WEATHER FORECAST (By Associated Press to Coos Bay Times.) OREGON—Fair, Southwesterly winds.

Move Postoffice.—The Eastside postoffice has been moved into the new Steeple building, just opposite the school house.

Vestry Meeting.—The Vestry of the Episcopal church will hold its regular monthly meeting this evening at 7:30 in the office of Bennett Swanton.

Do Repair Work.—The McDonald & Vaughan camp at Blue Ridge will not resume operations for a few weeks, as a number of changes and improvements will be made.

Postpone Banquet.—The banquet which the Fellowship Club planned to hold at the M. E. Church Hall Tuesday evening has been indefinitely postponed owing to the inability to secure a caterer for Tuesday night.

Plan Social.—The Young Ladies' Aid of the Norwegian Lutheran church will give a Lutefisk supper in the church hall next Thursday evening. A social time will follow refreshments.

Mill Repairs.—There is a large shipment of machinery and supplies, including a large smokestack, at the Terminal dock, awaiting shipment to the Point Terrace Mill Company on the Siuslaw. It is expected that the Roamer, which is now lying in the lower bay, will take it out this week.

Loggers Return.—The special train yesterday afternoon carrying home the Christmas contingent from the Smith-Powers camps beyond Myrtle Point, carried about 300 from Marshfield and 150 more joined them at Coquille. Practically everyone came out from the camps for Christmas.

Coal Output.—Sec. Motley, of the Chamber of Commerce, is trying to get figures on Coos County's coal output during the year to send a short writeup to the Coal Age for its annual edition. The Smith-Powers mine at Henryville produced 12,000 tons. The output in 1914 will be light, as the Beaver Hill and Smith-Powers mines were doing principally development work.

Wins Turkey.—J. M. Carral has a turkey coming at the Union Market as a result of guessing the weight of the big beef which attracted so much attention there. He guessed the weight exactly—1212 pounds. Just 441 people guessed on it and the guesses ran from about 600 to 1600. As a beef loses about half in the dressing process, the animal must have weighed about 2400 pounds.

Will Return Soon.—W. K. Wiseman, who with his wife and daughter, Margaret, have been enjoying an auto tour of Southern California, writes friends here that he expects to return to Coos Bay about the middle of January. He says San Diego is expecting much from the big fair there and declares that the cost of living in that section is as high or higher than on Coos Bay.

Seeks Son.—Marshal Carter today received a letter from Edward Johnson, of Newman Grove, Neb., asking for information about his son, John L. Johnson. He said that his son was in Marshfield when he last heard from him several years ago. He enclosed a picture of the son, who was about thirty years old then and apparently wearing a college graduation gown.

Rector to Stay.—Rev. Robert E. Browning has just declined an urgent call from the Rt. Rev. Frederick B. Howden, D. D., Bishop of New Mexico, to take up work on his staff and assume the rectorship at Mesilla Park and adjacent stations. The state agricultural college is located at Mesilla and the Episcopal church at that place has an important work among the student body. Rev. Browning is leaving for Gardiner tomorrow

and will conduct services there, and then go on to Portland for a week's rest. There will be no services next Sunday in the Episcopal church.

Dies in Bunker Hill.—John Tomola, aged 75, who came here two years ago from Finland to make his home with his daughters, Mrs. Jacob Orni and Mrs. Lindblad, in Bunker Hill, died last evening of heart failure. The body will be shipped to Winlock, Wash., for burial, a son and daughter residing there. He is survived by seven children.

SCHETTER IS MANAGER.

Forms Company at Bandon to Take Over Warehouse Business.

The Bandon World says: A deal which had been under way for several weeks was completed this week whereby several local people under the firm name of the New Bandon Warehouse Company, have purchased the hay, grain, feed and commission business of the A. F. Estabrook company, known as the Bandon Warehouse company. The new concern will also have the agency for the Estabrook steamers, Speedwell, Piffled and Bandon; the Breakwater, and the agency for the Astoria Flouring Co. Mr. Schetter, manager for the old company, will retain his position with the new concern and Guy Dippel will act as bookkeeper.

