IT'S HERE AT LAST
It is self starting.
It has no cylinder at all.
It needs no garage.
It needs no skid chains.
It needs no license.

The bicycle is used by war correspondents and soldiers.
Of course, the possession of a bicycle will not make you a war correspondent any more than the possession of a "Tin Lizzie" would make you an automobile owner.
But for a cheap, safe, quick way of going to and from work the **TIMESAVER** bicycle is the only thing most of us can afford.

Reid stated today that he has in prospect a man from out of town who is figuring on leasing the front street building formerly occupied by the Orpheum Theater and to there install several bowling alleys. The man has looked over the location and it is expected that he will close the deal.

Father Dies—Charles Hall, of the telephone company, received the sad news this morning that his father had just died at the old home in Jefferson county, Pennsylvania. Only a few days ago Mr. Hall received a letter that he was well and doing nicely. He was about 70 years of age. Because of the distance, Mr. Hall does not expect to go east.

To Leave Smokehouse—Our Chambers, the general dispenser of the "long and short smoke" at the Smokehouse, expects to leave Thursday. He has been employed there for the past year and has made a host of friends. His place will be taken by Charles Morse. Chambers will move with his family to his dairy farm on Daniels Creek, where he will take up ranching.

Four Dog Poisoners—Dr. Geo. E. Dix has sent his Irish setter, Erin Kilgarr, to the Portland kennel. He intended to keep him here, but the other night a pup in the yard where his dog was kept was poisoned and he feared the same fate would befall his dog. It costs \$7.50 a month to keep the animal in the kennel, but he will be protected against dog poisoners.

"Doe Sisters" Up Tomorrow—Alice Holden and Sadie Hale, the "Doe Sisters," charged in the police court yesterday with selling liquor in their rooms at The Palm, did not appear today, but will be up before Judge Butler tomorrow morning at 10 o'clock. Graves, last evening succeeded in getting them off on their own recognizances.

WOMEN OF THE WORLD.
The Women of Woodcraft and the W. O. W. will hold a joint installation Wednesday evening, January 21. All members are requested to be present. Rejuvenating members are invited. **COMMITTEE.**

Goes to Bandon—Roy Roselle and wife today moved from Empire to Bandon, where Mr. Roselle, who has long been an efficient employe of the government in the harbor work on Coos Bay and the Coquille and who is probably more familiar with the needs and conditions than any one else, will be associated with Claude R. Wright in the jetty construction. They will be stationed there practically all summer.

Clothes and Estates Taken—Sneak thieves continued their operations again last evening, appearing at the D. M. Charleston home on Second street between Carthage and Elrod avenue, where they took food from the back porch. Underwear was taken from the line in the back yard. Miscellaneous robbed the W. S. Nicholson home on North Broadway Saturday evening, getting away with the same sort of plunder as lost at the Charleston home. No trace of the prowlers has been found.

Sportsmen to Meet—Dr. Geo. E. Dix has called a meeting of all the sportsmen of this vicinity to be held at the Chandler Thursday evening. The object is to consider pending legislation, some bills having been introduced to abolish the fish and game commission and devote the funds to the general fund. All the sportsmen who are interested in the protection and propagation of game will be bitterly opposed to it and it will take their combined action to head off the impending legislation, it is said.

"Mary Elizabeth" Shop—Mrs. Mary Elizabeth Dolan and daughter have arrived here from Roseburg and are expecting to open the "Mary Elizabeth" needle craft shop in the room of the Russel building that was formerly occupied by C. They expected to open within the next few days, setting tomorrow as the date, but their goods failed to arrive on time.

"Backshot" Ill—Wm. Creason, long a character around Coos Bay and Coos county logging camps and for years connected with the Bianco Hotel, suffered a stroke of paralysis while at the home of his brother in Oklahoma about two weeks ago. T. Thomas of Allegany has just received a letter saying there is little hope for his recovery. Last fall Mr. Thomas wrote to Creason's brother and the latter, who is quite well to do, wired \$100 to him to send the latter to Oklahoma and he did. Creason was generally known as "Backshot."

Both men were marched off to the jail and this morning appeared before Police Judge Butler to tell their troubles. They both claimed they were drunk at the time and ordinarily would have known better, each received a fine of \$10. For the first time in about four days a drunk appeared in the Police Court. He was John Kimble. The judge levied an assessment of \$5.
