far as Mapleton on the Coos Bay- provision into action. George Eugene line of the Southern Pacific brought by Thomas Dixon, superinmanager of the company, who arrivtrip over the road

Mr. Dixon stated that trains were being operated within twenty-one miles of Mapleton, which is at the of tidewater on the Siuslaw, and that rails had been laid within ten miles of Mapleton and ballasting had been finished to within twelve miles of Mapleton. The last bridge across the Siuslaw above Mapleton is being put in and all the piling have been driven as far as Maple-The road laying crews are making rapid progress. Mr. Dixon states that good prog-

ress is being made all along the line, the fine weather having been most favorable and embraced to the greatest extent. Everything is being crowded. All the tunnels are being hastened. Whether the blg tunnel at Schofield will be driven from both ends will depend on whether it will be cheaper to do it that way or whether it will be necessary to finish earlier than can be done by driving it from one end. About 1200 feet of tunnel has to be driven yet.

As an indication of how fast the work is going, the McArthur-Perks Company, the contractors of whole road, last month paid Porter Brothers over \$200,000 for the work they had done during the thirty days Messrs, Dixon and Geoghegan will

leave tomorrow for Eugene. is Mr. Geologan's first trip to the He was located in Arizona on some contracts the company had

Few Go To War Mr. Dixon says that few or the foreigners working on the line have given up their jobs to return to the European war. He says that labor is more plentiful now than it has been in a long time.
