

What You Cannot See

THERE are many things about a suit or overcoat that you cannot see—their presence or absence is only manifest after long wear.

Those things you assume to be in your clothes if you buy them of a reputable house.

You are safe in dealing with a firm that has a reputation for Quality Merchandise, for such a reputation takes a long time to build and is a very precious asset and, like most precious things, is easily destroyed.

We have spent years of time and thousands of dollars in building our business reputation as Value Givers in Clothing, Hats and Furnishing Goods.

And because we know that the slightest misstatement would bring that reputation down like a house of cards, you may rest assured that when we say our Hart, Schaffner & Marx Clothes, our Hats, our Haberdashery offer the greatest values in Coos County, at their prices, we say it advisedly and only after careful investigation. So if you want the best clothes your money can buy at \$25, or \$18 or any other price up to \$40—or if value in Hats or Furnishings means anything to you, come to the Woolen Mill Store.

Clothes purchased here will be kept pressed free of charge.

PLAN TO WED ON HIGH SEAS

Kenneth Kelly and Lorna Doon Cobb Unable to Evade Law About Divorcees

Kenneth Kelly, a well known young man of Bay City, and Lorna Doon Cobb, last evening encountered an unexpected barrier to their desires to wed. They thought that they had evaded the legal barriers when they devised a plan to go out on the high seas to have the knot tied there, but Judge Coke informed Rev. Samuel Gregg, who was to officiate, and the groom-to-be, that it would be illegal. In consequence it is expected that the nuptials will have to be postponed another six months until the legal time before divorcees may be re-wed expires.

Mrs. Cobb is a sister-in-law of Chas. Tower of the Orpheum Theater and last Monday was granted a divorce from Joseph D. Cobb, whom she had married in Roseburg in 1910, when she was only eighteen years old. She was given the custody of their little son, Cobb not contesting the case.

Kelly and Mrs. Cobb had evidently arranged for the nuptials some time ago and he had a house all fitted up in Bay City for their home and the unexpected barrier was a great shock to them. Mr. Kelly had engaged John Ross to take them out in the launch Standard beyond the three mile limit and there on the high seas the knot was to be tied.

Rev. Samuel Gregg, when he ascertained that the bride had just been divorced, was in doubt about the procedure and called Judge Coke, who informed him that it would certainly be a violation of the law, even though they went outside the boundaries of the state, and, for that matter, the United States, as it was plainly an evasion.

Later Mr. Kelly personally went to see Judge Coke and the latter told him the same, although he instructed him to see an attorney, as he could not give legal advice when he might be called on to pass upon the question at issue.

HOLDS FLOUR AT OLD PRICES.

There would be no cause for any investigation or government probe of high prices if business men generally adopted the principle and system of A. T. Haines, the well-known flour and feed man. Notwithstanding that the price of flour has advanced so that it is now quoted at \$5.75 per barrel wholesale, Mr. Haines continues to sell it at \$5.40 per barrel at retail, or \$1.35 per sack, just the same as it sold three months ago. Mr. Haines might justly increase his price but prefers to give his patrons a square deal and he is still selling flour at the old time price.