The sale of the warehouse business by the Estabrook people does not in any way mean a change in its activity here. W. E. Best, who has been superintendent of the local interests of that company for several years, continues their business here. The Estabrook interests are now the largest tie buyers and shippers in the county and intend to increase in that line.

The company has opened up a number of new camps within the past month and has several hundred men employed either directly or indirectly in and near Bandon, getting Port Orford cedar ties ready for shipment.

REDONDO SAILS SOUTH SUNDAY

Heavy Fog Rises in Time to Enable Vessel to Get Out—Outbound Travel Light

The Redondo sailed at 6 o'clock yesterday morning for San Francisco. It was feared Saturday night that she would not be able to get out owing to the heavy fog, one of the heaviest of the year. However, it began to rise unusually early Sunday morning, so that Capt. Erickson's fears were eliminated.

She had a light passenger list, few traveling in the Christmas holiday season. There was a little outgoing freight, except the lumber cargo that she carried.

Among those sailing on her were: R. W. Marshall, Clyde Tompkins, Jas. E. Brown, H. T. Aldon, Mrs. H. T. Aldon, George Hughes, Mrs. M. C. Hughes, Mrs. F. E. Gorr, Dorothy Saffell, H. R. Saffell, Mrs. H. R. Saffell, Thos. Dougherty.

FORGER IS CAUGHT.

Jas. Osborne Arrested at Scottsburg For Crimes.

Sheriff Gago has learned of the apprehension of James Osborne at Scottsburg. He had stolen a .32-calibre Canadian Mauser automatic revolver from a house at Lakeside and was arrested for that offense. He will be brought back to Coquille at once and, without waiting for a trial on the new charge, will probably be sent to the penitentiary for violation of his parole on the old one—forgery in raising a check drawn by Andy Radabaugh on the Bank of Myrtle Point from three dollars to thirty. This check was cashed here by F. C. Pursley at the Haberdashery—Coquille Sentinel.

ANDERSON LASTS TWO ROUNDS.

Barrieau Quickly Demonstrates Superiority Over Opponent.

WALLACE, Idaho, Dec. 28.—One minute after the tap of the gong for the third round of the Barrieau-Anderson 15-round bout tonight, Trainer Dupree threw a sponge into the ring to save Anderson from a knockout and Referee Goddard awarded the fight to Barrieau. The end came in Anderson's corner after one of the fastest and most aggressive bouts ever pulled off here. Barrieau conclusively proved his superiority over his husky antagonist from the start and landed on his man at will.

One minute after the first round started a straight right to Anderson's face made him groggy and it was evident from the start that the fight would not last 15 rounds.

Anderson tipped the scales at 146 1/2 and forfeited \$100 for overweight, while Barrieau weighed 144 1/2.

At the tap of the gong for the first round both men jumped to the center of the ring and a whirlwind round ensued, with Barrieau doing all the landing. Anderson slipped to the floor in the fast mixup and was groggy at the close of that round.

The second and third were repetitions.

COACH ASKS FOR MONEY.

J. W. Coach has placed a petition before the council asking for the return of the unused portion of his saloon license, left as a result of the cancellation of his license. The resolution cancelling the license provided the money should be returned in case Coach won his suit in the circuit court.—Bandon World.

The Geo. W. Elder arrived in today from Portland after a good trip down the coast. On the way up, Capt. Lofsted beat his schedule by ten minutes, arriving in Portland just before 12 o'clock Christmas day. That everyone has not received their Christmas presents yet is indicated by the fact that six big loads of parcel post mail came in on the Elder.

Unless it is foggy, Capt. Lofsted expects to sail at 6:30 this evening for Eureka.

Among those arriving on the Elder were: J. Cook, J. O'Toole, W. M. Innes, Henry Monahan, Mrs. M. W. Reason, Mrs. H. A. Dufky, Mrs. A. O. Stanley, F. E. Hemings, R. L. Webb, Mrs. C. F.
