GERMANS CONTINUE THEIR MARCH TOWARD PARIS

GERMANS PUSH AHEAD TO PARIS LINES WITHOUT SLIGHTEST TURN

English Correspondent Says Allies' Troops Are Angry at Continued Retreat and Amazed by the Great Number of German Troops

COUNTRY DEVASTATED BY RETREATING ARMIES IS FURTHER DAMAGED BY ADVANCING GERMANS

Speed of Advance and Directness of March Wonder of Allies; Crush Enemy With Great Numbers, Regardless of Sacrifice They Have to Make

(By Associated Press to Coos Bay Times.)

LONDON, Sept. 5.—Reuter's correspondent at Ferrieres, near Paris, sent the following: "Our men, though cheerful, are angry at the continued retreat. They do not understand the necessity for it. They are amazed at the mending number of Germans. Fighting along the line of the German advance has been incessant and desperate. The war is hard on horses. Our soldiers are all right. The country through which the armies passed is devastated. Dynamited bridges and tunnels marked the allies' retreat and blazing villages mark the Germans' advance. That the Germans are in a great hurry is evident. They advance regardless of risks and sacrifices, crushing the resistance by weight of numbers. The speed at which they advance is the cause of constant disorder. The allies' troops fell back and save for the rear guard the actions of all Germans seemingly marched from Laferre to the Paris lines unopposed. The march of the German right on Paris is notable for its straight course as well as cyclonic speed. Leaving Lille, Arras, Amiens and Beauvais untouched, they marched like an arrow's flight, deviating neither to right nor left."

GERMAN RAILWAYS CLOSED TO PUBLIC TO MOVE TROOPS EAST

(By Associated Press to Coos Bay Times.)

LONDON, Sept. 5.—A dispatch to the Daily News from Copenhagen says: "Berlin dispatches indicate the Germans are throwing their troops back eastward to meet the Russian advance. The President of the German military staff controlling the railways, states that the principal lines will close for the present. All rolling stock, it is believed, is now wanted for moving troops Eastward. Further indications are that the troops are being withdrawn from Alsace and Lorraine. All German railroads are closed to civil traffic and land communication from Berlin to Copenhagen is stopped."

PARISIANS STILL HOPE ALLIES WILL KEEP GERMANS OUT OF CITY

(By Associated Press to Coos Bay Times.)

PARIS, Sept. 5.—Parisians' confidence in the allied armies' ability to prevent the Germans entering or even investing the city increases daily. The military governor who is in sole command since President Poincare and his Cabinet departed, has taken every precaution for defense against the attack.

(By Associated Press to Coos Bay Times.)

PARIS, Sept. 5.—It has become apparent to observers here that the Germans do not intend to engage the allied armies to the northwest of Paris. The enemy is evidently making an extended turning movement.

An official announcement says: "The enemy is pursuing a wide movement. They continue to leave the entrenched camp of Paris on the right, marching in a south-east direction."

An official communication issued today mentions two armies, with new designations, the army of Paris and the army of the Northwest, leading to the supposition that the bulk of the allied forces is divided between positions in the regions of Paris and Compiègne, the front having Verdun region for a center, while only covering troops are left in Alsace.

ITALY TO MOBILIZE ITS FORCE

(By Associated Press to Coos Bay Times.)

PARIS, Sept. 5.—A dispatch to Midi from Rome says: "An order for the general mobilization of Italian forces is still unsigned, but it is expected today. Mobilization by individual summons is less active."

ALLIES AGREE NOT TO MAKE PEACE UNTILL ALL NATIONS CONSENT

England, France and Russia Reported to Have Signed Compact Today That They Will Not Treat With Germany Except as a Union.

EVIDENTLY FOR PURPOSE OF WEARING GERMANY OUT WITH PROLONGED WARFARE

New Treaty or Alliance Believed to be Death Knell to Germany's Hope of Forcing France to Make Peace Regardless of Allies When Paris Is Taken

(By Associated Press to Coos Bay Times.)

LONDON, Sept. 5.—Russia, Great Britain and France signed an agreement today that none would make peace without the others' consent.

This is believed to be a death knell to one of the hopes of Germany—that she would capture Paris and then force France to make terms and quiet the war and then be able to turn her whole force against Russia, except what would be needed to guard her seaports against Russian activity.

It probably also means that the allies will simply wear Germany down by prolonging the war for years and then with their superior numbers and constant re-inforcement of fresh troops from all parts of the globe, where the allies have possessions, to crush the remnants of the Kaiser's army. It is generally believed that Germany has all her troops assembled, leaving nothing to draw on in case the war is prolonged.

TOTAL WAR LOSSES 240,000; GERMANS 200,000, ALLIES 40,000

(By Associated Press to Coos Bay Times.)

LONDON, Sept. 5.—The Daily Mail's correspondent at Geores, a town near Beauvais, estimated the allies' total losses at 40,000 and the German losses at 200,000. He says a moderate estimate of the German losses placed them at twenty per cent at least.

