Auto Complaint.—A complaint has been filed at the police station against Rolf Nerdrum, charging him with turning his auto in the street in violation of the ordinance.

Close Chophouse.—The Marshfield Chop House on Market avenue, which was opened a month ago by parties from Bandon, has been closed, there not being business enough to warrant continuing it.

Bicycle Smashed.—Leroy Barnes of Bay City, who delivers The Times in Eastside and Bay City, was run down by one of the Gorst & King autos last night and his bicycle badly smashed. He was not injured, however.

Elect Member.—At a meeting of the Marshfield Lodge of Elks last evening, Dr. Mott of North Bend was elected to membership and will be initiated at the meeting next Wednesday night, the meetings now being held weekly instead of twice a month as during the summer. At the next meeting some constitutional amendments will also be voted on.

Big Load.—M. D. Mulloy went to North Bend this afternoon to look after the hauling of one of the largest loads ever transported by team between the two cities. It was hauling a six-ton cask of oil to the Myrtle Arms apartments, Mr. Conway deciding to try oil fuel there. The dray weighs about 3500, so that the load will weigh about eight tons and will be a severe test to the planking.

Fine Home.—Tom Hall and Judge and Mrs. John F. Hall were guests of Judge and Mrs. Watson at Coos City Sunday. Tom Hall says that the Watsons now have the finest country home in Coos county, being modern in every way, including electric lights which are supplied from the line running to the Smith-Powers mine. Judge Hall demonstrated that he had not lost ability as a crack shot, bringing down a big chicken hawk. However Tom Hall says he had to use a shotgun instead of a rifle to do it.

Gets London Paper.—Frank Pugley has received late copies of the London Daily Mail. The paper is devoted almost entirely to war news and the patriotism and enthusiasm of the British people. It also announces that an acute paper famine has set in, not only in England but in France and Germany also. The 20-page papers have been reduced to 12 pages and the 12-page papers to 8 pages. The announcement is made that "it is understood that drastic changes in the size of newspapers will take place in the immediate future owing to the impossibility of obtaining raw material from Norway and Sweden."

Home from Vacation.—Mr. and Mrs. Frank D. Cohan returned last evening on the Marshfield-Roseburg auto line from a brief business and pleasure trip to Portland. While there Mr. Cohan met the representatives of some of the leading manufacturers in the United States and made extensive purchases for The Owl Store. Among these representatives was one from the most prominent leather goods factory, with whom he placed his orders for holiday goods. This is Mr. Cohan's first vacation since he arrived on Coos Bay three years ago when he came as a clerk in one of the local drug stores, with a view of investigating the prospects of this city. A short time afterwards he purchased the McArthur pharmacy, which, under Mr. Cohan's effective management has developed into one of the leading and most popular drug stores of Coos Bay.
