

MAY SEIZE TIMBER LAND

German Holdings in Vancouver May Be Confiscated

VANCOUVER, B. C., Sept. 2.—The British Columbia government is considering confiscating valuable timber limits and other interests owned in this province by Baron Alve von Alvensleben and wealthy German clients of the von Alvensleben firm, according to a government official. Lieutenant von Alvensleben, who was in Germany at the time war was declared by Germany and Russia, is in New York on his way to British Columbia. Alvensleben's home is in Vancouver. He said recently that he represented nine million dollars of German money invested in British Columbia.

Early this year before returning to Germany the von Alvensleben interests made efforts to sell to the government of British Columbia fourteen valuable timber limits situated near Butte Lake on Vancouver Island, at the entrance to Strathcona Park. These limits contain some of the finest yellow cedar in the province and were desired by the government to complete the Strathcona Park reserve.

The price asked was so exorbitant, however, that Sir Richard McBride, the premier, refused to consider the proposition. Since the war commenced and the confiscation of British interests in Germany by the German government, the government of British Columbia is understood to be preparing to confiscate all German interests held under the crown.

In addition to the timber limit on Vancouver Island, the Alvensleben interests also own fifteen valuable limits on the coast and numerous mineral and real estate interests.

GIVES GUNS TO FRANCE

Creusot Steel Works Makes Present Valued at \$3,000,000.

PARIS, Sept. 2.—The Creusot steel works has presented to the French government twenty-six complete batteries of 105-millimeter guns of a new type which had been ordered by a foreign government just before the war broke out.

The company informed the government that it stood ready to pay indemnity for the nonexecution of the contract.

As the manipulation of the guns requires special knowledge, a number of Creusot workmen have enlisted to handle them. The gift represents a value of over \$3,000,000.

CHAMPION BUTTER FAT COW SELLS AT AUCTION FOR \$5010

Philadelphia, Sept. 2.—Mil Rilma, adjudged champion butter fat producer of the world by the tests of the American Guernsey Club, was sold for \$5010 at the sale of Edward B. Cassett's herd of blooded Guernsey cattle at Devon. She was bought by John P. Crozer of Upland.

PROTECTING COWS FROM FLIES

Every dairyman has observed the annoyance to which cows are subjected by the attack of flies, and the opinion prevails that the fly nuisance is not only a source of annoyance but causes a loss of weight and a diminution of the milk yield. The extent of the loss caused by the attacks of flies naturally depends upon the kind of flies and their numbers.

At the Kansas station it was found desirable during the worst part of the fly season to keep the cows in cool barns during the daytime, with screen doors and windows and allow grazing on the pasture only at night. In many cases however, this arrangement is not possible, and some fly repellent must be used.

For this purpose the best results were obtained from the use of a mixture containing 1 1/2 pounds of soda, two cakes of laundry soap, a half pint of fish oil and enough water to make three gallons. The mixture is to be applied with a brush, or if used as a spray, a half pint of kerosene may be added before using. The cost of the mixture is seven or eight cents a gallon and one-half pint is considered enough for a single application to each cow. It was found at first that two or three applications per week was necessary, but later treatment need not be given so often, since the tips of hair become coated with resin.

WILL KEEP ON WORKING

Manager B. F. Stone, of the Elmore Packing Company, states that the report published Monday that the Umpqua Packing Company, at Gardiner, would cease operation on account of the poor salmon market, is unfounded. The cannery will continue to pack throughout the season.—Astoria Budget.

TO START A COQUILLE CANNERY

Sam Nass, of the Prosper Canning Company, is making arrangements to start operation about September 5. He will take a crew of men and cannery supplies to the Coquille River about September 1, and is looking forward to a successful season. Fishing has been in operation on all coast streams beginning with July 15, but actual packing will not commence until next month. The season closes on November 20.—Astoria Budget.

Industrial Review of the State

EVERYTHING DOING IN OREGON IN THE WAY OF PAYROLLS, FACTORIES AND ENTERPRISES EMPLOYING LABOR—MATTERS AFFECTING INDUSTRIES AND INVESTMENTS OF CAPITAL.

Financing of the big timber holdings on the Nehalem River has been completed and this ensures the extension of the Southern Pacific from Tillamook connecting Astoria.

The Standard Oil Company is putting in a big plant at Hood River. The Hillsboro Planing Mill Company has been incorporated and is putting in a large plant.

The Willamette Valley Southern will reach Molalla by October 1.

The Attorney-General has decided that the ruling of the Industrial Welfare Commission applies to the hop industry and women and children cannot work more than eight hours per day or 54 hours per week.

D. P. Blue, Grants Pass, reports a \$40,000 per ton strike on Hungry Creek.

The gathering of wild moss is developing into a big industry in Clatsop County.

A twelve-foot vein of coal has been struck at Roxy Ann, near Medford.

The Fischer Milling Company, at Silverton, is making improvements and building a 450-foot flume.

The Brown Bros. Lumber Company mill at Cottage Grove will resume operations this week.

Yamhill County has let a contract for bridges at Dayton and McMinnville.

Silverton has decided to use oil on a large scale on all its macadam.

Dayton has ordered several miles of cement sidewalks.

Over \$15,000 will be spent in Pendleton on street improvements.

The first logs in two years have been dumped into the Springfield boom.

Forestry officials have appropriated \$70,000 to complete the McKenzie road.

Parma gets an electrified cider mill.

The P. R. L. & P. Co. is building a light and power line to Sandy.

Umatilla County will go it alone building bridges over the John Day.

Eugene Fruitgrowers' Association has large orders for 1915 loganberry juice.