Sheer weight of numbers has pushed the Germans forward at the amazing rate of 25 miles per day. The correspondent adds that the Germans have shown no superiority in artillery or transport work, the rapidity of their advance being due largely to their use of autos for transportation.

AUSTRIAN LOSSES TOTAL 30,000

(By Associated Press to Coos Bay Times.)

NISH, Serbia, Sept. 5.—According to the official organ Srpski Novine, the Austrian dead in the battle of Jadar are estimated at between thirty and thirty-two thousand. The Servians captured 4600 prisoners.

RUSSIA TELLS OF AUSTRIAN LOSSES

(By Associated Press to Coos Bay Times.)

ROME, Sept. 5.—Sergius Sasonoff, the Russian Foreign Exchange Minister, telegraphed the Russian embassy here that the Austrian defeat near Lemburg was much greater than at first appeared. The Austrians, in escaping, left on the battle field 25,000 men, 200 cannon, and thousands of horses. The Russian Foreign Minister adds that the Russians have invaded Austria from Tomascow. An Austrian division was practically annihilated. Among the killed were General-in-Chief and staff. A large number of prisoners were taken, including several officers.

REPORT ENGLAND MOVING TROOPS THROUGH CANADA FOR EUROPE

(By Associated Press to Coos Bay Times.)

ST. PAUL, Sept. 5.—A message from Winnipeg to a local newspaper last night said seventy-five train loads of East Indian troops will pass through Canada bound for France within the next two weeks. A large number of British India troops have been passing through Winnipeg the last few days according to reports. It is rumored that Russian troops will go through Canada soon. News concerning the troop movements are sharply censored in Canada.

GERMAN GENERAL STAFF MOVES FROM BRUSSELS NEAR PARIS

Kaiser's Forces Believed to be Much Nearer French Capital Than is Admitted by Allies—Big Force Near East Chantilly Now.

GERMAN ANNOUNCEMENT THAT ALLIES HAVE BEEN DRIVEN ACROSS MARNE CONFIRMED

First Great Climax of Campaign in Northern France Expected Within Very Short Time — French Claim the German Movement Diverted Somewhat

(By Associated Press to Coos Bay Times.)

LONDON, Sept. 5.—The first great climax of the allies' campaign against Germany, waged so relentlessly for weeks in Northern France, will not be long delayed, according to opinion here. The first official communication from Bordeaux, the new French capital, speaks of the German movement on Paris as having been diverted eastward in which direction the invaders have reached La Ferre Sous Jouarre, 30 miles east of Paris. This seems to confirm the German announcement that the allies have been driven back to and in some cases, across the River Marne. According to other sources of information, the Germans are nearer Paris than officially indicated. They are reported to be a few miles east of Chantilly, 20 miles north of Paris. The German General staff has moved from Brussels to Mons, nearer the scene of operations.

TERMONDE REPORTED DESTROYED

(By Associated Press to Coos Bay Times.)

LONDON, Sept. 5.—A Central news dispatch from Amsterdam reports Termonde, sixteen miles south by east of Ghent, has been hastily destroyed. Railroad communication is interrupted.

GERMANS SINK 15 BRITISH FISHING BOATS IN NORTH SEA

(By Associated Press to Coos Bay Times.)

LONDON, Sept. 5.—The official information bureau announced today that a German squadron had sunk fifteen British fishing boats in the North Sea. The Admiralty issued this statement: "German cruisers and four destroyers succeeded in sinking fifteen British fishing boats in the North Sea. They captured a quantity of fish. The fishermen were taken to Wilhelmshaven as prisoners of war."

The people taken from the British ships were landed on a small island in the Caribbean Sea with provisions for a month. The marooned passengers and crew may be there yet, Lieutenant Weissner said.

GERMAN CRUISER SINKS MANY ENGLISH SHIPS IN ATLANTIC

(By Associated Press to Coos Bay Times.)

NEW YORK, Sept. 5.—The German cruiser Karlsruhe engaged and badly disabled the British cruiser Bristol off the Haytian coast, according to H. P. Weissner, a German Lieutenant who arrived here today from Puerto Colombo en route to join his colors.

The German Lieutenant also said a Dutch skipper brought word to Puerto Colombo that the Karlsruhe met and sunk the British cruiser Glasgow off the Colombian coast. This is denied by British officials. Before meeting the Bristol, Lieutenant Weissner asserted the Karlsruhe captured two British steamers, transferring the passengers, crews and stores to the cruiser and sent the ships to the bottom. Boweyes Castle, a British freighter, has also been sunk by the Karlsruhe, according to a cablegram received today from Liverpool, off St. Lucia Island. The cablegram said the captain and crew were landed at Maranhao.

GERMANS NOW OPPOSE RUSSIANS

(By Associated Press to Coos Bay Times.)

PARIS, Sept. 5.—Five German army corps have arrived on the Vistula River, according to the Rome correspondent of the Paris Le Matin. These are mostly from Belgium and Northern France, the correspondent says, and were brought up to oppose the Russian advance.
