Presi-
 dent Baez was formally inaugurated
 as Provisional President today of the
 Dominican Republic after a vote and
 voluntary abdication of President
 Bordas.
 WASHINGTON, D. C., Aug. 28.—
 Peace loomed today in turbulent San
 Domingo, where President Bordas
 had promised to resign and the lead-
 ers of all the elements agreed to dis-
 arm their followers and release polit-
 ical prisoners. This agreement was
 reached after a conference between
 the contending leaders and the Amer-
 ican peace commissioners. Bordas
 will be succeeded by Ramon Baez as
 Provisional President, who will con-
 duct elections.

**MARSHFIELD ELKS PLAN TO
 ATTEND SIUSLAW PICNIC**

Arrangements were completed to-
 day for the bringing of a special dele-
 gation of 100 Elks from Marshfield
 and Points between the Siuslaw and
 Coos Bay to the Elks' Siuslaw picnic,
 the proportions of which are grow-
 ing almost daily. The special train
 which will take the Willamette Val-
 ley delegation from Eugene will run
 from the second crossing of the Notl,
 where the picnic is to be held, to the
 end of the track where it will be met
 by private conveyances from the low-
 er Siuslaw.—Eugene Guard.

BANDON BOYS FINED.

 court yesterday for participating in
 a disorderly mixup on the wharf near
 the creamery last Thursday morning.
 At the time there were ten arrest-
 ed. Besides the four above namd
 there were Alvin Munk, Ray Lang-
 lois, Roy Wyant, Lloyd Jorgensen,

**YOUR TAXES
 ARE NOW DUE**

**Must Be Paid This Month to Escape
 Interest and Penalty.**
 Next Monday the tax office will
 be closed to taxpayers who desire to
 escape the 10 per cent penalty and
 12 per cent per annum interest
 which will be charged on delinquent
 taxes.
 Many are under the impression
 that September 1 is the last day of
 grace, but the tax collector cannot
 remit the penalty after August 31,
 and those who have not paid by next
 Monday night will be too late to
 escape the penalty.
 By taking with them the receipts for
 first half payments taxpayers
 will save themselves much time, as
 will not then be necessary for the
 deputies to look up the accounts.

**45 MILES OF
 RAILWAY DONE**

**Southern Pacific Will Have
 Trains Running to Maple-
 ton by October First.**

EUGENE, Or., Aug. 29.—Forty-
 five miles of track on the Willam-
 ette Pacific Railway have been laid,
 the steel crew having reached the
 fifth crossing of the Siuslaw River.
 Operations will cease for a week or
 more, until the steel bridge at this
 point is completed and then the rail
 crew will proceed to the sixth cross-
 ing, where another delay will be en-
 countered. After the sixth bridge is
 in place there will be only one bridge
 to finish, that across Lake Creek.
 It is estimated that there will be a
 week's work on each of these three,
 and after the last one is completed
 the track will be rushed on to Maple-
 ton, which is at the head of tide
 on the Siuslaw River. It is prob-
 able that some kind of celebration
 will be held at the beginning of train
 service to that town. Trains are
 now operating as far as the Rich-
 ardson place, 37 miles west of Eu-
 gene. The road is being well pas-
 sionized, both in freight and passen-
 ger business, far beyond the expec-
 tations of the engineers in charge
 of construction who are operating the
 road till it is completed and turned
 over to the operating department.

Trains have been running to Rich-
 ardson's place for more than a week
 and will be extended several miles
 beyond that place in about two
 weeks, after the track is well bal-
 lasted. Ballasting operations are
 progressing rapidly. Great quanti-
 ties of gravel are being hauled from
 the pits near Natron, big double-
 header trains making two trips each
 day.

The engineers in charge of the
 work still predict that trains will
 be operating into Mapleton by the
 first of October if the present favor-
 able weather continues till that time.
 W. R. Fontaine, assistant engineer, said
 yesterday that the work in every
 department of construction was pro-
 ceeding satisfactorily.

Superintendent Inspects.
 Thomas Dixon, superintendent of
 construction for MacArthur Perks &
 Co., returned Sunday from a trip
 over the line as far as Smith River.
 in Douglas County. He was accom-
 panied by Mrs. Dixon. They went
 down by way of the Siuslaw and
 came out by way of Gardiner and
 Drain. Mr. Dixon said yesterday
 that the people all along the line of
 the new road over which William
 Hood, chief engineer of the company,
 recently passed, were given to un-
 derstand that the engineer was well
 pleased with the work and with its
 rapid progress. Mr. Hood seldom
 ever says much on an official trip of
 this kind, but those in charge of the
 work at various points gathered from
 passing remarks and his general de-
 meanor that he was not at all dis-
 pleased with conditions.
 Mr. Dixon says that work all
 along the line is progressing surpris-
 ingly well. He says the steam shovel
 which was at work at Mapleton
 where H. H. Hoey & Co. had a sub-
 contract, has been taken off, the
 grade there having been entirely
 completed, and that the shovel that
 was working south of the Umpqua
 has been moved to this side of that
 stream and is now operating on the
 Smith River. Good progress is be-
 ing made on all the tunnels.

**CAMP COOKING
 SUGGESTIONS**

HERE in the salubrious climate of
 southern Oregon practically all
 of the population figures at
 some period of the season of living
 in camp for a few days or weeks.
 The call of the wild is heard and
 answered by a large percentage of
 our people and is reduced accordingly.
 One of the valuable bulletins recent-
 ly issued by the state agricultural
 college deals with camp provisioning
 and camp cookery, and the little
 book will start many a person right
 when the fever to escape for a while
 strikes them.
 This little booklet tells that the
 most useful food for camp and trail
 nourishment with the least bulk.
 These conditions limit the choice that
 can wisely be made of available camp
 food material, but considerable vari-
 ety is shown in the following list
 of supplies prepared by the enter-
 taining magazine writer, Stewart
 Edward White, and given as one ex-
 ample of a month's camp rations:
 Flour—plain, pancake and corn
 meal as desired—15 pounds.
 Meat—bacon or boned ham—15
 pounds.
 Rice 8 pounds.
 Baking powder 1-2 pound.
 Saccharine 150 tablets.
 Sugar 2 pounds.
 Cereal, 8 pounds.
 Raisins, 1 pound.
 Salt and pepper.
 Beans, 5 pounds.
 Erbwurst, 3 pounds.
 Dried vegetables, 2 pounds.
 Dried potatoes, 2 pounds.
 Bakers' eggs, 1 can.
 The combined weight is about 65
 pounds.
 Many substitutions can be made
 while maintaining the general plan of
 the rations, such as coffee for tea,
 eggs for meat, etc. The relative
 quantities in which exchanges are
 made together with directions for
 carrying, cooking and serving camp
 food, are given in the bulletin, which
 may be had upon request sent to the
 college.
