

"The Fixup"

With us it is not so much a question of gaining a reputation as it is one of maintaining our position as this community's only strictly one price store for men and young men.

To this end we are allied with America's fastest growing clothing institution. The connection is an all important one because by simply adding modern retail selling methods to their good clothes, we are able to bring to you at \$18.00 to \$30.00 all that any man can purchase, anywhere, at any price.

"Between Savage and Tiger"

In Six Parts

A wild animal subject, teeming with excitement and adventure. A thrilling and realistic story of a Lieutenant's adventures in the jungles of India. This is the real thing and the animals slain in this picture are all real happenings and not merely acted in some menagerie.

Dixon Leaves.—Supt. Thomas Dixon of the McArthur-Perks company left yesterday for Ten Mile after spending a couple of hours here. He had just come in from Eugene, making an inspection trip over the Coos Bay-Eugene line.

Two Muddy for Autos.—Dr. Wetherbee of the Star Ranch in Curry county is here today en route to Portland. He tried to go out via the Allegany line, but last night's rain put the machines out of business again and he had to return this afternoon and will go north on the Breakwater.

Autos Stuck.—C. H. Coddling of Flagstaff was in Marshfield today and stated that last night three or four autos got stuck in the mud in the county road near there. The machines were en route from Myrtle Point and some of them were held up for three or four hours.

Catches Salmon.—Henry Huggins, while fishing on North Coos River yesterday, landed a sixteen pound salmon with a reel and rod. He was fly fishing and had caught quite a few trout when another fisherman persuaded him to put on some salmon eggs and it was with these that he landed the salmon after a forty-five minute fight.

Weather Difference.—To show to the people of Coos county just how much they can be thankful for the Chamber of Commerce has received from Reverend William F. Holl a pair of extra heavy mittens at least three inches thick which were used years ago in Nova Scotia by Father Cosman, a pioneer missionary. Placed in the window the mittens caused a great deal of comment.

Nearly Wins Honors.—Frank Heath, of this city, a sophomore at the University of Oregon, at the election of his classmates held in Eugene a few days ago, was a strong contender for the treasurership of the class, being beaten out by only a close margin. Ernest Watkins, of Bandon, was also a contender for the presidency of the class, this honor being conferred upon Joe Sheehan, of Portland.

Returns to School.—Miss Blanche Landrith, of North Coos River, who is at present teaching school at Bandon, returned there this morning.

after a hurried visit home whence she was called a few days ago on the receipt of news that her brother Philip Landrith was seriously ill. The young man was reported to be a little better today, though relatives claim they have noticed little difference in his status.

Priest Leaves Here.—Rev. Father McDevitt, who has been filling this charge as well as the North Bend charge, has been named to take charge of the Marshfield parish. He has moved to Marshfield and occupies the residence on South Sixth street which Father Mundo vacated. Miss Donnelly is in charge of the parochial residence. His appointment here will be gratifying news to the many friends he has made since coming to the Bay.

Couldn't Stay Away.—Intent upon making a living with the least possible effort and having a great liking for the city were two features that combined to land C. Nolan in the city jail twice in the last 24 hours. He was found begging early yesterday afternoon and given a berth in the lock-up. He had 25 cents on him at the time and was turned out on the promise that he would reform. But again this morning the man was given until 2 o'clock to get out of town.

Commissioner Here.—County commissioner Geo. J. Armstrong came over from Bandon today to meet his nephew, Ivan Stice of Petaluma, Cal., who came in on the Redondo. The latter arrived in time to catch the morning train and Mr. Armstrong missed him. However, Mr. Armstrong will remain over Monday and in company with Judge Hall will inspect the Willanch Inlet dredging and see if the county cannot provide funds for the completion of the work, providing the citizens there aid some more. Mr. Armstrong has been very busy looking after county road improvements and is doing some fine permanent concrete work on the bridges. He has not had much time to pay to politics and says that he is relying on the service he is giving the public to get votes.
