Satisfaction or Money Refunded "The Fair" Central Avenue Next Door to Chandler Hotel

In the evenings, when they are through work. There are more than eighty men now employed on the Seattle, being arranged in two shifts.

Remodel Building.—The Horton building on Broadway, formerly occupied by The Times office, is being overhauled and remodelled. A. H. Lewis will occupy the major portion of it with his confectionery and the Marshfield Electric Wiring Company will have a small room in the south side of the building.

Go to Coquille.—The following members of the Marshfield High school football team left this morning for Coquille: Coach Royal Niles, Harvey Walters, Ralph Christenson, Leo La Chapel, Ralph Dresser, Sam Hunter, Clarence Burrows, I. Chapman, Ed Bolt, William McDonald, Back and Storgard.

Caused Alarm.—The reflection on the big refuse burner at the C. A. Smith mill last evening caused considerable alarm owing to many thinking it indicated a bad fire. The reflection was in the fog and mist and was plain to view. Parties at Sumner saw it and phoned to Fred Wilson inquiring about the fire.

May Quit.—The Eagle Brewing company is figuring on closing out the business now instead of waiting fourteen months allowed by the prohibition law. It is said that it has never paid and the corporation may wind up its affairs without waiting longer.

Kill Geese.—Parties from Empire yesterday reported that two Empire men had killed thirteen geese near there. A member of the life saving crew went out and in an hour or so bagged all that he wanted. Others secured quite a few of the birds. Old residents say that it was one of the largest flights of geese in years.

Builds Temporary Home.—That he and his wife may have a home, John Matson has erected a temporary house on his farm at Catching Inlet to take the place during the rainy season of his large eight-room home that was burned to the ground a few days ago. Mr. Matson is preparing to put up a new building after the rainy months have passed.

Makes Glee Club.—Alex Martin, III, better known as "Jerry" Martin, who is well known on Coos Bay, having spent last spring and the summer here in the employ of the Oregon Power Company, has been successful in making the Glee Club of the Boston School of Technology, according to a letter just received from there. Mr. Martin is the son of Alex Martin, Jr., the prominent bank man and president of the Eugene Commercial club.

Interesting Trip.—George Rotnor, who returned last evening from a business visit to Portland, where he met the representatives of several large eastern manufacturers, says that business is quiet in Portland, but improving slightly. He returned by way of the new line to Mapleton, thence to Florence and up the beach. There were twenty incoming passengers on the same autos. On the trip out he went by way of Gardiner and the northern chain of Ten Mile lakes and made sixteen changes of different methods of travel between Marshfield and Portland union station.
