## ROBBERY AT LAKESIDE HOTEL

Thief Smashes \$450 Cash Register to Get \$20—Demand Made on Officers

The barroom of Olaf Severson in the Lakeside Hotel was broken into last night, the cash register smashed and between \$20 and \$30 in change taken. The heaviest loss, however, was the smashing of the \$450 cash register, which was practically destroyed by the thief in his efforts to secure the contents. The cash register was locked.

At first they thought that they had a strong clue to the robber, a man wearing corduroy trousers being suspected. However, Constable Johnson came to the North Inlet landing this morning to find him, but the suspect was not there.

**Want Ten Mile Cleanup.**

The robbery at Lakeside last night and the numerous other crimes lately and the reports of many gambling games, are causing much talk and a general demand for the officers to do something. So far no arrests have been made in the many crimes in this section lately.

F. G. Horton today said that he thought it was up to Sheriff Gage, District Attorney Liljeqvist, or someone to do something, especially at Ten Mile. He said that he owned considerable property there and had a personal interest, but at the same time public welfare demanded that something should be done. He declared that conditions at Ten Mile were intolerable and that the gambling operations there were a disgrace. He said that Ten Mile as a tourist and summer resort would be ruined by the reputation it will have gained and he said that the evidence of the law being violated there was so plain that something should be done at once.

## EIGHT LAND IN CITY JAIL

Only \$2.50 Found on Large Number Arrested Last Night for Being Intoxicated

Eight drunks were registered at the Marshfield police station today and the total cash in the number was about \$2.50. Some of them were repeat offenders, Bert Johnson, who was released yesterday on promise to return to Henryville, being back in as well as Ed Quinn.

Marshal Carter decided to make some of them work and started them shoveling dirt off the street into the fill in front of the city hall. However, three of them got away, but Ed Quinn remained for awhile and did some work.

The following were the names given by the offenders:

Ed Quinn, C. Russell, Earl McKay, Ed Clarke, A. Price, L. W. Williams, Bert Johnson and Sam Walker.

## MAY NOT PUT MOTOR CAR ON

Supt. Miller Figuring on New Train Schedule Between Bay and Coquille

It is still uncertain about the installation of the motor car service between Marshfield and Myrtle Point, according to Supt. W. F. Miller of the local Southern Pacific lines. He is now figuring on a train schedule which will become effective as soon as A. H. Powers completes the Smith-Powers line south of Myrtle Point.

Mr. Miller says that when the service is extended to Wagner, he will have to have two steam train crews, as the freight and logging business, including that from the Beaver Hill camp of the North Bend Mill & Lumber Company, will necessitate it. To add the expense of the motor car service would be more than the receipts would justify, he thinks.

However, he is arranging that the two steam trains will give practically as good service between Coos Bay and the Valley as the original plans for the motor car would have. He is figuring on having a passenger train leave the Coquille early in the morning and return there late in the afternoon in addition to a similar service the opposite way.

It is uncertain when the change in service will be made, as it may be within thirty days and it may not be for two or three months.

## DARBY'S POSTMASTER PUTS "HELL" UNDER BAN

Objects to Use of Word in Mail Matter and is Sustained at Washington.

The word "hell" can't be used on any matter sent through the Darby, Pa., postoffice. B. F. Magnin, the postmaster, who is a strict church member, will permit "Hades," "Abode of Satan" or any synonymous term. But "hell" is barred.

Mr. Magnin saw "hell" in big glittering letters on a set of postcards somebody mailed at his office. On the cards, which he held up, was the following:

I treat everybody right  
 That treats me right.  
 If everybody don't treat me right  
 There'll be HELL in half a minute.

Magnin wrote to the Postmaster General about it. The Postmaster General referred it to the Attorney General, and one of his assistants looked up the law. Then Postmaster Magnin got a letter upholding him.
