MYRTLE POINT RACES.

Fair Comes to Close Saturday with Record-Breaking Crowd.  
 (Special to The Times.)  
 MYRTLE POINT, Or., Sept. 28.—The annual Coos and Curry Fair came to a close in a blaze of glory Saturday night. Despite the rain Friday night, there was a big crowd present and the attendance for the fair will far exceed previous years. The races Saturday were good, the rain not being sufficient to spoil the track. The results were as follows: Harness race, half mile heats—Lady Wahke, 1 2. Coos Bay, 2 1. Lou Miller, 3 3. Time, 1:45 and 1:30 1-2. Half mile dash—Abella first, Rogue River second and Sir Ashton third. Time 51. Harness race, mile heats—Little Shamrock, 1 1 1. Bonnie June, 2 2 3. Wahke, 3 3 2. Wait time, 2:23 1-2. Derby, 1 1-8 mile—Hodges first, Gift second, Greenlaw third, Veloaki fourth and Alice fifth. Time 2:00. Relay race—Ivan Rose rode Dement's string to victory with Yonkum's second and another Dement string third.

ALLEGANY ITEMS.

(Special to The Times.)  
 ALLEGANY, Or., Sept. 29.—The roads are getting dry again after the heavy rain. There are three teams hauling gravel on the east fork road and one hauling on the West Fork. They are putting gravel on the hills and new grades for Supervisor Stall. Gould's camp has started up again after a two weeks' vacation. Clarence Gould and wife and baby, also Miss Luella Hodson and Earl Gray, spent the time at the old Elk-horn ranch. They got some fine deer during the time. Mr. and Mrs. Chas. Krueger have a fine 12-pound boy of which they are justly proud. He arrived Sunday eve Sept. 20, and we wish them many returns of the happy occasion. Messrs. Bahr, Ferguson and Kruse came in from their hunting trip Sunday. They had a wet time, but got one deer and lots of trout. They say they had a good time, but it would have been better with less rain. They camped on Elk Creek. There was a dance at the hall last Saturday evening. There was not a very large crowd, but a good time was reported.

GO TO JEFFERSON

Ell Mills, formerly of the Soldiers' Home, together with his bride whom he married last Tuesday at Marshfield, left here for Jefferson, where they will make their home. They arrived here by stage from Coos county.—Roseburg Review.

U. S. MUST MAKE ITS OWN OPTICAL GLASS

Americans Already Plan to Replace German Output—New Industry.

The war will not prevent the 10,000,000 Americans who wear glasses from getting new lenses, for their American manufacturers already plan the manufacture of adequate supplies of optical glass and also lenses for opera glasses, moving picture machines and scientific instruments. Most of the optical glass used on this continent has come from Germany, France and Belgium. It comes in rough form, being moulded, ground and polished here. There is now an opportunity for American manufacturers to start a new industry, employing thousands of men, and to supply glass not only to this country but to South America, hitherto also dependent upon Europe. Several manufacturers already have started experiments in producing such glass, but as the process is long and intricate results will not be known for a few weeks. The industry has not flourished here because American manufacturers were discouraged by the technical difficulties and because it was conducted more cheaply in Europe. The war, of course, alters that and if the manufacturers get a good start during its continuance they can compete with Europe after it ends. Condensing lenses for moving picture machines have been successfully made by Ohio and Pennsylvania manufacturers, and though, like most American glass, they contain some strata, such lenses need not be perfectly clear. Wholesale opticians use about a dozen varieties of colorless or crown glass in making eye glasses and spectacle lenses. All these, and the 400 varieties of tinted glass which Europe makes, dealers say can be produced right here in the United States. Through the war the country's glass manufacturers now have an opportunity, they point out, which may never be duplicated, to develop a new industry to large proportions.

**BONDS RETURN WILL SELL HERE**

Declares No Money Available —Will be Sold here to Private Individuals.

Declaring that funds are not now available for the purchase of the \$10,000 high school gymnasium bonds and that they could not be accepted anyway for less than six per cent was the substance of the letter received this morning by Judge John Hall from Secretary G. G. Brown of the State Land Board in Salem. The bonds were returned and will now be sold to private individuals. Immediately after the last election of September 10 the bonds were at once sent to Attorney L. A. Liljeqvist at Coquille. He passed upon them affirmatively and the bonds which were to bear five per cent interest were then sent to Salem where it was believed they could be disposed of to the state Land Board. The return of the bonds this morning will mean that they will have to be advertised and then sold to the lowest bidder. It is not believed that work will commence on the new gymnasium for at least a month or so.

JUDGE DECLARES QUINN APPEARS TOO OFTEN

Old Offender Will Now Help in Cleaning Streets of City in Payment for Fines.

"Your face is very familiar to me and we are becoming very well acquainted, aren't we?" queried City Recorder J. W. Butler when Ed. Quinn, an old offender, was brought before him, charged with being drunk last night. Quinn declared that he had "just been fired" and explained that this ought to be cause enough for "lighting up". "Ten dollars for this time," declared the police judge, adding that Quinn, not having any money, should have a chance to sweep the streets for the next two days and a half with the agreement that if he showed any inclination to get back to his work at the end of that time Quinn should be given his freedom. Tom Olson left \$5 with the city in payment for a neighborhood row in which he was a party early Sunday morning, when several men with too great a liquor cargo aboard, made such a noise that Chief Carter was awakened from his slumbers and arose to put Olson to bed in the city jail.

CENTRAL AVENUE DRUG STORE IS NOT AN AUTO GARAGE

Queer Error Occasioned by Window Display on Central Avenue.

An interesting and attractive display of automobile tires in a Central avenue drug store the last few days has occasioned much comment. Many people have dropped in to make inquiry as to the price of tires, automobiles, etc. The mixup was occasioned by a display of automobile tires in connection with hot water bags. Both articles are made by the same company, the United States Rubber Company, and the unusual display attracted much attention. The tires were borrowed from Goodroads Goodrum's garage and like the tires, the hot water bags have a guarantee attached. The tires are guaranteed for 5000 miles and the hot water bags are guaranteed for 1000 days. Mr. Cohan remarked that he considered the bags among the very best in the world and that's why "The Owl" handles them.

BUSINESS COLLEGE DEFERRED.

T. J. Griffiths, Who Looked Over Territory, Says Time is Not Ripe Yet.

T. J. Griffiths, of Fernie, British Columbia, who several weeks ago visited Coos Bay and looked over this territory with the intention of starting a business college here, in a letter to J. W. Motley, secretary of the Chamber of Commerce, declares that he was much impressed with this country, but believes the time is not yet ripe for the bringing here of a new business college. After thoroughly canvassing the territory, he declares to have found little response from the people who are not at the present interested in such a move. Because of the starting up here of three such schools and after the experience of the last one, in which the principal left the country with part of the money of the school, Mr. Griffiths declares it will take some time to convert the people to the need of such an institution. That he intends to return to Coos Bay some time in the future with the idea of establishing a business college here, is the closing statement of the letter in which Mr. Griffiths thanked the Chamber of Commerce for all assistance granted him.

**The Price of Electric Service Has Steadily Decreased**

—Wars and other calamities do not increase electric and gas rates. In season and out they remain LOW.

**PREPARE NOW**
