

Voters Beware

The Dental Trust, with all its powerful political organization, is moving heaven and earth to defeat the dental reform bill.

In every town and city members of the Trust are out working against the bill.

The Medical Trust is helping the Dental Trust by forcing nurses and druggists, under threat of boycott, to work against dental reform.

All kinds of campaign lies are being circulated to deceive the voters. Don't let the Trust scare you.

The Trust made the present dental law. Under this law it controls the State Board of Dental Examiners—every member of that board is a member of the Trust.

In this way competent dentists are kept out of Oregon and the Trust prevents competition and keeps up prices.
