**Scow Damaged.**—A big scow belonging to the Twin City Lumber Company broke loose from the docks yesterday and was carried across the Bay and a hole punctured in the bottom, which may ruin it.

**Two Insane.**—Keepers Harrington and Ferguson of the Oregon State Asylum left yesterday for Salem with Wm. Harris of Myrtle Point and F. Johnson of North Bend, who have been committed to that institution. Neither suffered from a severe case.

**Move to Beaver Hill.**—James Nagle, accompanied by his family, left this morning on the train for Beaver Hill, where the family now expect to reside. Mr. Nagle is an engineer in the employ of the North Bend Lumber Company and will be stationed in the camp at Beaver Hill.

**Visited Relatives Here.**—Mrs. A. H. Mecum and family left on the early morning train for Myrtle Point, where they will take the stage to Roseburg, returning to their home in Portland after a visit here with Mrs. Ivan Barry, a sister of Mrs. Mecum.

**Geese Flying.**—During the last few days a large number of wild geese have been flying southward, evidently being driven in by the storm. There are also a large number of

ducks around the Bay, sorely tempting the hunters. The open season does not begin until October 1.

**Has Operation.**—Mrs. Kenneth Kelley of Bay City was removed to Mercy Hospital yesterday and there underwent a successful operation for appendicitis. She is reported to be doing very well today. Mrs. Kelly is a bride of only a few weeks.

**To M. E. Conference.**—Rev. Jos. Knotts will leave Monday to attend the conference of the Methodist Episcopal church for this district, which will commence Wednesday, Sept. 3, at Centenary Church, Portland. His many friends and members of his congregation are hoping that he will be reassigned to the Marshfield pastorate.

**Hughes Pays Costs.**—Judge Coke has made an order in the case of Hughes vs. Dotson, in which the jury brought in a verdict in favor of Dotson, that Hughes must pay the \$59.70 costs in addition to paying Mr. Dotson \$22.60. Mr. Dotson considers it a big victory for him as his claims throughout were practically sustained by the jury.

**War Spills Things.**—"Foxy" Schubert, for several years steward on the steamer Alliance in the days of Gray & Holt, and well known on Coos Bay, writes W. J. Rust from Rotterdam that the war has raised havoc with that country. Schubert is pretty well advanced in years and had saved up his funds and figured he could retire at his old home in Holland. He may decide to leave there now.

**Line Blown Down.**—One mile of telephone line belonging to the Coos Bay Home Telephone company, between Port Orford and Gold Beach was blown down yesterday morning by the great wind that prevailed along the coast. All day communication with the south was impossible, but this morning the local wiremen were able to again have the line in working order.

**Lower Bay Rough.**—During the last day or two, the lower Bay has been quite rough, making it difficult for the dredge Seattle to operate there. If the weather continues bad, it is likely that Manager Miller will endeavor to move here to the upper Bay about October 1. It will take about five or six weeks to complete the channel dredging in the lower Bay, making that part of the channel eighteen feet deep.

**Hunters Find no Deer.**—Though they were well equipped for prompt settlement with any big game in the Ten Mile district, Tom Peake, W. W. Ladd and Concrete Foreman Sinclair, of the new library building, returned from there this morning where they had been on a hunting trip, empty-handed. Four days the party searched the woods, but without avail though they are unanimous in declaring that the trip was a great success.

**To Get Out of Town.**—Three men were caught up by the police last night and registered at the city hall on the charge of being drunk. None of them had any money with

about that coal or wood heating STOVE as these cool nights are coming. We handle a complete line of up-to-date stoves at a price that WILL PLEASE YOU. For ten days we will sell all FRUIT JARS at TEN PER CENT DISCOUNT.

them when they were brought before City Recorder J. W. Butler this morning and fined \$5. Lacking this they were given instructions to earn the money and report again to the court. They were Charles Francis, R. St. Dennis and C. McDonald.

**Survey Work.**—Dal Cathcart, who is surveying the government military reserve near Coos Heads, came in this morning from Charleston, his work having been delayed a few days on account of the weather. He expects to return there some time tomorrow.

**Road Not Bad.**—Rufus Howe stated today that when he said that the recent stage accident near Lairds was due to carelessness, he did not mean to infer that the road was dangerous. He said that the road was in good shape when he was last over it. He said that he thought that the stages that the company had were as good as the ordinary stage.

**Buy's Summer Store.**—G. C. Motley has closed negotiations for the purchase of the store of the late E. O. Hall at Sumner and he or his wife will probably take over the Postmastership. Mrs. Hall plans to return to Ferndale. Mr. Motley is a brother of John Motley of the Marshfield Chamber of Commerce and recently came here from the East and has been employed at the Price Dairy at Sumner. He plans to enlarge and improve the store.

**Child Dies Today.**—Elizabeth, the little daughter of Mr. and Mrs. H. W. Painter, died at 6:30 this morning after a short illness of scarlet fever. She had been quite ill, but her condition was not regarded as critical until shortly before the end came. She was born February 10, 1913, and besides the parents, is survived by a brother, Wayne, and two sisters, Dorothy and Lavina. Another of the girls has been ill of the disease but is now practically out of danger. The funeral was held this afternoon and was private. C. A. Schilbrede read the funeral service in the absence of Rev. Samuel Gregg. The sympathy of a host of friends is extended to the bereaved family.

## Bay Park's Pull

When you invest, look for property that has a "pull." Bay Park is that kind. It is on a hard-surfaced thoroughfare, offers modern conveniences to residents, is close to manufacturing center and good schools, and is well populated. That attracts residents and houses in Bay Park will bring good rents. That's what makes values—and makes them grow. You can't afford to let \$10 stand between you and the advantages of being a Bay Park property owner.
