FLOM SAVES BOY.

Former Marshfield Man Rescues Lloyd Haworth

The Bandon World says: "Lloyd Haworth, the little lame lad who usually gets around on a bicycle, had a narrow escape from drowning. He owes his life to H. K. Flom, manager of the Golden Rule Store, the latter having come to his rescue in the nick of time.

"Mr. Flom was at the rear of the store building when he heard the splashing in the water. He was not alarmed, however, until he heard a cry. Quick action with the aid of a rope saved the little fellow just as he was sinking for the third time."

BANDON HARBOR WORK

Roy Rozelle, government inspector of rivers and harbors, formerly located here, but now at Empire, was in the city looking after official business. Discussing the \$25,000 appropriation made by the government in the rivers and harbors bill for the Coquille River, he stated that while he had no official information, it is quite positive that the money is not intended for use in repairing the north jetty which was damaged last winter.

NO BANDON GYM

That the taxpayers of the local school district are not in favor of raising money for a physical training building at this time was the consensus of opinion at the school meeting held in the high school auditorium Tuesday evening, at least the proposition was defeated by a four-to-one vote. A seventeen mill levy was decided on for a maintenance fund.—Bandon World.

MAY ORGANIZE CONGREGATION

Rev. John Leggett, a recent graduate from the University of Oregon, who also holds certificates from several theological institutions, was in the city interviewing members of the Christian denomination in Bandon. Mr. Leggett is a Riverton boy. He was reared there.—Bandon World.

SPECIAL ROAD ELECTIONS

County Commissioner Armstrong informs the Western World that District Attorney Liljeqvist advises any road district contemplating a special election to provide funds for next year to hold that election before the general election of November 3rd. His advice is based on the fact that a number of measures are coming up to be voted upon this fall which if passed, will affect the present law and may complicate matters so that an election might be held invalid by the courts.—Bandon World.

CASSIDY SELLS HOTEL

Ray Reese and Lee Eaton, both local parties, have purchased the interests of E. G. Cassidy in the Bandon Hotel, taking possession this week. Mr. Reese formerly conducted the Elite restaurant here. The Cassidy's have gone to San Diego, California, where Mr. Cassidy expects to engage in the amusement business.—Bandon World.

MATERIAL FOR BRIDGE

Mr. Moser, the bridge superintendent on the Smith-Powers railroad construction, spent a day in town the fore part of the week. He had just been at Marshfield with a crew of men to get the material for the large bridge over the South Fork just this side of the Wagner ranch. This is the last bridge to be built on the section of the logging road now under construction, as well as the largest, being of two 150-foot spans. It is expected that this bridge will be completed to bear traffic by the first of the year.—Myrtle Point Enterprise.

INDIAN FOOTBALL STAR

MADISON, Wisconsin, Oct. 19.—The reported acquisition by the University of Wisconsin football team of Halfback Guyon, formerly of the Carlisle Indian School eleven, should greatly strengthen the Badger backfield. Guyon was a remarkable player at Carlisle, his record being almost equal to that of Jim Thorpe. Last fall he scored twenty touchdowns for the Indians; kicked nine goals and one field goal, giving him a total of 132 points. This record grows in importance when the Carlisle 1913 schedule is considered, containing as it did games against Cornell, Pittsburgh, Pennsylvania, Dartmouth, Syracuse, Brown, Georgetown and other strong college teams. If Guyon plays in the conference games, Chicago, Minnesota, Illinois and other middle western university coaches will have something to worry about.

FIRST FINGER MITT.

PALM ALTO, California, Oct. 19.—"Dad" Phillips, who is employed as a binder by the Leland Stanford University Press, claims to have seen the first finger mitt ever used in a baseball game. Over forty years ago "Dad" says he played on the same team with A. G. Spalding at Rockton, Ill., and tells of the origin of the mitt as follows:

"In one of the games that our Rockton squad played we were attracted by the sound of the ball as it clapped into the hands of the man on the first base of our opponents. Of course none of us wore mitts in those days and we never thought such a thing would be practical. But this man on first base always caught the ball with a loud pop, and several of us noticed it, although we could see nothing unusual about his hands."

"However, after he caught the ball each time, he pressed something into his left hand. After the game Spalding and I went over to see what he had in his hand. After some protest he showed us. It was nothing but a piece of bent metal around which he had sewed some leather. It seemed he had injured his hand and did not want to be kept out of this game, which was for the championship of the state. So he had made this mitt."

Bunting ought to be tabooed, according to "Dad." He says that on the team on which he played originated the bunting stunt, but he does not think that it is legitimate baseball. In his early days a bunt was called a "fair foul" and was not looked on with much favor by the fans of the time.
