**Maniki Trial Still On.**—According to word received last night from Portland, the Maniki trial, in which a former laborer of the C. A. There are several other personal damage cases from here pending before the federal court there.

**To Open Sundays.**—The attendance at the public library since its removal to the new building has increased so much and the constant request for longer hours has induced the library board to make arrangements to open the library on Sunday afternoons from 2 till 5. No books will be circulated, but the reading rooms and periodicals will be at the service of the public.

**To Resume Story Hour.**—Miss Elizabeth Topping has announced that the story hour for children will be resumed at the library Saturday morning and the first of this series of talks will take place tomorrow morning at 10 o'clock. The new library is admirably equipped for this work, having plenty of seats suitable

for children, a large bulletin board for the display of pictures and a fireplace to add cheer on rainy days.

**School Board Meets.**—At a meeting of the school board held this afternoon in Judge Hall's office the records and resolutions regarding the \$10,000 high school gymnasium bonds sold some time ago to Keeler Brothers of Denver were signed. The money will now be forthcoming to pay the contractor. The petition of the men and women who wish to use the gymnasium was favorably received though no action was taken.

**Gets Man.**—At the train about to leave this morning for Coquille, Sheriff Johnson picked up Robert L. Miller a brakeman on the Smith-Powers Logging road near Myrtle Point, on a bigamy charge. With Miller at the time was his wife. It is claimed that Miller was married to a woman in Washington, whom he deserted. Because of the fact that the man has web feet it is believed he can be easily identified. Both Miller and his wife were taken to Coquille.

**Delegation Is Delayed.**—The Coos Bay delegation to Washington to aid in securing a harbor appropriation in Congress will not leave tomorrow as announced at first. L. J. Simpson will not be able to go east until after the North Bend bank meeting on the 12th. A telegram has been sent to C. A. Smith, who is in Chicago, asking him if he will be able to wait a few days, as he has been expecting to come west. Captain Maegenn will leave tomorrow on the Breakwater as usual, though he may meet Mr. Simpson in Portland next week.

**Remodel Opera House.**—Workmen are busy remodeling the inside of the Masonic Opera House, following the plans prepared by Architect Turpin and which they expect to have completed by February 1. Partitions at the main entrance have been torn out as well as the short stairway leading to the lobby. An inclined approach will be built. The boxes of either side of the stage are being removed and the walls will be built slanting to the edge of the stage. The entrance is thrown back 10 feet to allow for the ticket window and the double plate glass doors. B. R. Keller will use the lower floor as a moving picture theatre.

**Case Ended.**—Sheriff Alfred Johnson, Jr., came over from Coquille last evening to serve some papers in the case of the City Improvement Company of California vs. the Coos Bay Paving & Construction Company, but when he arrived he found that the suit had been adjusted. It seems that the City Improvement Co. owns the bitulithic deposits and are entitled to a royalty on all the bitumen shipped and this has not been paid on some of the paving material coming here. Sheriff Johnson said that everything was going nicely and that Sheriff Gage and Deputy Sheriff Gage were showing every courtesy in turning the office over to him.

**Postoffice Receipts.**—Postoffice receipts during the year 1914, as they have just been totaled by Postmaster Curtis, amount to \$21,792.21. The receipts according to quarters were as follows: For the quarter ending March 31, \$5244.88; end of June 30, \$5279.48; end of September 30, \$2771.18; and end of the last quarter, ending December 31, \$5,996.76. The fact that the fourth quarter of 1913 was larger than the corresponding quarter of 1914, amounting to \$6168.52, is accounted for by Mr. Curtis with the explanation that the parcels post rates have been lowered and hence the last quarter is a lower figure, despite the fact that there has been as much or more business than in the previous year.

**Prisoners Initiate Deputy.**—How the 14 prisoners of the county jail initiated Deputy Sheriff W. C. Laird into his new office is a story that has just leaked out at Coquille, despite the fact that the deputy has clamored for silence and has tipped heavily with cigars. On Monday morning, his first day, Mr. Laird went down into the jail. The 14 prisoners immediately grabbed him and on the spot subjected him to a kangaroo trial. One of the number assumed the improvised bench, another ran his fingers through his hair and proclaimed himself the district attorney and when evidence was asked for stamped and declared he needed none, that the prisoner was guilty. The judge sentenced the deputy sheriff to pay a fine of \$2.50, which was immediately spent for tobacco.

## DEGREE SETTLES DIFFICULT CASE

Judge Harris Hands Down Kinney Estate Decision—Straightens Matters

Contracts for lots in the Kinney Estate, now held by many people of Coos Bay and amounting to between \$30,000 and \$35,000, will be enforced at once, according to a statement this afternoon by Judge Watters. Most of these are situated in Flat F and on Boulevards B, C and F.

A complete copy of Judge Harris' decree was expected this afternoon by Judge Watters, but it failed to arrive. No information has yet been secured regarding the Rust trusteeship of the estate.

Issuance of his decree in the case of H. J. Isaacs et al versus L. D. Kinney et al has been made by Judge L. T. Harris, of Eugene, who has just assumed his new duties on the Supreme Court bench. Under the provisions of the claim of \$56,000 of Hammond and Hoilister, of North Bend, for priority in the estate on the grounds that they were instrumental in bringing the suit were disallowed though they were allowed attorneys fees.

Attorney E. R. Bryson is expected to arrive here in a few days, according to Judge V. E. Watters, receiver for the estate, and the first procedure will be to file all claims against the estate to ascertain the true indebtedness.

The total appraisal was not made public, but prospective purchasers of lots may receive necessary information from Judge Watters. Now that the estate has been straightened out it is possible that much of the property will be put on the market.

C. A. Sehlbrede, representing the Kinney estate, the Belt Line and Rapid Transit Railways and \$20,000 of other claims, was allowed \$400 attorney fees by Judge Harris' decree.

Two young men will perform the part of priests, attending the priestly duties in view of the audience. The sacrifice will be burned and the lamps will be lighted. Little girls will perform the part of the Cherubim over the mercy seat. A young man and young lady will act as king and queen. Evangelist Gregg will deliver his address, describing the Tabernacle and its significance.