Ashland will celebrate the opening of the Siskyou highway October 15th.

The Mountain Valley Creamery, at The Dalles, is manufacturing Hungarian milk.

The lower Columbia salmon pack this year totals \$3,320,350.

The Baker Mill & Flour Company plant was started September 1 for the fall run.

Bandon's water bonds have been sold in Denver and construction will begin soon.

Paisley gets a cold storage and meat-packing plant.

Gresham fruit-growers send out a carload of pears daily.

The first Rogue River pear shipments brought the growers \$1.00 a box net.

Oregon gets \$11,000 additional a year for industrial education.

The contract for the Hood River Highway was let for \$58,000.

Albany telephone exchange is expanding \$5000 to bring it up to date.

La Grande is planning a 2,250,000-gallon reservoir.

Multnomah County announces a five mill cut in taxes for 1915. The state tax is to be reduced \$1,250,000 in 1915.

Pendleton is to get the largest vulcanizing plant between Portland and Salt Lake. It is being installed by Wesley Matlock.

Major C. E. Worden donates a lot and \$1000 towards a new \$12,000 Presbyterian Church at Klamath Falls.

An additional dormitory is to be built for Pacific College, at Newberg.

Work has begun on the new fish hatchery at Spencer, Klamath Co.

The \$30,000 Columbia highway contracts are under way in Clatsop County.

St. Johns Adventists will erect a \$2000 church.

REMINGTON UMC

REPEATING SHOTGUNS

What is your preference in a repeating shotgun—hand-operated or autoloading?

If hand-operated, you know the Remington-UMC Pump Gun. Everybody knows it.

If autoloading, then get your dealer to show you the Remington-UMC Autoloading Shotgun—an arm that is performing in a way to show sportsmen that here at last is an autoloading shotgun that works.

Remington-UMC Repeating and Autoloading Shotguns are sold by dealers everywhere. Find the one who shows the Red Ball Mark of Remington-UMC—the sign of Sportsmen's Headquarters. He's the man.

To keep your gun clean and lubricated right, use Rem Oil, the new powder solvent, rust preventative, and gun lubricant.

OREGON POTATO PATCH CONTAINS 49,000 ACRES

WASHINGTON, D. C., Sept. 2.—

The Oregon Irish potato patch contains 49,000 acres this year and he total production will be approximately 6,311,000 bushels, according to estimates made by the United States Crop Reporting Board. The condition of the crop is 92 per cent of normal and the price at the present time is averaging around 46 cents per bushel.

In Continental United States there are 3,708,000 acres planted to this product and this year's production is estimated at 350,614,000 bushels by the Federal Department of Agriculture. This year's crop will exceed the average crop of the past five years by approximately 4,000,000 bushels. The nation's production last year was 331,525,000 bushels, was produced on 3,668,000 acres of land and sold for \$227,903,000 or an average of 90 per cents per bushel.

SALMON CATCHES ARE BIG

ASTORIA, Or., Sept. 2.—Fully 30 boats were outside the mouth of the river yesterday trolling for salmon and all did well. The average catch is reported to be about 500 pounds to the boat, and comprised chinooks, silversides and sockeyes. The fish appear to be waiting outside in vast schools and probably will not enter the river in any considerable quantities until after the first good rain.

As the demand for canned salmon is strong and increasing, quite a number of the canning plants will operate during the fall season, which will open September 10.

SAGE TEA DANDY TO DARKEN HAIR

Look Years Younger! Use the Old-time Sage Tea and Sulphur and Nobody Will Know.

You can turn gray, faded hair beautifully dark and lustrous almost over night if you'll get a 50-cent bottle of "Wyeth's Sage and Sulphur Hair Remedy" at any drug store. Millions of bottles of this old, famous Sage Tea Recipe are sold annually, says a well-known druggist here, because it darkens the hair so naturally and evenly that no one can tell it has been applied.

Those whose hair is turning gray, becoming faded, dry, scraggly and thin have a surprise awaiting them, because after one or two applications the gray hair vanishes and your locks become luxuriantly dark and beautiful—all dandruff goes, scalp itching and falling hair stops.

This is the age of youth. Gray-haired, unattractive folks aren't wanted around so get busy with Wyeth's Sage and Sulphur tonight and you'll be delighted with your dark, handsome hair and your youthful appearance within a few days.

For Sale by Brown Drug Co.

MAY USE DYNAMITE TO KILL OFF SEALS

SALEM, Sept. 2.—The fish and game commission has forwarded a letter to the Siuslaw Fishermen's Association, George F. Allen, secretary-treasurer, stating that powder can be exploded in exterminating seal, which have been killing off fish at the mouth of the Siuslaw River, provided it is exploded on the shores. If it is desired to use it in the water it will be necessary to secure a permit from the county court.

According to a letter from Secretary Allen, the run of fish has been very light as a result of the depredations of the seal. He expressed the belief that a few sticks of dynamite would kill several seal and scare the rest of them away.

BAND DANCE PLATFORM Second and Market, Saturday night.

CAPTAIN IS NOW PUBLISHER.

Daily Bulletin is issued on Board the Steamer Breakwater.

A Portland paper says: To keep passengers aboard the steamer Breakwater alive with the latest war news, Captain Macgenn and Purser E. E. Phillips are publishing a daily newspaper which appears at the breakfast table before each passenger on each trip of the steamer. Through his wireless outfit Phillips is able to get the wireless reports sent out from San Francisco to all other coast towns. An extra duplicating press from the Coos Bay office of the line supplies the printing press.

LAUNCH BREAK leaves every day at 1:30 p. m. for SOUTH Coos River. Docks at CENTRAL AVENUE slip.
