Hard Trip.—According to a Eugene paper, Misses Pearl Reigard, Madge Barry and Lucy Powers, of Marshfield, and Leta Mast and Gretchen Sherwood, of Coquille, had even a more strenuous trip from here back to the University last week than the first accounts indicated. QUINTET WRESTS GAME AT NORWAY

Marshfield Independents' Victory of 26 to 19 is Hard Fought

With a score of 26 to 19 the Marshfield Independents proved victorious over the Norway basketball quintet in a game played there last Saturday evening. The visiting team was royally entertained at the farm home of Mr. and Mrs. C. H. Schroeder, where they stayed Saturday evening.

Having played together in several games this season, the local contingent has developed a fast system of team work and by swamping Miller, center for Norway, managed to hold the lead gained early in the game. There was a good attendance at the game despite the fact that the river was high and many were detained from coming.

The local boys have made arrangements for a game to be played with the Coquille five in the county seat in about two weeks. It is also probable that a return game with Norway will be staged here.

The following was the line-up of the two teams and the baskets secured by each member:

Marshfield—Pos. —Norway Niles ..... Clinton Otis ..... Brown

Forwards, Fisher ..... Miller Center, Buffington ..... Kern Morrow ..... Johnson

Royal Niles, at forward, was star basket man, using his eagle eye for 12 points. Ben Fisher, at center, annexed three more, while Dr. R. W. Morrow, at guard, shot two baskets and three four fouls out of four chances.

F. A. HAINES SEEKS ENGINEER'S BERTH

Name Before Council This Evening—A. B. Gidley Also Candidate

F. A. Haines, after much persuasion by his friends, has appeared in the field as an applicant for the position of City Engineer, and his name will be submitted this evening at the meeting of the city fathers, when the position left vacant by the retirement of D. L. Buckingham will probably be filled.

For 33 years Mr. Haines was an engineer for the Chicago Northwestern Railroad and with the exception of a short strip of line, built practically every mile of that road west of the Missouri River.

Coming West several years ago, Mr. Haines became well known here for his construction work on the Smith-Powers Logging road, having been employed for a year and a half in building that line, and later he worked for a year on the proposed road through to the coast from Roseburg. The major share of his experience has been constructive work.

At the last meeting of the Council Mayor Allen suggested the name of A. B. Gidley, though no selection was made at that time, the finance committee asking for time to consider the matter.

NORTH BEND LIBRARY.

A program is being arranged to be held at the Star Theater for the benefit of the North Bend Public Library, Monday evening, January 18. While the program is not announced in detail, it is known that the best talent on Coos Bay is being brought together for the event.

Professor Gjerdrum will assist with the music and Mr. Fred Shilman, a graduate of the McAllister School oratory, will give a reading. The affair is under the auspices of Mrs. L. C. Reynolds, Mrs. L. J. Simpson and Mrs. Geo. Hazer and promises to be one of the best evenings Coos Bay has ever enjoyed. Popular prices will prevail and the ladies in charge hope to net a nice little sum for the library.

By purchase, the library has added during the past week "Volando" and "The Gentle Knight of Old Bradenburg," both by Chas. Major; "Checkers" by Jean Stratton Porter; "The Lamplighter" and "Rip Van Winkle," E. W. Smith donated Stockton, "The Woman Pays," by Ladd; "The Refugees," by Doyle. A number of magazines were donated by Horace Holmes.

COLUMBIA FLOUR, \$1.75 AT HAINES'

THIS IS A BAD MONTH.

The indoor life of winter, with lack of outdoor exercise, puts a heavy load on the kidneys. Nearly everybody suffers from rheumatism, backache, pain in sides and back, kidney and bladder ailments. A backache may not mean anything serious, but it certainly does not mean anything good. It's better to be on the safe side and take Foley's Kidney Pills to strengthen and invigorate the kidneys and help them do their work. They help rid the blood of acids and poisons. Sold by The Owl Pharmacy.

ANOTHER MAY FACE PERJURY CHARGES

G. T. Treadgold Intimates That John Herron's Testimony Varied in Substance

In intimating that charges of perjury will be preferred against John Herron, G. T. Treadgold, of Bandon, this morning added another phase to the already complicated Treadgold-Coach case.

That John Herron, in the Bandon courts swore that Joe Coach furnished liquor for the Simpson girls, Lolita and Ruby, and thus shifted the blame for his shoulders, only to change his testimony in the Circuit court by there denying that he saw Joe Coach give the girls beer—this is the allegation of G. T. Treadgold this morning at the Chandler Hotel.

"I have very little to say," he said, "for the reason that every time I give my tactics away my opponents manage to head off my defense."

Mr. and Mrs. Treadgold, with their two children, left on the afternoon train for their home in Bandon.
