### TIDES FOR SEPTEMBER

Below is given the time and height of high and low water at Marshfield.

The tides are placed in the order of occurrence, with their times on the first line and heights on the second line of each day; a comparison of consecutive heights will indicate whether it is high or low water. For high water on the bar subtract two hours 34 minutes.

MARSHFIELD CYCLERY

Bay, the latter being initiated by request of Albany Lodge. Mr. Bay is employed on the government dredge work here.

Meet Wednesday.—The Ladies' Missionary Circle of the Baptist church will hold their monthly missionary tea with Mrs. J. C. Doane at her home on South Fifth street, on Wednesday afternoon. The public is cordially invited.

One Offender.—John E. Chenoweth was the only offender Saturday, being picked up by the police for being too intoxicated to navigate well. He was without money and was turned out after he had sobered up.

Meet Wednesday.—The monthly social and business meeting of the Norwegian Lutheran Ladies' Aid will be held Wednesday afternoon at the church chapel, with Mrs. T. Erickson and Mrs. John Tellefson as hostesses.

Will Wed.—Herbert Lupton, assistant master builder of the F. E. Conway company, left Sunday morning for Portland, where he will be married soon, the bride-to-be being a prominent Spokane young woman who will meet him in the Rose City. They are expected to return here shortly.

Two Offenders.—Ed Quinn, who regularly lands in jail when he comes to town, was picked up again last night for being intoxicated. He surprised the police force by having \$1.25 in cash and \$1 was kept to apply on his fine. Boy McClay, also arrested for intoxication, had \$12.75 and was fined \$5.

Cornwall Lost.—Parties from Gardiner state that a considerable portion of the cash taken by the burglars from the Gardiner Mill Company safe belonged to Capt. Cornwall's stage line instead of to the mill company. Mr. Christy is bookkeeper for Capt. Cornwall and kept the funds during the month, making a settlement the first of this month.

Start Park Survey.—S. B. Cathcart has started the survey of the government reserve at Coos Head and near Bastendorf Beach for the purpose of getting data on which the official application can be made to get the right to use the tracts as public parks for Marshfield and North Bend. Mr. Cathcart was appointed to do the work and is very familiar with the site, having surveyed the adjacent lands.

Writes from Berlin.—Mrs. A. H. Stutsman today received a letter from Mrs. Christian Herman, who formerly resided on Coos River, who is now in Berlin. She wrote under date of July 29, just before war was declared, and said that the Berlin streets were thronged with wild mobs and that the Emperor was afraid to appear on the streets, although everybody was in favor of war.

Lost Wheel.—The Tliga, while bringing down Carl Evertsen and the C. F. McKnight camping party, lost her propeller. The Marshfield was sent up for her and to take the Sunday run. She became stranded and Wm. Hill, who went up on her, swam ashore and then made his way over the trail from the Seaman ranch to the Goodwill place in the darkness.

For Business College.—Mr. Griffiths, who has been conducting a business college at Fernie, B. C., is here with a view of opening a business college on Coos Bay. J. W. Bennett, who was associated with him at Fernie, will be identified with him here. He started out today to make a canvass of this section and if sufficient students can be secured a warrant opening a college here, he will start a fine school.

Wife in Europe.—Dr. J. P. Keizer is slightly worried about his wife who left Sydney, Australia, July 1 via Asia for an European trip before returning home. He has not heard from her since. She was to have gone to Naples and is some where in the war zone. She has just concluded a theatrical tour, having for several years been a star on the Orpheum circuit, and was to give a few concerts in the larger cities of Europe. She is a graduate nurse and Dr. Keizer thinks that possibly she may have taken up Red Cross work. Dr. Keizer will leave for Portland in a few days. He has been in charge

of the work on the Smith-Powers line near Myrtle Point for Dr. Dix the last month.

Dogs for Ranchers.—Marshal Carter has discovered a painless method of getting rid of dogs on which the license has not been paid and which are declared to be a nuisance. He sends them out to the ranchers on Coos River. Nearly always he has a waiting list of ranchers wanting a good dog so that he does not have to bother drowning or shooting the canines. Yesterday Fred Payne turned in a dog which insisted on making its home at the Payne residence and today Marshal Carter will ship it to some rancher.
